SUBPART 204.12—ANNUAL REPRESENTATIONS AND CERTIFICATIONS
(Revised June 28, 2019)

204.1202 Solicitation provision.

When using the provision at FAR 52.204-8, Annual Representations and Certifications—

(1) Use the provision with 252.204-7007, Alternate A, Annual Representations and Certifications; and

(2) When the provision at FAR 52.204-7, System for Award Management, is included in the solicitation, do not include separately in the solicitation the following provisions, which are included in DFARS 252.204-7007:

(i) 252.209-7002, Disclosure of Ownership or Control by a Foreign Government.

(ii) 252.209-7003, Reserve Officer Training Corps and Military Recruiting on Campus—Representation.

(iii) 252.216-7008, Economic Price Adjustment—Wage Rates or Material Prices Controlled by a Foreign Government—Representation.

(iv) 252.225-7000, Buy American—Balance of Payments Program Certificate.

(v) 252.225-7020, Trade Agreements Certificate.

(vi) 252.225-7031, Secondary Arab Boycott of Israel.

(viii) 252.225-7042, Authorization to Perform.

(ix) 252.225-7049, Prohibition on Acquisition of Certain Foreign Commercial Satellite Services—Representations.

(x) 252.225-7050, Disclosure of Ownership or Control by the Government of a Country that is a State Sponsor of Terrorism.

(xi) 252.229-7012, Tax Exemptions (Italy)—Representation.

(xii) 252.229-7013, Tax Exemptions (Spain)—Representation.

(xiii) 252.247-7022, Representation of Extent of Transportation by Sea.

SUBPART 215.3—SOURCE SELECTION
(Revised June 28, 2019)

215.300 Scope of subpart.
Contracting officers shall follow the principles and procedures in Director, Defense Procurement and Acquisition Policy memorandum dated April 1, 2016, entitled “Department of Defense Source Selection Procedures,” when conducting negotiated, competitive acquisitions utilizing FAR part 15 procedures. See PGI 215.300.

215.303 Responsibilities.

(b)(2) For high-dollar value and other acquisitions, as prescribed by agency procedures, the source selection authority shall approve a source selection plan before the solicitation is issued. Follow the procedures at PGI 215.303(b)(2) for preparation of the source selection plan.

215.304 Evaluation factors and significant subfactors.

(c)(i) In acquisitions that require use of the clause at FAR 52.219-9, Small Business Subcontracting Plan, other than those based on the lowest price technically acceptable source selection process (see FAR 15.101-2), the extent of participation of small businesses to include service-disabled veteran-owned small business concerns, HUBZone small business concerns, small disadvantaged business concerns, and women-owned small business concerns in performance of the contract shall be addressed in source selection. The contracting officer shall evaluate the extent to which offerors identify and commit to small business performance of the contract, whether as a joint venture, teaming arrangement, or subcontractor.

(A) See PGI 215.304(c)(i)(A) for examples of evaluation factors.

(B) Proposals addressing the extent of small business performance shall be separate from subcontracting plans submitted pursuant to the clause at FAR 52.219-9 and shall be structured to allow for consideration of offers from small businesses.

(C) When an evaluation assesses the extent that small businesses are specifically identified in proposals, the small businesses considered in the evaluation shall be listed in any subcontracting plan submitted pursuant to FAR 52.219-9 to facilitate compliance with 252.219-7003(e).

(ii) In accordance with 10 U.S.C. 2436, consider the purchase of capital assets (including machine tools) manufactured in the United States, in source selections for all major defense acquisition programs as defined in 10 U.S.C. 2430.

(iii) See 247.573-2(c) for additional evaluation factors required in solicitations for the direct purchase of ocean transportation services.

(iv) In accordance with section 812 of the National Defense Authorization Act for Fiscal Year 2011, consider the manufacturing readiness and manufacturing-readiness processes of potential contractors and subcontractors as a part of the source selection process for major defense acquisition programs.
(v) Include an evaluation factor regarding supply chain risk (see subpart 239.73) when acquiring information technology, whether as a service or as a supply, that is a covered system, is a part of a covered system, or is in support of a covered system, as defined in 239.7301. For additional guidance see PGI 215.304(c)(v).

See DoD Class Deviation 2013-O0018, Past Performance Evaluation Thresholds and Reporting Requirements, issued on September 24, 2013, which updates the DoD thresholds for evaluating a contractor’s past performance in source selections for competitive acquisitions. This deviation is in effect until incorporated into the DFARS or otherwise rescinded.

215.305 Proposal evaluation.

(a)(2) Past performance evaluation.

(A) When a past performance evaluation is required by FAR 15.304, and the solicitation includes the clause at FAR 52.219-8, Utilization of Small Business Concerns, the evaluation factors shall include the past performance of offerors in complying with requirements of that clause. When a past performance evaluation is required by FAR 15.304, and the solicitation includes the clause at FAR 52.219-9, Small Business Subcontracting Plan, the evaluation factors shall include the past performance of offerors in complying with requirements of that clause.

(B) Contracting officers shall consider an offeror’s failure to make a good faith effort to comply with its comprehensive subcontracting plan under the Test Program described at 219.702-70 as part of the evaluation of the past performance.

215.306 Exchanges with offerors after receipt of proposals.

(c) Competitive range.

(1) For acquisitions with an estimated value of $100 million or more, contracting officers should conduct discussions. Follow the procedures at FAR 15.306 (c) and (d).

215.370 Evaluation factor for employing or subcontracting with members of the Selected Reserve.

215.370-1 Definition.
“Selected Reserve,” as used in this section, is defined in the provision at 252.215-7005, Evaluation Factor for Employing or Subcontracting with Members of the Selected Reserve.

In accordance with Section 819 of the National Defense Authorization Act for Fiscal Year 2006 (Pub. L. 109-163), the contracting officer may use an evaluation factor that considers whether an offeror intends to perform the contract using employees or individual subcontractors who are members of the Selected Reserve. See PGI 215.370-2 for guidance on use of this evaluation factor.
215.370-3 Solicitation provision and contract clause.

(a) Use the provision at 252.215-7005, Evaluation Factor for Employing or Subcontracting with Members of the Selected Reserve, in solicitations that include an evaluation factor considering whether an offeror intends to perform the contract using employees or individual subcontractors who are members of the Selected Reserve.

(b) Use the clause at 252.215-7006, Use of Employees or Individual Subcontractors Who are Members of the Selected Reserve, in solicitations that include the provision at 252.215-7005. Include the clause in the resultant contract only if the contractor stated in its proposal that it intends to perform the contract using employees or individual subcontractors who are members of the Selected Reserve, and that statement was used as an evaluation factor in the award decision.

215.371 Only one offer.

215.371-1 Policy.
It is DoD policy, if only one offer is received in response to a competitive solicitation—

(a) To take the required actions to promote competition (see 215.371-2); and

(b) To ensure that the price is fair and reasonable (see 215.371-3) and to comply with the statutory requirement for certified cost or pricing data (see FAR 15.403-4).

215.371-2 Promote competition.
Except as provided in sections 215.371-4 and 215.371-5—

(a) If only one offer is received when competitive procedures were used and the solicitation allowed fewer than 30 days for receipt of proposals, the contracting officer shall—

(1) Consult with the requiring activity as to whether the requirements document should be revised in order to promote more competition (see FAR 6.502(b) and 11.002); and

(2) Resolicit, allowing an additional period of at least 30 days for receipt of proposals; and

(b) For competitive solicitations in which more than one potential offeror expressed an interest in an acquisition, but only one offer was ultimately received, follow the procedures at PGI 215.371-2.

215.371-3 Fair and reasonable price and the requirement for additional cost or pricing data.
For acquisitions that exceed the simplified acquisition threshold, if only one offer is received when competitive procedures were used and it is not necessary to resolicit in accordance with 215.371-2(a), then the contracting officer shall comply with the following:

(a) If no additional cost or pricing data are required to determine through cost or price analysis that the offered price is fair and reasonable, the contracting officer shall require that any cost or pricing data provided in the proposal be certified if the
acquisition exceeds the certified cost or pricing data threshold and an exception to the requirement for certified cost or pricing data at FAR 15.403-1(b)(2) through (5) does not apply.

(b) Otherwise, the contracting officer shall obtain additional cost or pricing data to determine a fair and reasonable price. If the acquisition exceeds the certified cost or pricing data threshold and an exception to the requirement for certified cost or pricing data at FAR 15.403-1(b)(2) through (5) does not apply, the cost or pricing data shall be certified.

(c) If the contracting officer is still unable to determine that the offered price is fair and reasonable, the contracting officer shall enter into negotiations with the offeror to establish a fair and reasonable price. The negotiated price should not exceed the offered price.

(d) If the contracting officer is unable to negotiate a fair and reasonable price, see FAR 15.405(d).

215.371-4 Exceptions.

(a) The requirements at sections 215.371-2 do not apply to—

(1) Acquisitions at or below the simplified acquisition threshold;

(2) Acquisitions, as determined by the head of the contracting activity, in support of contingency or humanitarian or peacekeeping operations; to facilitate defense against or recovery from cyber, nuclear, biological, chemical, or radiological attack; to facilitate the provision of international disaster assistance; or to support response to an emergency or major disaster;

(3) Small business set-asides under FAR subpart 19.5, set asides offered and accepted into the 8(a) Program under FAR subpart 19.8, or set-asides under the HUBZone Program (see FAR 19.1305(c)), the Service-Disabled Veteran-Owned Small Business Procurement Program (see FAR 19.1405(c)), or the Women-Owned Small Business Program (see FAR 19.1505(d));

(4) Acquisitions of science and technology, as specified in 235.016(a); or

(5) Acquisitions of architect-engineer services (see FAR 36.601-2).

(b) The applicability of an exception in paragraph (a) of this section does not eliminate the need for the contracting officer to seek maximum practicable competition and to ensure that the price is fair and reasonable.

215.371-5 Waiver.

(a) The head of the contracting activity is authorized to waive the requirement at 215.371-2 to resolicit for an additional period of at least 30 days.

(b) This waiver authority cannot be delegated below one level above the contracting officer.
215.371-6 Solicitation provision.
Use the provision at 252.215-7007, Notice of Intent to Resolicit, in competitive solicitations, including solicitations using FAR part 12 procedures for the acquisition of commercial items, that will be solicited for fewer than 30 days, unless an exception at 215.371-4 applies or the requirement is waived in accordance with 215.371-5.
SUBPART 215.4—CONTRACT PRICING
(Revised June 28, 2019)

215.401 Definitions.

As used in this subpart—

“Market prices” means current prices that are established in the course of ordinary trade between buyers and sellers free to bargain and that can be substantiated through competition or from sources independent of the offerors.

“Relevant sales data” means information on sales of the same or similar items that can be used to establish price reasonableness taking into consideration the age, volume, and nature of the transactions (including any related discounts, refunds, rebates, offsets or other adjustments).

215.402 Pricing policy.

(A) The contracting officer is responsible for determining if the information provided by the offeror is sufficient to determine price reasonableness. This responsibility includes determining whether information on the prices at which the same or similar items have previously been sold is adequate for evaluating the reasonableness of price, and determining the extent of uncertified cost data that should be required in cases in which price information is not adequate;

(B) The contracting officer shall not limit the Government’s ability to obtain information that may be necessary to support a determination of fair and reasonable pricing by agreeing to contract terms that preclude obtaining necessary supporting information; and

(C) When obtaining uncertified cost data, the contracting officer shall require the offeror to provide the information in the form in which it is regularly maintained in the offeror’s business operations.

(ii) Follow the procedures at PGI 215.403 when conducting cost or price analysis, particularly with regard to acquisitions for sole source commercial items.

215.403 Obtaining certified cost or pricing data.

(b) Exceptions to certified cost or pricing data requirements.

(i) Follow the procedures at PGI 215.403-1(b).
(ii) Submission of certified cost or pricing data shall not be required in the case of a contract, subcontract, or modification of a contract or subcontract to the extent such data relates to an indirect offset.

(c) Standards for exceptions from certified cost or pricing data requirements.

(1) Adequate price competition.

   (A) For acquisitions under dual or multiple source programs—

      (1) The determination of adequate price competition must be made on a case-by-case basis. Even when adequate price competition exists, in certain cases it may be appropriate to obtain additional data to assist in price analysis; and

      (2) Adequate price competition normally exists when—

          (i) Prices are solicited across a full range of step quantities, normally including a 0-100 percent split, from at least two offerors that are individually capable of producing the full quantity; and

          (ii) The reasonableness of all prices awarded is clearly established on the basis of price analysis (see FAR 15.404-1(b)).

   (B) If only one offer is received in response to a competitive solicitation, see 215.371-3.

(3) Commercial items.

   (A) Follow the procedures at PGI 215.403-1(c)(3)(A) for pricing commercial items.

   (B) By November 30th of each year, departments and agencies shall provide a report to the Director, Defense Procurement and Acquisition Policy (DPAP), ATTN: DPAP/CPIC, of all contracting officer determinations that commercial item exceptions apply under FAR 15.403-1(b)(3), during the previous fiscal year, for any contract, subcontract, or modification expected to have a value of $19.5 million or more. See PGI 215.403-1(c)(3)(B) for the format and guidance for the report. The Director, DPAP, will submit a consolidated report to the congressional defense committees.

   (C) When applying the commercial item exception under FAR 15.403-1(b)(3), see 212.102(a)(ii) regarding prior commercial item determinations.

(4) Waivers.

   (A) The head of the contracting activity may, without power of delegation, apply the exceptional circumstances authority when a determination is made that—

      (1) The property or services cannot reasonably be obtained under the contract, subcontract, or modification, without the granting of the waiver;

      (2) The price can be determined to be fair and reasonable without the submission of certified cost or pricing data; and
(3) There are demonstrated benefits to granting the waiver. Follow the procedures at PGI 215.403-1(c)(4)(A) for determining when an exceptional case waiver is appropriate, for approval of such waivers, for partial waivers, and for waivers applicable to unpriced supplies or services.

(B) By November 30th of each year, departments and agencies shall provide a report to the Director, DPAP, ATTN: DPAP/CPIC, of all waivers granted under FAR 15.403-1(b)(4), during the previous fiscal year, for any contract, subcontract, or modification expected to have a value of $19.5 million or more. See PGI 215.403-1(c)(4)(B) for the format and guidance for the report. The Director, DPAP, will submit a consolidated report to the congressional defense committees.

(C) DoD has waived the requirement for submission of certified cost or pricing data for the Canadian Commercial Corporation and its subcontractors (but see 215.408(3) and 225.870-4(c)).

(D) DoD has waived certified cost or pricing data requirements for nonprofit organizations (including educational institutions) on cost-reimbursement-no-fee contracts. The contracting officer shall require—

(1) Submission of data other than certified cost or pricing data to the extent necessary to determine price reasonableness and cost realism; and

(2) Certified cost or pricing data from subcontractors that are not nonprofit organizations when the subcontractor’s proposal exceeds the certified cost or pricing data threshold at FAR 15.403-4(a)(1).

215.403-3 Requiring data other than certified cost or pricing data.
Follow the procedures at PGI 215.403-3.

215.403-5 Instructions for submission of certified cost or pricing data and data other than certified cost or pricing data.

(b)(3) For contractors following the contract cost principles in FAR subpart 31.2, Contracts With Commercial Organizations, pursuant to the procedures in FAR 42.1701(b), the administrative contracting officer shall require contractors to comply with the submission items in Table 215.403-1 in order to ensure that their forward pricing rate proposal is submitted in an acceptable form in accordance with FAR 15.403-5(b)(3). The contracting officer should request that the proposal be submitted to the Government at least 90 days prior to the proposed effective date of the rates. To ensure the proposal is complete, the contracting officer shall request that the contractor complete the Contractor Forward Pricing Rate Proposal Adequacy Checklist at Table 215.403-1, and submit it with the forward pricing rate proposal.

Table 215.403-1 – Contractor Forward Pricing Rate Proposal Adequacy Checklist

Complete the following checklist, providing the location of requested information, or an explanation of why the requested information is not provided, and submit it with the forward pricing rate proposal.

### 215.404 Proposal analysis.

#### 215.404-1 Proposal analysis techniques.

(a) General.

(i) Follow the procedures at **PGI 215.404-1** for proposal analysis.

(ii) For spare parts or support equipment, perform an analysis of—

   (A) Those line items where the proposed price exceeds by 25 percent or more the lowest price the Government has paid within the most recent 12-month period based on reasonably available data;

   (B) Those line items where a comparison of the item description and the proposed price indicates a potential for overpricing;

   (C) Significant high-dollar-value items. If there are no obvious high-dollar-value items, include an analysis of a random sample of items; and
(D) A random sample of the remaining low-dollar value items. Sample size may be determined by subjective judgment, e.g., experience with the offeror and the reliability of its estimating and accounting systems.

(b) Price analysis for commercial and noncommercial items.

(i) In the absence of adequate price competition in response to the solicitation, pricing based on market prices is the preferred method to establish a fair and reasonable price (see PGI 215.404-1(b)(i)).

(ii) If the contracting officer determines that the information obtained through market research is insufficient to determine the reasonableness of price, the contracting officer shall consider information submitted by the offeror of recent purchase prices paid by the Government and commercial customers for the same or similar commercial items under comparable terms and conditions in establishing price reasonableness on a subsequent purchase if the contracting officer is satisfied that the prices previously paid remain a valid reference for comparison. The contracting officer shall consider the totality of other relevant factors such as the time elapsed since the prior purchase and any differences in the quantities purchased (section 853 of the National Defense Authorization Act for Fiscal Year 2016 (Pub. L. 114-92)).

(iii) If the contracting officer determines that the offeror cannot provide sufficient information as described in paragraph (b)(ii) of this section to determine the reasonableness of price, the contracting officer should request the offeror to submit information on—

(A) Prices paid for the same or similar items sold under different terms and conditions;

(B) Prices paid for similar levels of work or effort on related products or services;

(C) Prices paid for alternative solutions or approaches; and

(D) Other relevant information that can serve as the basis for determining the reasonableness of price.

(iv) If the contracting officer determines that the pricing information submitted is not sufficient to determine the reasonableness of price, the contracting officer shall request other relevant information, to include cost data. However, no cost data may be required in any case in which there are sufficient non-Government sales of the same item to establish reasonableness of price (section 831 of the National Defense Authorization Act for Fiscal Year 2013 (Pub. L. 112-239)).

(v) When evaluating pricing data, the contracting officer shall consider materially differing terms and conditions, quantities, and market and economic factors. For similar items, the contracting officer shall also consider material differences between the similar item and the item being procured (see FAR 15.404-1(b)(2)(ii)(B) and PGI 215.404-1(b)(v)). Material differences are those that could reasonably be expected to influence the contracting officer’s determination of price reasonableness. The contracting officer shall consider the following factors when evaluating the relevance of the information available:
(A) Market prices.

(B) Age of data.

(1) Whether data is too old to be relevant depends on the industry (e.g., rapidly evolving technologies), product maturity (e.g., stable), economic factors (e.g., new sellers in the marketplace), and various other considerations.

(2) A pending sale may be relevant if, in the judgement of the contracting officer, it is probable at the anticipated price, and the sale could reasonably be expected to materially influence the contracting officer’s determination of price reasonableness. The contracting officer may consult with the cognizant administrative contracting officers (ACOs) as they may have information about pending sales.

(C) Volume and completeness of transaction data. Data must include a sufficient number of transactions to represent the range of relevant sales to all types of customers. The data must also include key information, such as date, quantity sold, part number, part nomenclature, sales price, and customer. If the number of transactions is insufficient or the data is incomplete, the contracting officer shall request additional sales data to evaluate price reasonableness. If the contractor cannot provide sufficient sales data, the contracting officer shall request other relevant information.

(D) Nature of transactions. The nature of a sales transaction includes the information necessary to understand the transaction, such as terms and conditions, date, quantity sold, sale price, unique requirements, the type of customer (government, distributor, retail end-user, etc.), and related agreements. It also includes warranties, key product technical specifications, maintenance agreements, and preferred customer rewards.

(vi) The contracting officer shall consider catalog prices to be reliable when they are regularly maintained and supported by relevant sales data (including any related discounts, refunds, rebates, offsets, or other adjustments). The contracting officer may request that the offeror support differences between the proposed price(s), catalog price(s), and relevant sales data.

(vii) The contracting officer may consult with the DoD cadre of experts who are available to provide expert advice to the acquisition workforce in assisting with commercial item and price reasonableness determinations. The DoD cadre of experts is identified at PGI 215.404-1(b)(vii).

215.404-2 Data to support proposal analysis. See PGI 215.404-2 for guidance on obtaining field pricing or audit assistance.

215.404-3 Subcontract pricing considerations. Follow the procedures at PGI 215.404-3 when reviewing a subcontractor’s proposal.

215.404-4 Profit.

(b) Policy.
(1) Contracting officers shall use a structured approach for developing a prenegotiation profit or fee objective on any negotiated contract action when certified cost or pricing data is obtained, except for cost-plus-award-fee contracts (see 215.404-74, 216.405-2, and FAR 16.405-2) or contracts with Federally Funded Research and Development Centers (FFRDCs) (see 215.404-75). There are three structured approaches—

   (A) The weighted guidelines method;

   (B) The modified weighted guidelines method; and

   (C) An alternate structured approach.

(c) Contracting officer responsibilities.

   (1) Also, do not perform a profit analysis when assessing cost realism in competitive acquisitions.

   (2) When using a structured approach, the contracting officer—

     (A) Shall use the weighted guidelines method (see 215.404-71), except as provided in paragraphs (c)(2)(B) and (c)(2)(C) of this subsection.

     (B) Shall use the modified weighted guidelines method (see 215.404-72) on contract actions with nonprofit organizations other than FFRDCs.

     (C) May use an alternate structured approach (see 215.404-73) when—

       (1) The contract action is—

           (i) At or below the certified cost or pricing data threshold (see FAR 15.403-4(a)(1));

           (ii) For architect-engineer or construction work;

           (iii) Primarily for delivery of material from subcontractors; or

           (iv) A termination settlement; or

       (2) The weighted guidelines method does not produce a reasonable overall profit objective and the head of the contracting activity approves use of the alternate approach in writing.

     (D) Shall use the weighted guidelines method to establish a basic profit rate under a formula-type pricing agreement, and may then use the basic rate on all actions under the agreement, provided that conditions affecting profit do not change.

     (E) Shall document the profit analysis in the contract file.

   (5) Although specific agreement on the applied weights or values for individual profit factors shall not be attempted, the contracting officer may encourage the contractor to—
(A) Present the details of its proposed profit amounts in the weighted guidelines format or similar structured approach; and

(B) Use the weighted guidelines method in developing profit objectives for negotiated subcontracts.

(6) The contracting officer must also verify that relevant variables have not materially changed (e.g., performance risk, interest rates, progress payment rates, distribution of facilities capital).

(d) Profit-analysis factors.

(1) Common factors. The common factors are embodied in the DoD structured approaches and need not be further considered by the contracting officer.

215.404-70 DD Form 1547, Record of Weighted Guidelines Method Application.
Follow the procedures at PGI 215.404-70 for use of DD Form 1547 whenever a structured approach to profit analysis is required.

215.404-71 Weighted guidelines method.

215.404-71-1 General.

(a) The weighted guidelines method focuses on four profit factors—

(1) Performance risk;

(2) Contract type risk;

(3) Facilities capital employed; and

(4) Cost efficiency.

(b) The contracting officer assigns values to each profit factor; the value multiplied by the base results in the profit objective for that factor. Except for the cost efficiency special factor, each profit factor has a normal value and a designated range of values. The normal value is representative of average conditions on the prospective contract when compared to all goods and services acquired by DoD. The designated range provides values based on above normal or below normal conditions. In the price negotiation documentation, the contracting officer need not explain assignment of the normal value, but should address conditions that justify assignment of other than the normal value. The cost efficiency special factor has no normal value. The contracting officer shall exercise sound business judgment in selecting a value when this special factor is used (see 215.404-71-5).

215.404-71-2 Performance risk.

(a) Description. This profit factor addresses the contractor's degree of risk in fulfilling the contract requirements. The factor consists of two parts:
(1) Technical—the technical uncertainties of performance.

(2) Management/cost control—the degree of management effort necessary—

(i) To ensure that contract requirements are met; and

(ii) To reduce and control costs.

(b) Determination. The following extract from the DD Form 1547 is annotated to describe the process.

(1) Assign a weight (percentage) to each element according to its input to the total performance risk. The total of the two weights equals 100 percent.

</tbody>
</table>

(1) Standard. The standard designated range should apply to most contracts.
Defense Federal Acquisition Regulation Supplement

Part 215—Contracting By Negotiation

(2) Technology incentive. For the technical factor only, contracting officers may use the technology incentive range for acquisitions that include development, production, or application of innovative new technologies. The technology incentive range does not apply to efforts restricted to studies, analyses, or demonstrations that have a technical report as their primary deliverable.

(d) Evaluation criteria for technical.

(1) Review the contract requirements and focus on the critical performance elements in the statement of work or specifications. Factors to consider include—

(i) Technology being applied or developed by the contractor;
(ii) Technical complexity;
(iii) Program maturity;
(iv) Performance specifications and tolerances;
(v) Delivery schedule; and
(vi) Extent of a warranty or guarantee.

(2) Above normal conditions.

(i) The contracting officer may assign a higher than normal value in those cases where there is a substantial technical risk. Indicators are—

(A) Items are being manufactured using specifications with stringent tolerance limits;
(B) The efforts require highly skilled personnel or require the use of state-of-the-art machinery;
(C) The services and analytical efforts are extremely important to the Government and must be performed to exacting standards;
(D) The contractor's independent development and investment has reduced the Government's risk or cost;
(E) The contractor has accepted an accelerated delivery schedule to meet DoD requirements; or
(F) The contractor has assumed additional risk through warranty provisions.

(ii) Extremely complex, vital efforts to overcome difficult technical obstacles that require personnel with exceptional abilities, experience, and professional credentials may justify a value significantly above normal.

(iii) The following may justify a maximum value—
(A) Development or initial production of a new item, particularly if performance or quality specifications are tight; or

(B) A high degree of development or production concurrency.

(3) Below normal conditions.

(i) The contracting officer may assign a lower than normal value in those cases where the technical risk is low. Indicators are—

(A) Requirements are relatively simple;

(B) Technology is not complex;

(C) Efforts do not require highly skilled personnel;

(D) Efforts are routine;

(E) Programs are mature; or

(F) Acquisition is a follow-on effort or a repetitive type acquisition.

(ii) The contracting officer may assign a value significantly below normal for—

(A) Routine services;

(B) Production of simple items;

(C) Rote entry or routine integration of Government-furnished information; or

(D) Simple operations with Government-furnished property.

(4) Technology incentive range.

(i) The contracting officer may assign values within the technology incentive range when contract performance includes the introduction of new, significant technological innovation. Use the technology incentive range only for the most innovative contract efforts. Innovation may be in the form of—

(A) Development or application of new technology that fundamentally changes the characteristics of an existing product or system and that results in increased technical performance, improved reliability, or reduced costs; or

(B) New products or systems that contain significant technological advances over the products or systems they are replacing.

(ii) When selecting a value within the technology incentive range, the contracting officer should consider the relative value of the proposed innovation to the acquisition as a whole. When the innovation represents a minor benefit, the contracting officer should consider using values less than the norm. For innovative efforts that will
have a major positive impact on the product or program, the contracting officer may use values above the norm.

(e) Evaluation criteria for management/cost control.

(1) The contracting officer should evaluate—

(i) The contractor's management and internal control systems using contracting office data, information and reviews made by field contract administration offices or other DoD field offices;

(ii) The management involvement expected on the prospective contract action;

(iii) The degree of cost mix as an indication of the types of resources applied and value added by the contractor;

(iv) The contractor's support of Federal socioeconomic programs;

(v) The expected reliability of the contractor's cost estimates (including the contractor's cost estimating system);

(vi) The adequacy of the contractor's management approach to controlling cost and schedule; and

(vii) Any other factors that affect the contractor's ability to meet the cost targets (e.g., foreign currency exchange rates and inflation rates).

(2) Above normal conditions.

(i) The contracting officer may assign a higher than normal value when there is a high degree of management effort. Indicators of this are—

(A) The contractor's value added is both considerable and reasonably difficult;

(B) The effort involves a high degree of integration or coordination;

(C) The contractor has a good record of past performance;

(D) The contractor has a substantial record of active participation in Federal socioeconomic programs;

(E) The contractor provides fully documented and reliable cost estimates;

(F) The contractor makes appropriate make-or-buy decisions; or

(G) The contractor has a proven record of cost tracking and control.

(ii) The contracting officer may justify a maximum value when the effort—
Defense Federal Acquisition Regulation Supplement

Part 215—Contracting By Negotiation

(A) Requires large scale integration of the most complex nature;

(B) Involves major international activities with significant management coordination (e.g., offsets with foreign vendors); or

(C) Has critically important milestones.

(iii) If the contractor demonstrates efficient management and cost control through the submittal of a timely, qualifying proposal (as defined in 217.7401(c)) in furtherance of definitization of an undefinitized contract action, and the proposal demonstrates effective cost control from the time of award to the present, the contracting officer may add 1 percentage point to the value determined for management/cost control up to the maximum of 7 percent.

(3) Below normal conditions.

(i) The contracting officer may assign a lower than normal value when the management effort is minimal. Indicators of this are—

(A) The program is mature and many end item deliveries have been made;

(B) The contractor adds minimal value to an item;

(C) The efforts are routine and require minimal supervision;

(D) The contractor provides poor quality, untimely proposals;

(E) The contractor fails to provide an adequate analysis of subcontractor costs;

(F) The contractor does not cooperate in the evaluation and negotiation of the proposal;

(G) The contractor's cost estimating system is marginal;

(H) The contractor has made minimal effort to initiate cost reduction programs;

(I) The contractor's cost proposal is inadequate;

(J) The contractor has a record of cost overruns or another indication of unreliable cost estimates and lack of cost control; or

(K) The contractor has a poor record of past performance.

(ii) The following may justify a value significantly below normal—

(A) Reviews performed by the field contract administration offices disclose unsatisfactory management and internal control systems (e.g., quality assurance, property control, safety, security); or
(B) The effort requires an unusually low degree of management involvement.

215.404-71-3 Contract type risk and working capital adjustment.

(a) Description. The contract type risk factor focuses on the degree of cost risk accepted by the contractor under varying contract types. The working capital adjustment is an adjustment added to the profit objective for contract type risk. It only applies to fixed-price contracts that provide for progress payments. Though it uses a formula approach, it is not intended to be an exact calculation of the cost of working capital. Its purpose is to give general recognition to the contractor's cost of working capital under varying contract circumstances, financing policies, and the economic environment.

(b) Determination. The following extract from the DD 1547 is annotated to explain the process.

(1) Select a value from the list of contract types in paragraph (c) of this section using the evaluation criteria in paragraph (d) of this section. See paragraph (d)(2) of this section.

(2)(i) Insert the amount of costs incurred as of the date the contractor submits a qualifying proposal, such as under an undefinitized contract action (excluding facilities capital cost of money) into the Block 24a column titled Base.

(ii) Insert the amount of Government estimated cost to complete (excluding facilities capital cost of money) into the Block 24b column titled Base.

(3) Multiply (1) by (2)(i) and (2)(ii), respectively for blocks 24a and 24b. Add Blocks 24a and 24b and insert the totals in Block 24c.
(4) Only complete this block when the prospective contract is a fixed-price contract containing provisions for progress payments.

(5) Insert the amount computed per paragraph (e) of this subsection.

(6) Insert the appropriate figure from paragraph (f) of this subsection.

(7) Use the interest rate established by the Secretary of the Treasury (see http://www.treasurydirect.gov/govt/rates/tcir/tcir_opdirsemi.htm). Do not use any other interest rate.

(8) Multiply (5) by (6) by (7). This is the working capital adjustment. It shall not exceed 4 percent of the contract costs in Block 20.

(1) “No financing” means either that the contract does not provide progress payments or performance-based payments, or that the contract provides them only on a limited basis, such as financing of first articles. Do not compute a working capital adjustment.

(2) When the contract contains provisions for progress payments, compute a working capital adjustment (Block 25).
(3) For the purposes of assigning profit values, treat a fixed-price contract with redetermination provisions as if it were a fixed-price incentive contract with below normal conditions.

(4) Cost-plus contracts shall not receive the working capital adjustment.

(5) These types of contracts are considered cost-plus-fixed-fee contracts for the purposes of assigning profit values. They shall not receive the working capital adjustment in Block 25. However, they may receive higher than normal values within the designated range to the extent that portions of cost are fixed.

(6) When the contract contains provisions for performance-based payments, do not compute a working capital adjustment.

(d) Evaluation criteria.

(1) General. The contracting officer should consider elements that affect contract type risk such as—

(i) Length of contract;

(ii) Adequacy of cost data for projections;

(iii) Economic environment;

(iv) Nature and extent of subcontracted activity;

(v) Protection provided to the contractor under contract provisions (e.g., economic price adjustment clauses);

(vi) The ceilings and share lines contained in incentive provisions;

(vii) Risks associated with contracts for foreign military sales (FMS) that are not funded by U.S. appropriations; and

(viii) When the contract contains provisions for performance-based payments—

(A) The frequency of payments;

(B) The total amount of payments compared to the maximum allowable amount specified at FAR 32.1004(b)(2); and

(C) The risk of the payment schedule to the contractor.

(2) Mandatory.

(i) The contracting officer shall assess the extent to which costs have been incurred prior to definitization of the contract action (also see 217.7404-6(a) and 243.204-70-6). When costs have been incurred prior to definitization, generally regard the contract type risk to be in the low end of the designated range. If a substantial portion of the costs have been incurred prior to definitization, the contracting officer
may assign a value as low as 0 percent, regardless of contract type.

(ii) Contracting officers shall document in the price negotiation memorandum the reason for assigning a specific contract type risk value, to include the extent to which any reduced cost risk during the undefinitized period of performance was considered, in determining the negotiation objective.

(3) **Above normal conditions.** The contracting officer may assign a higher than normal value when there is substantial contract type risk. Indicators of this are—

(i) Efforts where there is minimal cost history;

(ii) Long-term contracts without provisions protecting the contractor, particularly when there is considerable economic uncertainty;

(iii) Incentive provisions (e.g., cost and performance incentives) that place a high degree of risk on the contractor;

(iv) FMS sales (other than those under DoD cooperative logistics support arrangements or those made from U.S. Government inventories or stocks) where the contractor can demonstrate that there are substantial risks above those normally present in DoD contracts for similar items; or

(v) An aggressive performance-based payment schedule that increases risk.

(4) **Below normal conditions.** The contracting officer may assign a lower than normal value when the contract type risk is low. Indicators of this are—

(i) Very mature product line with extensive cost history;

(ii) Relatively short-term contracts;

(iii) Contractual provisions that substantially reduce the contractor's risk;

(iv) Incentive provisions that place a low degree of risk on the contractor;

(v) Performance-based payments totaling the maximum allowable amount(s) specified at FAR 32.1004(b)(2); or

(vi) A performance-based payment schedule that is routine with minimal risk.

(e) **Costs financed.**

(1) Costs financed equal total costs multiplied by the portion (percent) of costs financed by the contractor.

(2) Total costs equal Block 20 (i.e., all allowable costs excluding facilities capital cost of money), reduced as appropriate when—

(i) The contractor has little cash investment (e.g., subcontractor progress payments liquidated late in period of performance);
(ii) Some costs are covered by special financing provisions, such as advance payments; or

(iii) The contract is multiyear and there are special funding arrangements.

(3) The portion that the contractor finances is generally the portion not covered by progress payments, i.e., 100 percent minus the customary progress payment rate (see FAR 32.501). For example, if a contractor receives progress payments at 80 percent, the portion that the contractor finances is 20 percent. On contracts that provide progress payments to small businesses, use the customary progress payment rate for large businesses.

(f) Contract length factor.

(1) This is the period of time that the contractor has a working capital investment in the contract. It—

(i) Is based on the time necessary for the contractor to complete the substantive portion of the work;

(ii) Is not necessarily the period of time between contract award and final delivery (or final payment), as periods of minimal effort should be excluded;

(iii) Should not include periods of performance contained in option provisions; and

(iv) Should not, for multiyear contracts, include periods of performance beyond that required to complete the initial program year's requirements.

(2) The contracting officer—

(i) Should use the following table to select the contract length factor;

(ii) Should develop a weighted average contract length when the contract has multiple deliveries; and

(iii) May use sampling techniques provided they produce a representative result.
(3) Example: A prospective contract has a performance period of 40 months with end items being delivered in the 34th, 36th, 38th, and 40th months of the contract. The average period is 37 months and the contract length factor is 1.15.

215.404-71-4 Facilities capital employed.

(a) Description. This factor focuses on encouraging and rewarding capital investment in facilities that benefit DoD. It recognizes both the facilities capital that the contractor will employ in contract performance and the contractor's commitment to improving productivity.

(b) Contract facilities capital estimates. The contracting officer shall estimate the facilities capital cost of money and capital employed using—

(1) An analysis of the appropriate Forms CASB-CMF and cost of money factors (48 CFR 9904.414 and FAR 31.205-10); and

(2) DD Form 1861, Contract Facilities Capital Cost of Money.

(c) Use of DD Form 1861. See PGI 215.404-71-4(c) for obtaining field pricing support for preparing DD Form 1861.

(1) Purpose. The DD Form 1861 provides a means of linking the Form CASB-CMF and DD Form 1547, Record of Weighted Guidelines Application. It—

(i) Enables the contracting officer to differentiate profit objectives for various types of assets (land, buildings, equipment). The procedure is similar to applying overhead rates to appropriate overhead allocation bases to determine contract overhead costs.

(ii) Is designed to record and compute the contract facilities capital cost of money and capital employed which is carried forward to DD Form 1547.

(2) Completion instructions. Complete a DD Form 1861 only after evaluating the contractor's cost proposal, establishing cost of money factors, and establishing a prenegotiation objective on cost. Complete the form as follows:
(i) List overhead pools and direct-charging service centers (if used) in the same structure as they appear on the contractor's cost proposal and Form CASB-CMF. The structure and allocation base units-of-measure must be compatible on all three displays.

(ii) Extract appropriate contract overhead allocation base data, by year, from the evaluated cost breakdown or prenegotiation cost objective and list against each overhead pool and direct-charging service center.

(iii) Multiply each allocation base by its corresponding cost of money factor to get the facilities capital cost of money estimated to be incurred each year. The sum of these products represents the estimated contract facilities capital cost of money for the year's effort.

(iv) Total contract facilities cost of money is the sum of the yearly amounts.

(v) Since the facilities capital cost of money factors reflect the applicable cost of money rate in Column 1 of Form CASB-CMF, divide the contract cost of money by that same rate to determine the contract facilities capital employed.

(d) Preaward facilities capital applications. To establish cost and price objectives, apply the facilities capital cost of money and capital employed as follows:

(1) Cost of Money.

(i) Cost Objective. Use the imputed facilities capital cost of money, with normal, booked costs, to establish a cost objective or the target cost when structuring an incentive type contract. Do not adjust target costs established at the outset even though actual cost of money rates become available during the period of contract performance.

(ii) Profit Objective. When measuring the contractor's effort for the purpose of establishing a prenegotiation profit objective, restrict the cost base to normal, booked costs. Do not include cost of money as part of the cost base.

(2) Facilities Capital Employed. Assess and weight the profit objective for risk associated with facilities capital employed in accordance with the profit guidelines at 215.404-71-4.

(e) Determination. The following extract from the DD Form 1547 has been annotated to explain the process.

(1) Select a value from the list in paragraph (f) of this subsection using the evaluation criteria in paragraph (g) of this subsection.
(2) Use the allocated facilities capital attributable to land, buildings, and equipment, as derived in DD Form 1861, Contract Facilities Capital Cost of Money.

(i) In addition to the net book value of facilities capital employed, consider facilities capital that is part of a formal investment plan if the contractor submits reasonable evidence that—

(A) Achievable benefits to DoD will result from the investment; and

(B) The benefits of the investment are included in the forward pricing structure.

(ii) If the value of intracompany transfers has been included in Block 20 at cost (i.e., excluding general and administrative (G&A) expenses and profit), add to the contractor's allocated facilities capital, the allocated facilities capital attributable to the buildings and equipment of those corporate divisions supplying the intracompany transfers. Do not make this addition if the value of intracompany transfers has been included in Block 20 at price (i.e., including G&A expenses and profit).

(3) Multiply (1) by (2).

(g) Evaluation criteria.

(1) In evaluating facilities capital employed, the contracting officer—

(i) Should relate the usefulness of the facilities capital to the goods or services being acquired under the prospective contract;

(ii) Should analyze the productivity improvements and other anticipated industrial base enhancing benefits resulting from the facilities capital investment, including—

(A) The economic value of the facilities capital, such as physical age, undepreciated value, idleness, and expected contribution to future defense needs; and

(B) The contractor's level of investment in defense related facilities as compared with the portion of the contractor's total business that is derived from DoD; and

(iii) Should consider any contractual provisions that reduce the contractor's risk of investment recovery, such as termination protection clauses and capital investment indemnification.
(2) **Above normal conditions.**

(i) The contracting officer may assign a higher than normal value if the facilities capital investment has direct, identifiable, and exceptional benefits. Indicators are—

(A) New investments in state-of-the-art technology that reduce acquisition cost or yield other tangible benefits such as improved product quality or accelerated deliveries; or

(B) Investments in new equipment for research and development applications.

(ii) The contracting officer may assign a value significantly above normal when there are direct and measurable benefits in efficiency and significantly reduced acquisition costs on the effort being priced. Maximum values apply only to those cases where the benefits of the facilities capital investment are substantially above normal.

(3) **Below normal conditions.**

(i) The contracting officer may assign a lower than normal value if the facilities capital investment has little benefit to DoD. Indicators are—

(A) Allocations of capital apply predominantly to commercial item lines;

(B) Investments are for such things as furniture and fixtures, home or group level administrative offices, corporate aircraft and hangars, gymnasiums; or

(C) Facilities are old or extensively idle.

(ii) The contracting officer may assign a value significantly below normal when a significant portion of defense manufacturing is done in an environment characterized by outdated, inefficient, and labor-intensive capital equipment.

215.404-71-5 **Cost efficiency factor.**

(a) This special factor provides an incentive for contractors to reduce costs. To the extent that the contractor can demonstrate cost reduction efforts that benefit the pending contract, the contracting officer may increase the prenegotiation profit objective by an amount not to exceed 4 percent of total objective cost (Block 20 of the DD Form 1547) to recognize these efforts (Block 29).

(b) To determine if using this factor is appropriate, the contracting officer shall consider criteria, such as the following, to evaluate the benefit the contractor’s cost reduction efforts will have on the pending contract:

(1) The contractor’s participation in Single Process Initiative improvements;

(2) Actual cost reductions achieved on prior contracts;

(3) Reduction or elimination of excess or idle facilities;
(4) The contractor’s cost reduction initiatives (e.g., competition advocacy programs, technical insertion programs, obsolete parts control programs, spare parts pricing reform, value engineering, outsourcing of functions such as information technology). Metrics developed by the contractor such as fully loaded labor hours (i.e., cost per labor hour, including all direct and indirect costs) or other productivity measures may provide the basis for assessing the effectiveness of the contractor’s cost reduction initiatives over time;

(5) The contractor’s adoption of process improvements to reduce costs;

(6) Subcontractor cost reduction efforts;

(7) The contractor’s effective incorporation of commercial items and processes; or

(8) The contractor’s investment in new facilities when such investments contribute to better asset utilization or improved productivity.

(c) When selecting the percentage to use for this special factor, the contracting officer has maximum flexibility in determining the best way to evaluate the benefit the contractor’s cost reduction efforts will have on the pending contract. However, the contracting officer shall consider the impact that quantity differences, learning, changes in scope, and economic factors such as inflation and deflation will have on cost reduction.

215.404-72 Modified weighted guidelines method for nonprofit organizations other than FFRDCs.

(a) Definition. As used in this subpart, a nonprofit organization is a business entity—

(1) That operates exclusively for charitable, scientific, or educational purposes;

(2) Whose earnings do not benefit any private shareholder or individual;

(3) Whose activities do not involve influencing legislation or political campaigning for any candidate for public office; and

(4) That is exempted from Federal income taxation under section 501 of the Internal Revenue Code.

(b) For nonprofit organizations that are entities that have been identified by the Secretary of Defense or a Secretary of a Department as receiving sustaining support on a cost-plus-fixed-fee basis from a particular DoD department or agency, compute a fee objective for covered actions using the weighted guidelines method in 215.404-71, with the following modifications:

(1) Modifications to performance risk (Blocks 21-23 of the DD Form 1547).

(i) If the contracting officer assigns a value from the standard designated range (see 215.404-71-2(c)), reduce the fee objective by an amount equal to 1 percent of
the costs in Block 20 of the DD Form 1547. Show the net (reduced) amount on the DD Form 1547.

(ii) Do not assign a value from the technology incentive designated range.

(2) **Modifications to contract type risk (Block 24 of the DD Form 1547).** Use a designated range of –1 percent to 0 percent instead of the values in 215.404-71-3. There is no normal value.

(c) For all other nonprofit organizations except FFRDCs, compute a fee objective for covered actions using the weighted guidelines method in 215.404-71, modified as described in paragraph (b)(1) of this subsection.

**215.404-73 Alternate structured approaches.**

(a) The contracting officer may use an alternate structured approach under 215.404-4(c).

(b) The contracting officer may design the structure of the alternate, but it shall include—

(1) Consideration of the three basic components of profit--performance risk, contract type risk (including working capital), and facilities capital employed. However, the contracting officer is not required to complete Blocks 21 through 30 of the DD Form 1547.

(2) Offset for facilities capital cost of money.

(i) The contracting officer shall reduce the overall prenegotiation profit objective by the amount of facilities capital cost of money under Cost Accounting Standard (CAS) 414, Cost of Money as an Element of the Cost of Facilities Capital (48 CFR 9904.414). Cost of money under CAS 417, Cost of Money as an Element of the Cost of Capital Assets Under Construction (48 CFR 9904.417), should not be used to reduce the overall prenegotiation profit objective. The profit amount in the negotiation summary of the DD Form 1547 must be net of the offset.

(ii) This adjustment is needed for the following reason: The values of the profit factors used in the weighted guidelines method were adjusted to recognize the shift in facilities capital cost of money from an element of profit to an element of contract cost (see FAR 31.205-10) and reductions were made directly to the profit factors for performance risk. In order to ensure that this policy is applied to all DoD contracts that allow facilities capital cost of money, similar adjustments shall be made to contracts that use alternate structured approaches.

**215.404-74 Fee requirements for cost-plus-award-fee contracts.**

In developing a fee objective for cost-plus-award-fee contracts, the contracting officer shall—

(a) Follow the guidance in FAR 16.405-2 and 216.405-2;

(b) Not use the weighted guidelines method or alternate structured approach;
(c) Apply the offset policy in 215.404-73(b)(2) for facilities capital cost of money, i.e., reduce the base fee by the amount of facilities capital cost of money; and

(d) Not complete a DD Form 1547.

215.404-75 Fee requirements for FFRDCs.
For nonprofit organizations that are FFRDCs, the contracting officer—

(a) Should consider whether any fee is appropriate. Considerations shall include the FFRDC’s—

(1) Proportion of retained earnings (as established under generally accepted accounting methods) that relates to DoD contracted effort;

(2) Facilities capital acquisition plans;

(3) Working capital funding as assessed on operating cycle cash needs; and

(4) Provision for funding unreimbursed costs deemed ordinary and necessary to the FFRDC.

(b) Shall, when a fee is considered appropriate, establish the fee objective in accordance with FFRDC fee policies in the DoD FFRDC Management Plan.

(c) Shall not use the weighted guidelines method or an alternate structured approach.

Follow the procedures at PGI 215.406-1 for establishing prenegotiation objectives.

215.406-3 Documenting the negotiation.
Follow the procedures at PGI 215.406-3 for documenting the negotiation.

215.407 Special cost or pricing areas.

215.407-1 Defective certified cost or pricing data.

(c)(i) When a contractor voluntarily discloses defective pricing after contract award, the contracting officer shall discuss the disclosure with the Defense Contract Audit Agency (DCAA). This discussion will assist in the contracting officer determining the involvement of DCAA, which could be a limited-scope audit (e.g., limited to the affected cost elements of the defective pricing disclosure), a full-scope audit, or technical assistance as appropriate for the circumstances (e.g., nature or dollar amount of the defective pricing disclosure). At a minimum, the contracting officer shall discuss with DCAA the following:

(A) Completeness of the contractor’s voluntary disclosure on the affected contract.

(B) Accuracy of the contractor’s cost impact calculation for the affected contract.
(C) Potential impact on existing contracts, task or deliver orders, or other proposals the contractor has submitted to the Government.

(ii) Voluntary disclosure of defective pricing is not a voluntary refund as defined in 242.7100 and does not waive the Government entitlement to the recovery of any overpayment plus interest on the overpayments in accordance with FAR 15.407-1(b)(7).

(iii) Voluntary disclosure of defective pricing does not waive the Government’s rights to pursue defective pricing claims on the affected contract or any other Government contract.

215.407-2 Make-or-buy programs.

(a) General. See PGI for guidance on factors to consider when deciding whether to request a make-or-buy plan and for factors to consider when evaluating make-or-buy plan submissions.

(e) Program requirements.

(1) Items and work included. The minimum dollar amount is $1.5 million.

215.407-3 Forward pricing rate agreements.

(b)(i) Use forward pricing rate agreement (FPRA) rates when such rates are available, unless waived on a case-by-case basis by the head of the contracting activity.

(ii) Advise the ACO of each case waived.

(iii) Contact the ACO for questions on FPRAs or recommended rates.

215.407-4 Should-cost review.

See PGI 215.407-4 for guidance on determining whether to perform a program or overhead should-cost review.

215.407-5-70 Disclosure, maintenance, and review requirements.

(a) Definitions.

(1) “Acceptable estimating system” is defined in the clause at Cost Estimating System Requirements.

(2) “Contractor” means a business unit as defined in FAR 2.101.

(3) “Estimating system” is as defined in the clause at Cost Estimating System Requirements.

(4) “Significant deficiency” is defined in the clause at Cost Estimating System Requirements.
(b) **Applicability.**

(1) DoD policy is that all contractors have acceptable estimating systems that consistently produce well-supported proposals that are acceptable as a basis for negotiation of fair and reasonable prices.

(2) A large business contractor is subject to estimating system disclosure, maintenance, and review requirements if—

   (i) In its preceding fiscal year, the contractor received DoD prime contracts or subcontracts totaling $50 million or more for which certified cost or pricing were required; or

   (ii) In its preceding fiscal year, the contractor received DoD prime contracts or subcontracts totaling $10 million or more (but less than $50 million) for which certified cost or pricing data were required and the contracting officer, with concurrence or at the request of the ACO, determines it to be in the best interest of the Government (e.g., significant estimating problems are believed to exist or the contractor's sales are predominantly Government).

(c) **Policy.**

(1) The contracting officer shall—

   (i) Through use of the clause at 252.215-7002, Cost Estimating System Requirements, apply the disclosure, maintenance, and review requirements to large business contractors meeting the criteria in paragraph (b)(2)(i) of this section;

   (ii) Consider whether to apply the disclosure, maintenance, and review requirements to large business contractors under paragraph (b)(2)(ii) of this section; and

   (iii) Not apply the disclosure, maintenance, and review requirements to other than large business contractors.

(2) The cognizant contracting officer, in consultation with the auditor, for contractors subject to paragraph (b)(2) of this section, shall—

   (i) Determine the acceptability of the disclosure and approve or disapprove the system; and

   (ii) Pursue correction of any deficiencies.

(3) The auditor conducts estimating system reviews.

(4) An acceptable system shall provide for the use of appropriate source data, utilize sound estimating techniques and good judgment, maintain a consistent approach, and adhere to established policies and procedures.

(5) In evaluating the acceptability of a contractor's estimating system, the contracting officer, in consultation with the auditor, shall determine whether the contractor's estimating system complies with the system criteria for an acceptable

(d) **Disposition of findings—**

(1) **Reporting of findings.** The auditor shall document findings and recommendations in a report to the contracting officer. If the auditor identifies any significant estimating system deficiencies, the report shall describe the deficiencies in sufficient detail to allow the contracting officer to understand the deficiencies.

(2) **Initial determination.** (i) The contracting officer shall review all findings and recommendations and, if there are no significant deficiencies, shall promptly notify the contractor, in writing, that the contractor's estimating system is acceptable and approved; or

(ii) If the contracting officer finds that there are one or more significant deficiencies (as defined in the clause at 252.215-7002, Cost Estimating System Requirements) due to the contractor's failure to meet one or more of the estimating system criteria in the clause at 252.215-7002, the contracting officer shall—

(A) Promptly make an initial written determination on any significant deficiencies and notify the contractor, in writing, providing a description of each significant deficiency in sufficient detail to allow the contractor to understand the deficiency;

(B) Request the contractor to respond, in writing, to the initial determination within 30 days; and

(C) Promptly evaluate the contractor's responses to the initial determination, in consultation with the auditor or functional specialist, and make a final determination.

(3) **Final determination.** (i) The contracting officer shall make a final determination and notify the contractor, in writing, that——

(A) The contractor's estimating system is acceptable and approved, and no significant deficiencies remain, or

(B) Significant deficiencies remain. The notice shall identify any remaining significant deficiencies, and indicate the adequacy of any proposed or completed corrective action. The contracting officer shall—

(1) Request that the contractor, within 45 days of receipt of the final determination, either correct the deficiencies or submit an acceptable corrective action plan showing milestones and actions to eliminate the deficiencies;

(2) Disapprove the system in accordance with the clause at 252.215-7002, Cost Estimating System Requirements; and

(3) Withhold payments in accordance with the clause at 252.242-7005, Contractor Business Systems, if the clause is included in the contract.
(ii) Follow the procedures relating to monitoring a contractor's corrective action and the correction of significant deficiencies in PGI 215.407-5-70(e).

(e) System approval. The contracting officer shall promptly approve a previously disapproved estimating system and notify the contractor when the contracting officer determines that there are no remaining significant deficiencies.

(f) Contracting officer notifications. The cognizant contracting officer shall promptly distribute copies of a determination to approve a system, disapprove a system and withhold payments, or approve a previously disapproved system and release withheld payments, to the auditor; payment office; affected contracting officers at the buying activities; and cognizant contracting officers in contract administration activities.

215.408 Solicitation provisions and contract clauses.

(1) Use the clause at 252.215-7002, Cost Estimating System Requirements, in all solicitations and contracts to be awarded on the basis of certified cost or pricing data.

(2) When contracting with the Canadian Commercial Corporation—

(i)(A) Use the provision at 252.215-7003, Requirement for Submission of Data Other Than Certified Cost or Pricing Data—Canadian Commercial Corporation—

(1) In lieu of DFARS 252.215-7010, Requirements for Certified Cost or Pricing Data and Data Other Than Certified Cost or Pricing Data, in a solicitation, including solicitations using FAR part 12 procedures for the acquisition of commercial items, for a sole source acquisition from the Canadian Commercial Corporation that is—

(i) Cost-reimbursement, if the contract value is expected to exceed $700,000; or

(ii) Fixed-price, if the contract value is expected to exceed $500 million; or

(2) In lieu of DFARS 252.215-7010, in a solicitation, including solicitations using FAR part 12 procedures for the acquisition of commercial items, for a sole source acquisition from the Canadian Commercial Corporation that does not meet the thresholds specified in paragraph (2)(i)(A)(1), if approval is obtained as required at 225.870-4(c)(2)(ii); and

(B) Do not use 252.225-7003 in lieu of DFARS 252.215-7010 in competitive acquisitions; and

(ii)(A) Use the clause at 252.215-7004, Requirement for Submission of Data Other Than Certified Cost or Pricing Data—Modifications—Canadian Commercial Corporation—

(1) In a solicitation, including solicitations using FAR part 12 procedures for the acquisition of commercial items, for a sole source acquisition, from the Canadian Commercial Corporation and resultant contract that is—
(i) Cost-reimbursement, if the contract value is expected to exceed $700,000; or

(ii) Fixed-price, if the contract value is expected to exceed $500 million;

(2) In a solicitation, including solicitations using FAR part 12 procedures for the acquisition of commercial items, for a sole source acquisition from the Canadian Commercial Corporation and resultant contract that does not meet the thresholds specified in paragraph (2)(ii)(A)(1), if approval is obtained as required at 225.870-4(c)(2)(ii); or

(3)(i) In a solicitation, including solicitations using FAR part 12 procedures for the acquisition of commercial items, for a competitive acquisition that includes FAR 52.215-21, Requirement for Data Other Than Certified Cost or Pricing Data—Modifications, or that meets the thresholds specified in paragraph (2)(ii)(A) (1).

(ii) The contracting officer shall then select the appropriate clause to include in the contract (52.215-21 only if award is not to the Canadian Commercial Corporation; or 252.215-7004 if award is to the Canadian Commercial Corporation and necessary approval is obtained in accordance with 225.870-4(c)(2)(ii)); and

(B) The contracting officer may specify a higher threshold in paragraph (b) of the clause 252.215-7004.

(3) Use the provision at 252.215-7008, Only One Offer, in competitive solicitations that exceed the simplified acquisition threshold, including solicitations using FAR part 12 procedures for the acquisition of commercial items.

(4) When the solicitation requires the submission of certified cost or pricing data, the contracting officer should include 252.215-7009, Proposal Adequacy Checklist, in the solicitation to facilitate submission of a thorough, accurate, and complete proposal.

(5) When reasonably certain that the submission of certified cost or pricing data or data other than certified cost or pricing data will be required or when using the provision at 252.215-7008—

(i) Use the basic or alternate of the provision at 252.215-7010, Requirements for Certified Cost or Pricing Data and Data Other Than Certified Cost or Pricing Data, in lieu of the provision at FAR 52.215-20, Requirements for Certified Cost or Pricing Data and Data Other Than Certified Cost or Pricing Data, in solicitations, including solicitations using FAR part 12 procedures for the acquisition of commercial items.

(A) Use the basic provision when submission of certified cost or pricing data is required to be in the FAR Table 15-2 format, or if it is anticipated, at the time of solicitation, that the submission of certified cost or pricing data may not be required.

(B) Use the alternate I provision to specify a format for certified cost or pricing data other than the format required by FAR Table 15-2;

(ii) Use the provision at 252.215-7011, Requirements for Submission of Proposals to the Administrative Contracting Officer and Contract Auditor, when using
the basic or alternate of the provision at 252.215-7010 and copies of the proposal are to be sent to the ACO and contract auditor; and

(iii) Use the provision at 252.215-7012, Requirements for Submission of Proposals via Electronic Media, when using the basic or alternate of the provision at 252.215-7010 and submission via electronic media is required.

(6) Use the provision at 252.215-7013, Supplies and Services Provided by Nontraditional Defense Contractors, in all solicitations.

(7) Use the clause at 252.215-7014, Exception from Certified Cost or Pricing Data Requirements for Foreign Military Sales Indirect Offsets, in solicitations and contracts that contain the provision at 252.215-7010, Requirements for Certified Cost or Pricing Data and Data Other Than Certified Cost or Pricing Data, when it is reasonably certain that—

(i) The contract is expected to include costs associated with an indirect offset; and

(ii) The submission of certified cost or pricing data or data other than certified cost or pricing data will be required.

215.470 Estimated data prices.

(a) DoD requires estimates of the prices of data in order to evaluate the cost to the Government of data items in terms of their management, product, or engineering value.

(b) When data are required to be delivered under a contract, include DD Form 1423, Contract Data Requirements List, in the solicitation. See PGI 215.470(b) for guidance on the use of DD Form 1423.

(c) The contracting officer shall ensure that the contract does not include a requirement for data that the contractor has delivered or is obligated to deliver to the Government under another contract or subcontract, and that the successful offeror identifies any such data required by the solicitation. However, where duplicate data are desired, the contract price shall include the costs of duplication, but not of preparation, of such data.

247.200 Scope of subpart.
This subpart does not apply to the operation of vessels owned by, or bareboat chartered by, the Government. See additional guidance at PGI 247.200 for procurement of transportation or related services.

247.206 Preparation of solicitations and contracts.
Consistent with FAR 15.304 and 215.304, consider using the following as evaluation factors or subfactors:

1. Record of claims involving loss or damage; and

2. Commitment of transportation assets to readiness support (e.g., Civil Reserve Air Fleet and Voluntary Intermodal Sealift Agreement).

247.207 Solicitation provisions, contract clauses, and special requirements.

1. Use the clause at 252.247-7003, Pass-Through of Motor Carrier Fuel Surcharge Adjustment to the Cost Bearer, in solicitations and contracts for carriage in which a motor carrier, broker, or freight forwarder will provide or arrange truck transportation services that provide for a fuel-related adjustment.

2. Use the clause at 252.247-7028, Application for U.S. Government Shipping Documentation/Instructions, when shipping under Bills of Lading and Domestic Route Order under FOB origin contracts, Export Traffic Release regardless of FOB terms, or foreign military sales shipments.

247.270 Stevedoring contracts.

247.270-1 Definitions.

(a) “Commodity rate” is—

1. The price quoted for handling a ton (weight or measurement) of a specified commodity; and

2. Computed by dividing the hourly stevedoring gang cost by the estimated number of tons of the specified commodity that can be handled in one hour.

(b) “Gang cost” is—

1. The total hourly wages paid to the workers in the gang, in accordance with the collective bargaining agreement between the maritime industry and the unions at a specific port; and
(2) Payments for workmen's compensation, social security taxes, unemployment insurance, taxes, liability and property damage insurance, general and administrative expenses, and profit.

(c) “Stevedoring” is the—

(1) Loading of cargo from an agreed point of rest on a pier or lighter and its storage aboard a vessel; or

(2) Breaking out and discharging of cargo from any space in the vessel to an agreed point of rest dockside or in a lighter.

247.270-2 Technical provisions.

(a) Because conditions vary at different ports, and sometimes within the same port it is not practical to develop standard technical provisions covering all phases of stevedoring operations.

(b) When including rail car, truck, or intermodal equipment loading and unloading, or other dock and terminal work under a stevedoring contract, include these requirements as separate items of work.

247.270-3 Evaluation of bids and proposals.

As a minimum, require that offers include—

(a) Tonnage or commodity rates that apply to the bulk of the cargo worked under normal conditions;

(b) Labor-hour rates that apply to services not covered by commodity rates, or to work performed under hardship conditions; and

(c) Rates for equipment rental.

247.270-4 Contract clauses.

Use the following clauses in solicitations and contracts for stevedoring services as indicated:

(a) 252.247-7000, Hardship Conditions.

(b) 252.247-7002, Revision of Prices, when using negotiation.

(c) 252.247-7007, Liability and Insurance.

247.271 Contracts for the preparation of personal property for shipment or storage or for performance of intra-city or intra-area movement.

247.271-1 Policy.

(a) Annual contracts. Normally—

(1) Use requirements contracts to acquire services for the—
(i) Preparation of personal property for shipment or storage; and
(ii) Performance of intra-area movement.

(2) Award contracts on a calendar year basis.

(3) Provide for option years.

(4) Award contracts, or exercise option years, before November 1 of each year, if possible.

(b) Areas of performance. Define clearly in the solicitation each area of performance.

(1) Establish one or more areas; however, hold the number to a minimum consistent with local conditions.

(2) Each schedule may provide for the same or different areas of performance. Determine the areas as follows—

(i) Use political boundaries, streets, or any other features as lines of demarcation. Consider such matters as—

(A) Total volume;
(B) Size of overall area; and
(C) The need to service isolated areas of high population density.

(ii) Specifically identify frequently used terminals, and consider them as being included in each area of performance described in the solicitation.

(c) Maximum requirements-minimum capability. The contracting officer must—

(1) Establish realistic quantities on the Estimated Quantities Report in DoD 4500.9-R, Defense Transportation Regulation, Part IV;

(2) Ensure that the Government's minimum acceptable daily capability—

(i) Will at least equal the maximum authorized individual weight allowance as prescribed by the Joint Federal Travel Regulations; and

(ii) Will encourage maximum participation of small business concerns as offerors.

247.271-2 Procedures.
Follow the procedures at PGI 247.271-2 for contracting for the preparation of personal property for shipment or storage.

247.271-3 Solicitation provisions, schedule formats, and contract clauses.
When acquiring services for the preparation of personal property for movement or storage, or for performance of intra-city or intra-area movement, use the following provisions, clauses, and schedules. Revise solicitation provisions and schedules, as
appropriate, if using negotiation rather than sealed bidding. Overseas commands, except those in Alaska and Hawaii, may modify these clauses to conform to local practices, laws, and regulations.

(a) In solicitations and resulting contracts, the schedules provided by the installation personal property shipping office. Follow the procedures at PGI 247.271-3(c) for use of schedules.

(b) In addition to designating each ordering activity, as required by the clause at FAR 52.216-18, Ordering, identify by name or position title the individuals authorized to place orders for each activity. When provisions are made for placing oral orders in accordance with FAR 16.504(a)(4)(vii)), document the oral orders in accordance with department or agency instructions.

(c) The clause at 252.247-7014, Demurrage. See additional information at PGI 247.271-3(c)(1) for demurrage and detention charges.

(d) The clause at 252.247-7016, Contractor Liability for Loss and Damage.

(e) The clauses at FAR 52.247-8, Estimated Weight or Quantities Not Guaranteed, and FAR 52.247-13, Accessorial Services--Moving Contracts.

252.204-7000 Disclosure of Information.
As prescribed in 204.404-70(a), use the following clause:

DISCLOSURE OF INFORMATION (OCT 2016)

(a) The Contractor shall not release to anyone outside the Contractor's organization any unclassified information, regardless of medium (e.g., film, tape, document), pertaining to any part of this contract or any program related to this contract, unless—

(1) The Contracting Officer has given prior written approval;

(2) The information is otherwise in the public domain before the date of release; or

(3) The information results from or arises during the performance of a project that involves no covered defense information (as defined in the clause at DFARS 252.204-7012) and has been scoped and negotiated by the contracting activity with the contractor and research performer and determined in writing by the contracting officer to be fundamental research (which by definition cannot involve any covered defense information), in accordance with National Security Decision Directive 189, National Policy on the Transfer of Scientific, Technical and Engineering Information, in effect on the date of contract award and the Under Secretary of Defense (Acquisition, Technology, and Logistics) memoranda on Fundamental Research, dated May 24, 2010, and on Contracted Fundamental Research, dated June 26, 2008 (available at DFARS PGI 204.4).

(b) Requests for approval under paragraph (a)(1) shall identify the specific information to be released, the medium to be used, and the purpose for the release. The Contractor shall submit its request to the Contracting Officer at least 10 business days before the proposed date for release.

(c) The Contractor agrees to include a similar requirement, including this paragraph (c), in each subcontract under this contract. Subcontractors shall submit requests for authorization to release through the prime contractor to the Contracting Officer.

(End of clause)

252.204-7001 Reserved.

252.204-7002 Payment for Subline Items Not Separately Priced.
As prescribed in 204.7104-1(b)(3)(iv), use the following clause:

PAYMENT FOR SUBLINE ITEMS NOT SEPARATELY PRICED (DEC 1991)

(a) If the schedule in this contract contains any contract subline items or exhibit subline items identified as not separately priced (NSP), it means that the unit price for that subline item is included in the unit price of another, related line or subline item.
(b) The Contractor shall not invoice the Government for any portion of a contract line item or exhibit line item which contains an NSP until—

(1) The Contractor has delivered the total quantity of all related contract subline items or exhibit subline items; and

(2) The Government has accepted them.

(c) This clause does not apply to technical data.

(End of clause)

252.204-7003 Control of Government Personnel Work Product.
As prescribed in 204.404-70(b), use the following clause:

CONTROL OF GOVERNMENT PERSONNEL WORK PRODUCT (APR 1992)

The Contractor’s procedures for protecting against unauthorized disclosure of information shall not require Department of Defense employees or members of the Armed Forces to relinquish control of their work products, whether classified or not, to the Contractor.

(End of clause)

252.204-7004 Antiterrorism Awareness Training for Contractors.
As prescribed in 204.7203, use the following clause:

LEVEL I ANTITERRORISM AWARENESS TRAINING FOR CONTRACTORS (FEB 2019)

(a) Definition. As used in this clause—

“Military installation” means a base, camp, post, station, yard, center, or other activity under the jurisdiction of the Secretary of a military department or, in the case of an activity in a foreign country, under the operational control of the Secretary of a military department or the Secretary of Defense (see 10 U.S.C. 2801(c)(4)).

(b) Training. Contractor personnel who require routine physical access to a Federally-controlled facility or military installation shall complete Level I antiterrorism awareness training within 30 days of requiring access and annually thereafter. In accordance with Department of Defense Instruction O-2000.16 Volume 1, DoD Antiterrorism (AT) Program Implementation: DoD AT Standards, Level I antiterrorism awareness training shall be completed—

(1) Through a DoD-sponsored and certified computer or web-based distance learning instruction for Level I antiterrorism awareness; or

(2) Under the instruction of a Level I antiterrorism awareness instructor.

(c) Additional information. Information and guidance pertaining to DoD antiterrorism awareness training is available at https://jko.jten.mil/ or as otherwise identified in the performance work statement.
(d) Subcontracts. The Contractor shall include the substance of this clause, including this paragraph (d), in subcontracts, including subcontracts for commercial items, when subcontractor performance requires routine physical access to a Federally-controlled facility or military installation.

(End of clause)

252.204-7005 Reserved.

252.204-7006 Billing Instructions.
As prescribed in 204.7109, use the following clause:

BILLING INSTRUCTIONS (OCT 2005)

When submitting a request for payment, the Contractor shall—

(a) Identify the contract line item(s) on the payment request that reasonably reflect contract work performance; and

(b) Separately identify a payment amount for each contract line item included in the payment request.

(End of clause)

252.204-7007 Alternate A, Annual Representations and Certifications.
As prescribed in 204.1202, use the following provision:

ALTERNATE A, ANNUAL REPRESENTATIONS AND CERTIFICATIONS (JUN 2019)

Substitute the following paragraphs (b), (d), and (e) for paragraphs (b) and (d) of the provision at FAR 52.204-8:

(b)(1) If the provision at FAR 52.204-7, System for Award Management, is included in this solicitation, paragraph (e) of this provision applies.

(2) If the provision at FAR 52.204-7, System for Award Management, is not included in this solicitation, and the Offeror has an active registration in the System for Award Management (SAM), the Offeror may choose to use paragraph (e) of this provision instead of completing the corresponding individual representations and certifications in the solicitation. The Offeror shall indicate which option applies by checking one of the following boxes:

___ (i) Paragraph (e) applies.

___ (ii) Paragraph (e) does not apply and the Offeror has completed the individual representations and certifications in the solicitation.

(d)(1) The following representations or certifications in the SAM database are applicable to this solicitation as indicated:
Defense Federal Acquisition Regulation Supplement

Part 252—Solicitation Provisions and Contract Clauses

(i) 252.209-7003, Reserve Officer Training Corps and Military Recruiting on Campus—Representation. Applies to all solicitations with institutions of higher education.

(ii) 252.216-7008, Economic Price Adjustment—Wage Rates or Material Prices Controlled by a Foreign Government. Applies to solicitations for fixed-price supply and service contracts when the contract is to be performed wholly or in part in a foreign country, and a foreign government controls wage rates or material prices and may during contract performance impose a mandatory change in wages or prices of materials.

(iii) 252.225-7042, Authorization to Perform. Applies to all solicitations when performance will be wholly or in part in a foreign country.

(iv) 252.225-7049, Prohibition on Acquisition of Certain Foreign Commercial Satellite Services—Representations. Applies to solicitations for the acquisition of commercial satellite services.

(v) 252.225-7050, Disclosure of Ownership or Control by the Government of a Country that is a State Sponsor of Terrorism. Applies to all solicitations expected to result in contracts of $150,000 or more.

(vi) 252.229-7012, Tax Exemptions (Italy)—Representation. Applies to solicitations and contracts when contract performance will be in Italy.

(vii) 252.229-7013, Tax Exemptions (Spain)—Representation. Applies to solicitations and contracts when contract performance will be in Spain.

(viii) 252.247-7022, Representation of Extent of Transportation by Sea. Applies to all solicitations except those for direct purchase of ocean transportation services or those with an anticipated value at or below the simplified acquisition threshold.

(2) The following representations or certifications in SAM are applicable to this solicitation as indicated by the Contracting Officer: [Contracting Officer check as appropriate.]

___ (i) 252.209-7002, Disclosure of Ownership or Control by a Foreign Government.

___ (ii) 252.225-7000, Buy American—Balance of Payments Program Certificate.

___ (iii) 252.225-7020, Trade Agreements Certificate.

___ Use with Alternate I.

___ (iv) 252.225-7031, Secondary Arab Boycott of Israel.

___ (v) 252.225-7035, Buy American—Free Trade Agreements—Balance of Payments Program Certificate.
(e) The offeror has completed the annual representations and certifications electronically via the SAM website at [https://www.acquisition.gov/](https://www.acquisition.gov/). After reviewing the SAM database information, the offeror verifies by submission of the offer that the representations and certifications currently posted electronically that apply to this solicitation as indicated in FAR 52.204-8(c) and paragraph (d) of this provision have been entered or updated within the last 12 months, are current, accurate, complete, and applicable to this solicitation (including the business size standard applicable to the NAICS code referenced for this solicitation), as of the date of this offer, and are incorporated in this offer by reference (see FAR 4.1201); except for the changes identified below [offeror to insert changes, identifying change by provision number, title, date]. These amended representation(s) and/or certification(s) are also incorporated in this offer and are current, accurate, and complete as of the date of this offer.

252.204-7008 Compliance with Safeguarding Covered Defense Information Controls.
As prescribed in 204.7304(a), use the following provision:

COMPLIANCE WITH SAFEGUARDING COVERED DEFENSE INFORMATION CONTROLS (OCT 2016)

(a) Definitions. As used in this provision—

“Controlled technical information,” “covered contractor information system,” “covered defense information,” “cyber incident,” “information system,” and “technical information” are defined in clause 252.204-7012, Safeguarding Covered Defense Information and Cyber Incident Reporting.

(b) The security requirements required by contract clause 252.204-7012, shall be implemented for all covered defense information on all covered contractor information systems that support the performance of this contract.
(c) For covered contractor information systems that are not part of an information technology service or system operated on behalf of the Government (see 252.204-7012(b)(2)—

(1) By submission of this offer, the Offeror represents that it will implement the security requirements specified by National Institute of Standards and Technology (NIST) Special Publication (SP) 800-171 “Protecting Controlled Unclassified Information in Nonfederal Information Systems and Organizations” (see http://dx.doi.org/10.6028/NIST.SP.800-171) that are in effect at the time the solicitation is issued or as authorized by the contracting officer not later than December 31, 2017.

(2)(i) If the Offeror proposes to vary from any of the security requirements specified by NIST SP 800-171 that are in effect at the time the solicitation is issued or as authorized by the Contracting Officer, the Offeror shall submit to the Contracting Officer, for consideration by the DoD Chief Information Officer (CIO), a written explanation of—

(A) Why a particular security requirement is not applicable; or

(B) How an alternative but equally effective, security measure is used to compensate for the inability to satisfy a particular requirement and achieve equivalent protection.

(ii) An authorized representative of the DoD CIO will adjudicate offeror requests to vary from NIST SP 800-171 requirements in writing prior to contract award. Any accepted variance from NIST SP 800-171 shall be incorporated into the resulting contract.

(End of provision)

252.204-7009 Limitations on the Use or Disclosure of Third-Party Contractor Reported Cyber Incident Information.
As prescribed in 204.7304(b), use the following clause:

LIMITATIONS ON THE USE OR DISCLOSURE OF THIRD-PARTY CONTRACTOR REPORTED CYBER INCIDENT INFORMATION (OCT 2016)

(a) Definitions. As used in this clause—

“Compromise” means disclosure of information to unauthorized persons, or a violation of the security policy of a system, in which unauthorized intentional or unintentional disclosure, modification, destruction, or loss of an object, or the copying of information to unauthorized media may have occurred.

“Controlled technical information” means technical information with military or space application that is subject to controls on the access, use, reproduction, modification, performance, display, release, disclosure, or dissemination. Controlled technical information would meet the criteria, if disseminated, for distribution statements B through F using the criteria set forth in DoD Instruction 5230.24, Distribution Statements on Technical Documents. The term does not include information that is lawfully publicly available without restrictions.
“Covered defense information” means unclassified controlled technical information or other information (as described in the Controlled Unclassified Information (CUI) Registry at http://www.archives.gov/cui/registry/category-list.html) that requires safeguarding or dissemination controls pursuant to and consistent with law, regulations, and Governmentwide policies, and is—

(1) Marked or otherwise identified in the contract, task order, or delivery order and provided to the contractor by or on behalf of DoD in support of the performance of the contract; or

(2) Collected, developed, received, transmitted, used, or stored by or on behalf of the contractor in support of the performance of the contract.

“Cyber incident” means actions taken through the use of computer networks that result in a compromise or an actual or potentially adverse effect on an information system and/or the information residing therein.

“Information system” means a discrete set of information resources organized for the collection, processing, maintenance, use, sharing, dissemination, or disposition of information.

“Media” means physical devices or writing surfaces including, but is not limited to, magnetic tapes, optical disks, magnetic disks, large-scale integration memory chips, and printouts onto which covered defense information is recorded, stored, or printed within a covered contractor information system.

“Technical information” means technical data or computer software, as those terms are defined in the clause at DFARS 252.227-7013, Rights in Technical Data-Noncommercial Items, regardless of whether or not the clause is incorporated in this solicitation or contract. Examples of technical information include research and engineering data, engineering drawings, and associated lists, specifications, standards, process sheets, manuals, technical reports, technical orders, catalog-item identifications, data sets, studies and analyses and related information, and computer software executable code and source code.

(b) Restrictions. The Contractor agrees that the following conditions apply to any information it receives or creates in the performance of this contract that is information obtained from a third-party’s reporting of a cyber incident pursuant to DFARS clause 252.204-7012, Safeguarding Covered Defense Information and Cyber Incident Reporting (or derived from such information obtained under that clause):

(1) The Contractor shall access and use the information only for the purpose of furnishing advice or technical assistance directly to the Government in support of the Government’s activities related to clause 252.204-7012, and shall not be used for any other purpose.

(2) The Contractor shall protect the information against unauthorized release or disclosure.
Defense Federal Acquisition Regulation Supplement

Part 252—Solicitation Provisions and Contract Clauses

(3) The Contractor shall ensure that its employees are subject to use and non-disclosure obligations consistent with this clause prior to the employees being provided access to or use of the information.

(4) The third-party contractor that reported the cyber incident is a third-party beneficiary of the non-disclosure agreement between the Government and Contractor, as required by paragraph (b)(3) of this clause.

(5) A breach of these obligations or restrictions may subject the Contractor to—

(i) Criminal, civil, administrative, and contractual actions in law and equity for penalties, damages, and other appropriate remedies by the United States; and

(ii) Civil actions for damages and other appropriate remedies by the third party that reported the cyber incident, as a third party beneficiary of this clause.

(c) Subcontracts. The Contractor shall include this clause, including this paragraph (c), in subcontracts, or similar contractual instruments, for services that include support for the Government’s activities related to safeguarding covered defense information and cyber incident reporting, including subcontracts for commercial items, without alteration, except to identify the parties.

(End of clause)

252.204-7010 Requirement for Contractor to Notify DoD if the Contractor’s Activities are Subject to Reporting Under the U.S.-International Atomic Energy Agency Additional Protocol.

As prescribed in 204.470-3, use the following clause:

REQUIREMENT FOR CONTRACTOR TO NOTIFY DOD IF THE CONTRACTOR’S ACTIVITIES ARE SUBJECT TO REPORTING UNDER THE U.S.-INTERNATIONAL ATOMIC ENERGY AGENCY ADDITIONAL PROTOCOL (JAN 2009)

(a) If the Contractor is required to report any of its activities in accordance with Department of Commerce regulations (15 CFR Part 781 et seq.) or Nuclear Regulatory Commission regulations (10 CFR Part 75) in order to implement the declarations required by the U.S.-International Atomic Energy Agency Additional Protocol (U.S.-IAEA AP), the Contractor shall—

(1) Immediately provide written notification to the following DoD Program Manager:

[Contracting Officer to insert Program Manager’s name, mailing address, e-mail address, telephone number, and facsimile number];

(2) Include in the notification—

(i) Where DoD contract activities or information are located relative to the activities or information to be declared to the Department of Commerce or the
Nuclear Regulatory Commission; and

(ii) If or when any current or former DoD contract activities and the activities to be declared to the Department of Commerce or the Nuclear Regulatory Commission have been or will be co-located or located near enough to one another to result in disclosure of the DoD activities during an IAEA inspection or visit; and

(3) Provide a copy of the notification to the Contracting Officer.

(b) After receipt of a notification submitted in accordance with paragraph (a) of this clause, the DoD Program Manager will—

(1) Conduct a security assessment to determine if and by what means access may be granted to the IAEA; or

(2) Provide written justification to the component or agency treaty office for a national security exclusion, in accordance with DoD Instruction 2060.03, Application of the National Security Exclusion to the Agreements Between the United States of America and the International Atomic Energy Agency for the Application of Safeguards in the United States of America. DoD will notify the Contractor if a national security exclusion is applied at the Contractor’s location to prohibit access by the IAEA.

(c) If the DoD Program Manager determines that a security assessment is required—

(1) DoD will, at a minimum—

(i) Notify the Contractor that DoD officials intend to conduct an assessment of vulnerabilities to IAEA inspections or visits;

(ii) Notify the Contractor of the time at which the assessment will be conducted, at least 30 days prior to the assessment;

(iii) Provide the Contractor with advance notice of the credentials of the DoD officials who will conduct the assessment; and

(iv) To the maximum extent practicable, conduct the assessment in a manner that does not impede or delay operations at the Contractor’s facility; and

(2) The Contractor shall provide access to the site and shall cooperate with DoD officials in the assessment of vulnerabilities to IAEA inspections or visits.

(d) Following a security assessment of the Contractor’s facility, DoD officials will notify the Contractor as to—

(1) Whether the Contractor’s facility has any vulnerabilities where potentially declarable activities under the U.S.-IAEA AP are taking place;

(2) Whether additional security measures are needed; and

(3) Whether DoD will apply a national security exclusion.
(e) If DoD applies a national security exclusion, the Contractor shall not grant access to IAEA inspectors.

(f) If DoD does not apply a national security exclusion, the Contractor shall apply managed access to prevent disclosure of program activities, locations, or information in the U.S. declaration.

(g) The Contractor shall not delay submission of any reports required by the Department of Commerce or the Nuclear Regulatory Commission while awaiting a DoD response to a notification provided in accordance with this clause.

(h) The Contractor shall incorporate the substance of this clause, including this paragraph (h), in all subcontracts that are subject to the provisions of the U.S.-IAEA AP.

(End of clause)

252.204-7011  Reserved

252.204-7012  Safeguarding Covered Defense Information and Cyber Incident Reporting.
As prescribed in 204.7304(c), use the following clause:

SAFEGUARDING COVERED DEFENSE INFORMATION AND CYBER INCIDENT REPORTING (OCT 2016)

(a) Definitions. As used in this clause—

“Adequate security” means protective measures that are commensurate with the consequences and probability of loss, misuse, or unauthorized access to, or modification of information.

“Compromise” means disclosure of information to unauthorized persons, or a violation of the security policy of a system, in which unauthorized intentional or unintentional disclosure, modification, destruction, or loss of an object, or the copying of information to unauthorized media may have occurred.

“Contractor attributional/proprietary information” means information that identifies the contractor(s), whether directly or indirectly, by the grouping of information that can be traced back to the contractor(s) (e.g., program description, facility locations), personally identifiable information, as well as trade secrets, commercial or financial information, or other commercially sensitive information that is not customarily shared outside of the company.

“Controlled technical information” means technical information with military or space application that is subject to controls on the access, use, reproduction, modification, performance, display, release, disclosure, or dissemination. Controlled technical information would meet the criteria, if disseminated, for distribution statements B through F using the criteria set forth in DoD Instruction 5230.24, Distribution Statements on Technical Documents. The term does not include information that is lawfully publicly available without restrictions.
“Covered contractor information system” means an unclassified information system that is owned, or operated by or for, a contractor and that processes, stores, or transmits covered defense information.

“Covered defense information” means unclassified controlled technical information or other information, as described in the Controlled Unclassified Information (CUI) Registry at http://www.archives.gov/cui/registry/category-list.html, that requires safeguarding or dissemination controls pursuant to and consistent with law, regulations, and Governmentwide policies, and is—

(1) Marked or otherwise identified in the contract, task order, or delivery order and provided to the contractor by or on behalf of DoD in support of the performance of the contract; or

(2) Collected, developed, received, transmitted, used, or stored by or on behalf of the contractor in support of the performance of the contract.

“Cyber incident” means actions taken through the use of computer networks that result in a compromise or an actual or potentially adverse effect on an information system and/or the information residing therein.

“Forensic analysis” means the practice of gathering, retaining, and analyzing computer-related data for investigative purposes in a manner that maintains the integrity of the data.

“Information system” means a discrete set of information resources organized for the collection, processing, maintenance, use, sharing, dissemination, or disposition of information.

“Malicious software” means computer software or firmware intended to perform an unauthorized process that will have adverse impact on the confidentiality, integrity, or availability of an information system. This definition includes a virus, worm, Trojan horse, or other code-based entity that infects a host, as well as spyware and some forms of adware.

“Media” means physical devices or writing surfaces including, but is not limited to, magnetic tapes, optical disks, magnetic disks, large-scale integration memory chips, and printouts onto which covered defense information is recorded, stored, or printed within a covered contractor information system.

“Operationally critical support” means supplies or services designated by the Government as critical for airlift, sealift, intermodal transportation services, or logistical support that is essential to the mobilization, deployment, or sustainment of the Armed Forces in a contingency operation.

“Rapidly report” means within 72 hours of discovery of any cyber incident.

“Technical information” means technical data or computer software, as those terms are defined in the clause at DFARS 252.227-7013, Rights in Technical Data—Noncommercial Items, regardless of whether or not the clause is incorporated in this solicitation or contract. Examples of technical information include research and
(b) Adequate security. The Contractor shall provide adequate security on all covered contractor information systems. To provide adequate security, the Contractor shall implement, at a minimum, the following information security protections:

(1) For covered contractor information systems that are part of an Information Technology (IT) service or system operated on behalf of the Government, the following security requirements apply:

(i) Cloud computing services shall be subject to the security requirements specified in the clause 252.239-7010, Cloud Computing Services, of this contract.

(ii) Any other such IT service or system (i.e., other than cloud computing) shall be subject to the security requirements specified elsewhere in this contract.

(2) For covered contractor information systems that are not part of an IT service or system operated on behalf of the Government and therefore are not subject to the security requirement specified at paragraph (b)(1) of this clause, the following security requirements apply:

(i) Except as provided in paragraph (b)(2)(ii) of this clause, the covered contractor information system shall be subject to the security requirements in National Institute of Standards and Technology (NIST) Special Publication (SP) 800-171, “Protecting Controlled Unclassified Information in Nonfederal Information Systems and Organizations” (available via the internet at http://dx.doi.org/10.6028/NIST.SP.800-171) in effect at the time the solicitation is issued or as authorized by the Contracting Officer.

(ii)(A) The Contractor shall implement NIST SP 800-171, as soon as practical, but not later than December 31, 2017. For all contracts awarded prior to October 1, 2017, the Contractor shall notify the DoD Chief Information Officer (CIO), via email at osd.dibcsia@mail.mil, within 30 days of contract award, of any security requirements specified by NIST SP 800-171 not implemented at the time of contract award.

(B) The Contractor shall submit requests to vary from NIST SP 800-171 in writing to the Contracting Officer, for consideration by the DoD CIO. The Contractor need not implement any security requirement adjudicated by an authorized representative of the DoD CIO to be nonapplicable or to have an alternative, but equally effective, security measure that may be implemented in its place.

(C) If the DoD CIO has previously adjudicated the contractor’s requests indicating that a requirement is not applicable or that an alternative security measure is equally effective, a copy of that approval shall be provided to the Contracting Officer when requesting its recognition under this contract.

(D) If the Contractor intends to use an external cloud service provider to store, process, or transmit any covered defense information in performance of this contract, the Contractor shall require and ensure that the cloud service provider meets
security requirements equivalent to those established by the Government for the Federal Risk and Authorization Management Program (FedRAMP) Moderate baseline (https://www.fedramp.gov/resources/documents/) and that the cloud service provider complies with requirements in paragraphs (c) through (g) of this clause for cyber incident reporting, malicious software, media preservation and protection, access to additional information and equipment necessary for forensic analysis, and cyber incident damage assessment.

(3) Apply other information systems security measures when the Contractor reasonably determines that information systems security measures, in addition to those identified in paragraphs (b)(1) and (2) of this clause, may be required to provide adequate security in a dynamic environment or to accommodate special circumstances (e.g., medical devices) and any individual, isolated, or temporary deficiencies based on an assessed risk or vulnerability. These measures may be addressed in a system security plan.

(c) Cyber incident reporting requirement.

(1) When the Contractor discovers a cyber incident that affects a covered contractor information system or the covered defense information residing therein, or that affects the contractor’s ability to perform the requirements of the contract that are designated as operationally critical support and identified in the contract, the Contractor shall—

(i) Conduct a review for evidence of compromise of covered defense information, including, but not limited to, identifying compromised computers, servers, specific data, and user accounts. This review shall also include analyzing covered contractor information system(s) that were part of the cyber incident, as well as other information systems on the Contractor’s network(s), that may have been accessed as a result of the incident in order to identify compromised covered defense information, or that affect the Contractor’s ability to provide operationally critical support; and

(ii) Rapidly report cyber incidents to DoD at http://dibnet.dod.mil.

(2) Cyber incident report. The cyber incident report shall be treated as information created by or for DoD and shall include, at a minimum, the required elements at http://dibnet.dod.mil.

(3) Medium assurance certificate requirement. In order to report cyber incidents in accordance with this clause, the Contractor or subcontractor shall have or acquire a DoD-approved medium assurance certificate to report cyber incidents. For information on obtaining a DoD-approved medium assurance certificate, see http://iase.disa.mil/pki/eca/Pages/index.aspx.

(d) Malicious software. When the Contractor or subcontractors discover and isolate malicious software in connection with a reported cyber incident, submit the malicious software to DoD Cyber Crime Center (DC3) in accordance with instructions provided by DC3 or the Contracting Officer. Do not send the malicious software to the Contracting Officer.

(e) Media preservation and protection. When a Contractor discovers a cyber incident has occurred, the Contractor shall preserve and protect images of all known
affected information systems identified in paragraph (c)(1)(i) of this clause and all relevant monitoring/packet capture data for at least 90 days from the submission of the cyber incident report to allow DoD to request the media or decline interest.

(f) Access to additional information or equipment necessary for forensic analysis. Upon request by DoD, the Contractor shall provide DoD with access to additional information or equipment that is necessary to conduct a forensic analysis.

(g) Cyber incident damage assessment activities. If DoD elects to conduct a damage assessment, the Contracting Officer will request that the Contractor provide all of the damage assessment information gathered in accordance with paragraph (e) of this clause.

(h) DoD safeguarding and use of contractor attributional/proprietary information. The Government shall protect against the unauthorized use or release of information obtained from the contractor (or derived from information obtained from the contractor) under this clause that includes contractor attributional/proprietary information, including such information submitted in accordance with paragraph (c). To the maximum extent practicable, the Contractor shall identify and mark attributional/proprietary information. In making an authorized release of such information, the Government will implement appropriate procedures to minimize the contractor attributional/proprietary information that is included in such authorized release, seeking to include only that information that is necessary for the authorized purpose(s) for which the information is being released.

(i) Use and release of contractor attributional/proprietary information not created by or for DoD. Information that is obtained from the contractor (or derived from information obtained from the contractor) under this clause that is not created by or for DoD is authorized to be released outside of DoD—

(1) To entities with missions that may be affected by such information;

(2) To entities that may be called upon to assist in the diagnosis, detection, or mitigation of cyber incidents;

(3) To Government entities that conduct counterintelligence or law enforcement investigations;

(4) For national security purposes, including cyber situational awareness and defense purposes (including with Defense Industrial Base (DIB) participants in the program at 32 CFR part 236); or

(5) To a support services contractor (“recipient”) that is directly supporting Government activities under a contract that includes the clause at 252.204-7009, Limitations on the Use or Disclosure of Third-Party Contractor Reported Cyber Incident Information.

(j) Use and release of contractor attributional/proprietary information created by or for DoD. Information that is obtained from the contractor (or derived from information obtained from the contractor) under this clause that is created by or for DoD (including the information submitted pursuant to paragraph (c) of this clause) is authorized to be used and released outside of DoD for purposes and activities authorized by paragraph
(i) of this clause, and for any other lawful Government purpose or activity, subject to all applicable statutory, regulatory, and policy based restrictions on the Government’s use and release of such information.

(k) The Contractor shall conduct activities under this clause in accordance with applicable laws and regulations on the interception, monitoring, access, use, and disclosure of electronic communications and data.

(l) Other safeguarding or reporting requirements. The safeguarding and cyber incident reporting required by this clause in no way abrogates the Contractor’s responsibility for other safeguarding or cyber incident reporting pertaining to its unclassified information systems as required by other applicable clauses of this contract, or as a result of other applicable U.S. Government statutory or regulatory requirements.

(m) Subcontracts. The Contractor shall—

(1) Include this clause, including this paragraph (m), in subcontracts, or similar contractual instruments, for operationally critical support, or for which subcontract performance will involve covered defense information, including subcontracts for commercial items, without alteration, except to identify the parties. The Contractor shall determine if the information required for subcontractor performance retains its identity as covered defense information and will require protection under this clause, and, if necessary, consult with the Contracting Officer; and

(2) Require subcontractors to—

   (i) Notify the prime Contractor (or next higher-tier subcontractor) when submitting a request to vary from a NIST SP 800-171 security requirement to the Contracting Officer, in accordance with paragraph (b)(2)(ii)(B) of this clause; and

   (ii) Provide the incident report number, automatically assigned by DoD, to the prime Contractor (or next higher-tier subcontractor) as soon as practicable, when reporting a cyber incident to DoD as required in paragraph (c) of this clause.

(End of clause)
recompiled. Computer software does not include computer data bases or computer software documentation.

“Litigation information” means any information, including sensitive information, that is furnished to the contractor by or on behalf of the Government, or that is generated or obtained by the contractor in the performance of litigation support under a contract. The term does not include information that is lawfully, publicly available without restriction, including information contained in a publicly available solicitation.

“Litigation support” means administrative, technical, or professional services provided in support of the Government during or in anticipation of litigation.

“Sensitive information” means controlled unclassified information of a commercial, financial, proprietary, or privileged nature. The term includes technical data and computer software, but does not include information that is lawfully, publicly available without restriction.

“Technical data” means recorded information, regardless of the form or method of the recording, of a scientific or technical nature (including computer software documentation). The term does not include computer software or data incidental to contract administration, such as financial and/or management information.

(b) Limitations on use or disclosure of litigation information. Notwithstanding any other provision of this solicitation, by submission of its offer, the Offeror agrees and acknowledges that—

(1) All litigation information will be accessed and used for the sole purpose of providing litigation support;

(2) The Offeror will take all precautions necessary to prevent unauthorized disclosure of litigation information;

(3) The litigation information shall not be used by the Offeror to compete against a third party for Government or nongovernment contracts; and

(4) Upon completion of the authorized litigation support activities, the Offeror will destroy or return to the Government at the request of the Contracting Officer all litigation information in its possession.

(c) Indemnification and creation of third party beneficiary rights. By submission of its offer, the Offeror agrees—

(1) To indemnify and hold harmless the Government, its agents, and employees from any claim or liability, including attorneys’ fees, court costs, and expenses, arising out of, or in any way related to, the misuse or unauthorized modification, reproduction, release, performance, display, or disclosure of any litigation information; and

(2) That any third party holding proprietary rights or any other legally protectable interest in any litigation information, in addition to any other rights it may have, is a third party beneficiary who shall have a right of direct action against the Offeror, and against any person to whom the Offeror has released or disclosed such litigation information, for any such unauthorized use or disclosure of such information.
(d) **Offeror employees.** By submission of its offer, the Offeror agrees to ensure that its employees are subject to use and nondisclosure obligations consistent with this provision prior to the employees being provided access to or use of any litigation information covered by this provision.

(End of provision)

**252.204-7014 Limitations on the Use or Disclosure of Information by Litigation Support Contractors.**
As prescribed in 204.7403(b), use the following clause:

**LIMITATIONS ON THE USE OR DISCLOSURE OF INFORMATION BY LITIGATION SUPPORT CONTRACTORS (MAY 2016)**

(a) **Definitions.** As used in this clause—

“Computer software” means computer programs, source code, source code listings, object code listings, design details, algorithms, processes, flow charts, formulae, and related material that would enable the software to be reproduced, recreated, or recompiled. Computer software does not include computer data bases or computer software documentation.

“Litigation information” means any information, including sensitive information, that is furnished to the contractor by or on behalf of the Government, or that is generated or obtained by the contractor in the performance of litigation support work under a contract. The term does not include information that is lawfully, publicly available without restriction, including information contained in a publicly available solicitation.

“Litigation support” means administrative, technical, or professional services provided in support of the Government during or in anticipation of litigation.

"Litigation support contractor" means a contractor (including its experts, technical consultants, subcontractors, and suppliers) providing litigation support under a contract that contains this clause.

“Sensitive information” means controlled unclassified information of a commercial, financial, proprietary, or privileged nature. The term includes technical data and computer software, but does not include information that is lawfully, publicly available without restriction.

“Technical data” means recorded information, regardless of the form or method of the recording, of a scientific or technical nature (including computer software documentation). The term does not include computer software or data incidental to contract administration, such as financial and/or management information.

(b) **Limitations on use or disclosure of litigation information.** Notwithstanding any other provision of this contract, the Contractor shall—

(1) Access and use litigation information only for the purpose of providing litigation support under this contract;
(2) Not disclose litigation information to any entity outside the Contractor’s organization unless, prior to such disclosure the Contracting Officer has provided written consent to such disclosure;

(3) Take all precautions necessary to prevent unauthorized disclosure of litigation information;

(4) Not use litigation information to compete against a third party for Government or nongovernment contracts; and

(5) Upon completion of the authorized litigation support activities, destroy or return to the Government at the request of the Contracting Officer all litigation information in its possession.

(c) Violation of paragraph (b)(1), (b)(2), (b)(3), (b)(4), or (b)(5) of this clause, is a basis for the Government to terminate this contract.

(d) **Indemnification and creation of third party beneficiary rights.** The Contractor agrees—

(1) To indemnify and hold harmless the Government, its agents, and employees from any claim or liability, including attorneys’ fees, court costs, and expenses, arising out of, or in any way related to, the misuse or unauthorized modification, reproduction, release, performance, display, or disclosure of any litigation information; and

(2) That any third party holding proprietary rights or any other legally protectable interest in any litigation information, in addition to any other rights it may have, is a third party beneficiary under this contract who shall have a right of direct action against the Contractor, and against any person to whom the Contractor has released or disclosed such litigation information, for any such unauthorized use or disclosure of such information.

(e) **Contractor employees.** The Contractor shall ensure that its employees are subject to use and nondisclosure obligations consistent with this clause prior to the employees being provided access to or use of any litigation information covered by this clause.

(f) **Flowdown.** Include the substance of this clause, including this paragraph (f), in all subcontracts, including subcontracts for commercial items.

(End of clause)

252.204-7015 Notice of Authorized Disclosure of Information for Litigation Support.
As prescribed in 204.7403(c), use the following clause:

NOTICE OF AUTHORIZED DISCLOSURE OF INFORMATION FOR LITIGATION SUPPORT (MAY 2016)

(a) **Definitions.** As used in this clause—
“Computer software” means computer programs, source code, source code listings, object code listings, design details, algorithms, processes, flow charts, formulae, and related material that would enable the software to be reproduced, recreated, or recompiled. Computer software does not include computer data bases or computer software documentation.

“Litigation support” means administrative, technical, or professional services provided in support of the Government during or in anticipation of litigation.

"Litigation support contractor" means a contractor (including its experts, technical consultants, subcontractors, and suppliers) providing litigation support under a contract that contains the clause at 252.204-7014, Limitations on the Use or Disclosure of Information by Litigation Support Contractors.

“Sensitive information” means controlled unclassified information of a commercial, financial, proprietary, or privileged nature. The term includes technical data and computer software, but does not include information that is lawfully, publicly available without restriction.

“Technical data” means recorded information, regardless of the form or method of the recording, of a scientific or technical nature (including computer software documentation). The term does not include computer software or data incidental to contract administration, such as financial and/or management information.

(b) Notice of authorized disclosures. Notwithstanding any other provision of this solicitation or contract, the Government may disclose to a litigation support contractor, for the sole purpose of litigation support activities, any information, including sensitive information, received--

(1) Within or in connection with a quotation or offer; or

(2) In the performance of or in connection with a contract.

(c) Flowdown. Include the substance of this clause, including this paragraph (c), in all subcontracts, including subcontracts for commercial items.

(End of clause)

As prescribed in 215.408(1), use the following clause:

COST ESTIMATING SYSTEM REQUIREMENTS (DEC 2012)

(a) Definitions.

“Acceptable estimating system” means an estimating system that complies with the system criteria in paragraph (d) of this clause, and provides for a system that—

(1) Is maintained, reliable, and consistently applied;

(2) Produces verifiable, supportable, documented, and timely cost estimates that are an acceptable basis for negotiation of fair and reasonable prices;

(3) Is consistent with and integrated with the Contractor’s related management systems; and

(4) Is subject to applicable financial control systems.

“Estimating system” means the Contractor's policies, procedures, and practices for budgeting and planning controls, and generating estimates of costs and other data included in proposals submitted to customers in the expectation of receiving contract awards. Estimating system includes the Contractor's—

(1) Organizational structure;

(2) Established lines of authority, duties, and responsibilities;

(3) Internal controls and managerial reviews;

(4) Flow of work, coordination, and communication; and

(5) Budgeting, planning, estimating methods, techniques, accumulation of historical costs, and other analyses used to generate cost estimates.

“Significant deficiency” means a shortcoming in the system that materially affects the ability of officials of the Department of Defense to rely upon data and information produced by the system that is needed for management purposes.

(b) General. The Contractor shall establish, maintain, and comply with an acceptable estimating system.

(c) Applicability. Paragraphs (d) and (e) of this clause apply if the Contractor is a large business and either—
(1) In its fiscal year preceding award of this contract, received Department of
Defense (DoD) prime contracts or subcontracts, totaling $50 million or more for which
certified cost or pricing data were required; or

(2) In its fiscal year preceding award of this contract—

(i) Received DoD prime contracts or subcontracts totaling $10 million or
more (but less than $50 million) for which certified cost or pricing data were required; and

(ii) Was notified, in writing, by the Contracting Officer that paragraphs (d)
and (e) of this clause apply.

(d) System requirements.

(1) The Contractor shall disclose its estimating system to the
Administrative Contracting Officer (ACO), in writing. If the Contractor wishes the
Government to protect the data and information as privileged or confidential, the
Contractor must mark the documents with the appropriate legends before
submission.

(2) An estimating system disclosure is acceptable when the Contractor has
provided the ACO with documentation that—

(i) Accurately describes those policies, procedures, and practices that the
Contractor currently uses in preparing cost proposals; and

(ii) Provides sufficient detail for the Government to reasonably make an
informed judgment regarding the acceptability of the Contractor's estimating practices.

(3) The Contractor shall—

(i) Comply with its disclosed estimating system; and

(ii) Disclose significant changes to the cost estimating system to the ACO on
a timely basis.

(4) The Contractor’s estimating system shall provide for the use of appropriate
source data, utilize sound estimating techniques and good judgment, maintain a
consistent approach, and adhere to established policies and procedures. An acceptable
estimating system shall accomplish the following functions:

(i) Establish clear responsibility for preparation, review, and approval of
cost estimates and budgets.

(ii) Provide a written description of the organization and duties of the
personnel responsible for preparing, reviewing, and approving cost estimates and
budgets.

(iii) Ensure that relevant personnel have sufficient training, experience, and
guidance to perform estimating and budgeting tasks in accordance with the
Contractor’s established procedures.
(iv) Identify and document the sources of data and the estimating methods and rationale used in developing cost estimates and budgets.

(v) Provide for adequate supervision throughout the estimating and budgeting process.

(vi) Provide for consistent application of estimating and budgeting techniques.

(vii) Provide for detection and timely correction of errors.

(viii) Protect against cost duplication and omissions.

(ix) Provide for the use of historical experience, including historical vendor pricing data, where appropriate.

(x) Require use of appropriate analytical methods.

(xi) Integrate data and information available from other management systems.

(xii) Require management review, including verification of compliance with the company's estimating and budgeting policies, procedures, and practices.

(xiii) Provide for internal review of, and accountability for, the acceptability of the estimating system, including the budgetary data supporting indirect cost estimates and comparisons of projected results to actual results, and an analysis of any differences.

(xiv) Provide procedures to update cost estimates and notify the Contracting Officer in a timely manner throughout the negotiation process.

(xv) Provide procedures that ensure subcontract prices are reasonable based on a documented review and analysis provided with the prime proposal, when practicable.

(xvi) Provide estimating and budgeting practices that consistently generate sound proposals that are compliant with the provisions of the solicitation and are adequate to serve as a basis to reach a fair and reasonable price.

(xvii) Have an adequate system description, including policies, procedures, and estimating and budgeting practices, that comply with the Federal Acquisition Regulation and Defense Federal Acquisition Regulation Supplement.

(e) Significant deficiencies.

(1) The Contracting Officer will provide an initial determination to the Contractor, in writing, of any significant deficiencies. The initial determination will describe the deficiency in sufficient detail to allow the Contractor to understand the deficiency.
(2) The Contractor shall respond within 30 days to a written initial determination from the Contracting Officer that identifies significant deficiencies in the Contractor's estimating system. If the Contractor disagrees with the initial determination, the Contractor shall state, in writing, its rationale for disagreeing.

(3) The Contracting Officer will evaluate the Contractor's response and notify the Contractor, in writing, of the Contracting Officer's final determination concerning—

   (i) Remaining significant deficiencies;

   (ii) The adequacy of any proposed or completed corrective action; and

   (iii) System disapproval, if the Contracting Officer determines that one or more significant deficiencies remain.

(f) If the Contractor receives the Contracting Officer’s final determination of significant deficiencies, the Contractor shall, within 45 days of receipt of the final determination, either correct the significant deficiencies or submit an acceptable corrective action plan showing milestones and actions to eliminate the significant deficiencies.

(g) Withholding payments. If the Contracting Officer makes a final determination to disapprove the Contractor's estimating system, and the contract includes the clause at 252.242-7005, Contractor Business Systems, the Contracting Officer will withhold payments in accordance with that clause.

(End of clause)

252.215-7003 Requirement for Submission of Data Other Than Certified Cost or Pricing Data—Canadian Commercial Corporation.
As prescribed at 215.408(2)(i), use the following provision:

REQUIREMENT FOR SUBMISSION OF DATA OTHER THAN CERTIFIED COST OR PRICING DATA—CANADIAN COMMERCIAL CORPORATION (JUL 2012)

(a) Submission of certified cost or pricing data is not required.

(b) Canadian Commercial Corporation shall obtain and provide the following:

   (i) Profit rate or fee (as applicable).

   (ii) Analysis provided by Public Works and Government Services Canada to the Canadian Commercial Corporation to determine a fair and reasonable price (comparable to the analysis required at FAR 15.404-1).

   (iii) Data other than certified cost or pricing data necessary to permit a determination by the U.S. Contracting Officer that the proposed price is fair and reasonable [U.S. Contracting Officer to insert description of the data required in accordance with FAR 15.403-3(a)(1)].

(c) As specified in FAR 15.403-3(a)(4), an offeror who does not comply with a requirement to submit data that the U.S. Contracting Officer has deemed necessary to
determine price reasonableness or cost realism is ineligible for award unless the head of the contracting activity determines that it is in the best interest of the Government to make the award to that offeror.

(End of provision)

252.215-7004 Requirement for Submission of Data Other Than Certified Cost or Pricing Data—Modifications—Canadian Commercial Corporation. As prescribed at 215.408(2)(ii), use the following clause:

REQUIREMENT FOR SUBMISSION OF DATA OTHER THAN CERTIFIED COST OR PRICING DATA—MODIFICATIONS—CANADIAN COMMERCIAL CORPORATION (OCT 2013)

This clause, in lieu of FAR 52.215-21, applies only if award is to the Canadian Commercial Corporation.

(a) Submission of certified cost or pricing data is not required.

(b) Canadian Commercial Corporation shall obtain and provide the following for modifications that exceed the $150,000 [or higher dollar value specified by the U.S. Contracting Officer in the solicitation].

(i) Profit rate or fee (as applicable).

(ii) Analysis provided by Public Works and Government Services Canada to the Canadian Commercial Corporation to determine a fair and reasonable price (comparable to the analysis required at FAR 15.404-1).

(iii) Data other than certified cost or pricing data necessary to permit a determination by the U.S. Contracting Officer that the proposed price is fair and reasonable [U.S. Contracting Officer to insert description of the data required in accordance with FAR 15.403-3(a)(1)].

(End of clause)

252.215-7005 Evaluation Factor for Employing or Subcontracting with Members of the Selected Reserve. As prescribed in 215.370-3(a), use the following provision:

EVALUATION FACTOR FOR EMPLOYING OR SUBCONTRACTING WITH MEMBERS OF THE SELECTED RESERVE (OCT 2008)

(a) Definition. “Selected Reserve,” as used in this provision, has the meaning given that term in 10 U.S.C. 10143. Selected Reserve members normally attend regular drills throughout the year and are the group of Reserves most readily available to the President.

(b) This solicitation includes an evaluation factor that considers the offeror’s intended use of employees, or individual subcontractors, who are members of the Selected Reserve.
(c) If the offeror, in the performance of any contract resulting from this solicitation, intends to use employees or individual subcontractors who are members of the Selected Reserve, the offeror’s proposal shall include documentation to support this intent. Such documentation may include, but is not limited to—

(1) Existing company documentation, such as payroll or personnel records, indicating the names of the Selected Reserve members who are currently employed by the company; or

(2) A statement that one or more positions will be set aside to be filled by new hires of Selected Reserve members, along with verifying documentation.

(End of provision)

252.215-7006 Use of Employees or Individual Subcontractors Who are Members of the Selected Reserve.
As prescribed in 215.370-3(b), use the following clause:

USE OF EMPLOYEES OR INDIVIDUAL SUBCONTRACTORS WHO ARE MEMBERS OF THE SELECTED RESERVE (OCT 2008)

(a) Definition. “Selected Reserve,” as used in this clause, has the meaning given that term in 10 U.S.C. 10143. Selected Reserve members normally attend regular drills throughout the year and are the group of Reserves most readily available to the President.

(b) If the Contractor stated in its offer that it intends to use members of the Selected Reserve in the performance of this contract—

(1) The Contractor shall use employees, or individual subcontractors, who are members of the Selected Reserve in the performance of the contract to the fullest extent consistent with efficient contract performance; and

(2) The Government has the right to terminate the contract for default if the Contractor willfully or intentionally fails to use members of the Selected Reserve, as employees or individual subcontractors, in the performance of the contract.

(End of clause)

252.215-7007 Notice of Intent to Resolicit.
As prescribed at 215.371-6, use the following provision:

NOTICE OF INTENT TO RESOLICIT (JUN 2012)

This solicitation provides offerors fewer than 30 days to submit proposals. In the event that only one offer is received in response to this solicitation, the Contracting Officer may cancel the solicitation and resolicit for an additional period of at least 30 days in accordance with 215.371-2.

(End of provision)
252.215-7008 Only One Offer.
As prescribed at 215.408(3), use the following provision:

ONLY ONE OFFER (JUN 2019)

(a) Cost or pricing data requirements. After initial submission of offers, if the Contracting Officer notifies the Offeror that only one offer was received, the Offeror agrees to—

(1) Submit any additional cost or pricing data that is required in order to determine whether the price is fair and reasonable or to comply with the statutory requirement for certified cost or pricing data (10 U.S.C. 2306a and FAR 15.403-3); and

(2) Except as provided in paragraph (b) of this provision, if the acquisition exceeds the certified cost or pricing data threshold and an exception to the requirement for certified cost or pricing data at FAR 15.403-1(b)(2) through (5) does not apply, certify all cost or pricing data in accordance with paragraph (c) of DFARS provision 252.215-7010, Requirements for Certified Cost or Pricing Data and Data Other Than Certified Cost or Pricing Data, of this solicitation.

(b) Canadian Commercial Corporation. If the Offeror is the Canadian Commercial Corporation, certified cost or pricing data are not required. If the Contracting Officer notifies the Canadian Commercial Corporation that additional data other than certified cost or pricing data are required in accordance with DFARS 225.870-4(c), the Canadian Commercial Corporation shall obtain and provide the following:

(1) Profit rate or fee (as applicable).

(2) Analysis provided by Public Works and Government Services Canada to the Canadian Commercial Corporation to determine a fair and reasonable price (comparable to the analysis required at FAR 15.404-1).

(3) Data other than certified cost or pricing data necessary to permit a determination by the U.S. Contracting Officer that the proposed price is fair and reasonable [U.S. Contracting Officer to provide description of the data required in accordance with FAR 15.403-3(a)(1) with the notification].

(4) As specified in FAR 15.403-3(a)(4), an offeror who does not comply with a requirement to submit data that the U.S. Contracting Officer has deemed necessary to determine price reasonableness or cost realism is ineligible for award unless the head of the contracting activity determines that it is in the best interest of the Government to make the award to that offeror.

(c) Subcontracts. Unless the Offeror is the Canadian Commercial Corporation, the Offeror shall insert the substance of this provision, including this paragraph (c), in all subcontracts exceeding the simplified acquisition threshold defined in FAR part 2.

(End of provision)

As prescribed in 215.408(4), use the following provision:
PROPOSAL ADEQUACY CHECKLIST (JAN 2014)

The offeror shall complete the following checklist, providing location of requested information, or an explanation of why the requested information is not provided. In preparation of the offeror’s checklist, offerors may elect to have their prospective subcontractors use the same or similar checklist as appropriate.

### 252.215-7010 Requirements for Certified Cost or Pricing Data and Data Other Than Certified Cost or Pricing Data.

**Basic.** As prescribed in 215.408(5)(i) and (5)(i)(A), use the following provision:

REQUIREMENTS FOR CERTIFIED COST OR PRICING DATA AND DATA OTHER THAN CERTIFIED COST OR PRICING DATA—BASIC (JUN 2019)

(a) **Definitions.** As used in this provision—

“Market prices” means current prices that are established in the course of ordinary trade between buyers and sellers free to bargain and that can be substantiated through competition or from sources independent of the offerors.

“Non-Government sales” means sales of the supplies or services to non-Governmental entities for purposes other than governmental purposes.

“Relevant sales data” means information provided by an offeror on sales of the same or similar items that can be used to establish price reasonableness taking into consideration the age, volume, and nature of the transactions (including any related discounts, refunds, rebates, offsets, or other adjustments).
“Sufficient non-Government sales” means relevant sales data that reflects market pricing and contains enough information to make adjustments covered by FAR 15.404-1(b)(2)(ii)(B).

“Uncertified cost data” means the subset of “data other than certified cost or pricing data” (see FAR 2.101) that relates to cost.

(b) Exceptions from certified cost or pricing data.

(1) In lieu of submitting certified cost or pricing data, the Offeror may submit a written request for exception by submitting the information described in paragraphs (b)(1)(i) and (ii) of this provision. The Contracting Officer may require additional supporting information, but only to the extent necessary to determine whether an exception should be granted and whether the price is fair and reasonable.

(i) Exception for prices set by law or regulation - Identification of the law or regulation establishing the prices offered. If the prices are controlled under law by periodic rulings, reviews, or similar actions of a governmental body, attach a copy of the controlling document, unless it was previously submitted to the contracting office.

(ii) Commercial item exception. For a commercial item exception, the Offeror shall submit, at a minimum, information that is adequate for evaluating the reasonableness of the price for this acquisition, including prices at which the same item or similar items have been sold in the commercial market. Such information shall include—

(A) For items previously determined to be commercial, the contract number and military department, defense agency, or other DoD component that rendered such determination, and if available, a Government point of contact;

(B) For items priced based on a catalog—

(1) A copy of or identification of the Offeror’s current catalog showing the price for that item; and

(2) If the catalog pricing provided with this proposal is not consistent with all relevant sales data, a detailed description of differences or inconsistencies between or among the relevant sales data, the proposed price, and the catalog price (including any related discounts, refunds, rebates, offsets, or other adjustments);

(C) For items priced based on market pricing, a description of the nature of the commercial market, the methodology used to establish a market price, and all relevant sales data. The description shall be adequate to permit DoD to verify the accuracy of the description;

(D) For items included on an active Federal Supply Service Multiple Award Schedule contract, proof that an exception has been granted for the schedule item; or
(E) For items provided by nontraditional defense contractors, a statement that the entity is not currently performing and has not performed, for at least the 1-year period preceding the solicitation of sources by DoD for the procurement or transaction, any contract or subcontract for DoD that is subject to full coverage under the cost accounting standards prescribed pursuant to 41 U.S.C. 1502 and the regulations implementing such section.

(2) The Offeror grants the Contracting Officer or an authorized representative the right to examine, at any time before award, books, records, documents, or other directly pertinent records to verify any request for an exception under this provision, and to determine the reasonableness of price.

(c) Requirements for certified cost or pricing data. If the Offeror is not granted an exception from the requirement to submit certified cost or pricing data, the following applies:

(1) The Offeror shall prepare and submit certified cost or pricing data and supporting attachments in accordance with the instructions contained in Table 15-2 of FAR 15.408, which is incorporated by reference with the same force and effect as though it were inserted here in full text. The instructions in Table 15-2 are incorporated as a mandatory format to be used in any resultant contract, unless the Contracting Officer and the Offeror agree to a different format and change this provision to use Alternate I.

(2) As soon as practicable after agreement on price, but before contract award (except for unpriced actions such as letter contracts), the Offeror shall submit a Certificate of Current Cost or Pricing Data, as prescribed by FAR 15.406-2.

(3) The Offeror is responsible for determining whether a subcontractor qualifies for an exception from the requirement for submission of certified cost or pricing data on the basis of adequate price competition, i.e., two or more responsible offerors, competing independently, submit responsive and viable offers in accordance with FAR 15.403-1(c)(1)(ii).

(d) Requirements for data other than certified cost or pricing data.

(1) Data other than certified cost or pricing data submitted in accordance with this provision shall include the minimum information necessary to permit a determination that the proposed price is fair and reasonable, to include the requirements in DFARS 215.402(a)(i) and 215.404-1(b).

(2) In cases in which uncertified cost data is required, the information shall be provided in the form in which it is regularly maintained by the Offeror or prospective subcontractor in its business operations.

(3) Within 10 days of a written request from the Contracting Officer for additional information to permit an adequate evaluation of the proposed price in accordance with FAR 15.403-3, the Offeror shall provide either the requested information, or a written explanation for the inability to fully comply.

(4) Subcontract price evaluation.
(i) Offerors shall obtain from subcontractors the minimum information necessary to support a determination of price reasonableness, as described in FAR part 15 and DFARS part 215.

(ii) No cost data may be required from a prospective subcontractor in any case in which there are sufficient non-Government sales of the same item to establish reasonableness of price.

(iii) If the Offeror relies on relevant sales data for similar items to determine the price is reasonable, the Offeror shall obtain only that technical information necessary—

(A) To support the conclusion that items are technically similar; and

(B) To explain any technical differences that account for variances between the proposed prices and the sales data presented.

(e) Subcontracts. The Offeror shall insert the substance of this provision, including this paragraph (e), in subcontracts exceeding the simplified acquisition threshold defined in FAR part 2. The Offeror shall require prospective subcontractors to adhere to the requirements of—

(1) Paragraphs (c) and (d) of this provision for subcontracts above the threshold for submission of certified cost or pricing data in FAR 15.403-4; and

(2) Paragraph (d) of this provision for subcontracts exceeding the simplified acquisition threshold defined in FAR part 2.

(End of provision)

Alternate I. As prescribed in 215.408(5)(i) and (5)(i)(B), use the following provision, which includes different paragraphs (c)(1) and (d)(3) than the basic clause.

REQUIREMENTS FOR CERTIFIED COST OR PRICING DATA AND DATA OTHER THAN CERTIFIED COST OR PRICING DATA—ALTERNATE I

(JUN 2019)

(a) Definitions. As used in this provision—

“Market prices” means current prices that are established in the course of ordinary trade between buyers and sellers free to bargain and that can be substantiated through competition or from sources independent of the offerors.

“Non-Government sales” means sales of the supplies or services to non-Governmental entities for purposes other than governmental purposes.

“Relevant sales data” means information provided by an offeror on sales of the same or similar items that can be used to establish price reasonableness taking into consideration the age, volume, and nature of the transactions (including any related discounts, refunds, rebates, offsets, or other adjustments).
“Sufficient non-Government sales” means relevant sales data that reflects market pricing and contains enough information to make adjustments covered by FAR 15.404-1(b)(2)(ii)(B).

“Uncertified cost data” means the subset of “data other than certified cost or pricing data” (see FAR 2.101) that relates to cost.

(b) Exceptions from certified cost or pricing data.

(1) In lieu of submitting certified cost or pricing data, the Offeror may submit a written request for exception by submitting the information described in paragraphs (b)(1)(i) and (ii) of this provision. The Contracting Officer may require additional supporting information, but only to the extent necessary to determine whether an exception should be granted and whether the price is fair and reasonable.

(i) Exception for price set by law or regulation - Identification of the law or regulation establishing the price offered. If the price is controlled under law by periodic rulings, reviews, or similar actions of a governmental body, attach a copy of the controlling document, unless it was previously submitted to the contracting office.

(ii) Commercial item exception. For a commercial item exception, the Offeror shall submit, at a minimum, information that is adequate for evaluating the reasonableness of the price for this acquisition, including prices at which the same item or similar items have been sold in the commercial market. Such information shall include—

(A) For items previously determined to be commercial, the contract number and military department, defense agency, or other DoD component that rendered such determination, and if available, a Government point of contact;

(B) For items priced based on a catalog—

(1) A copy of or identification of the Offeror’s current catalog showing the price for that item; and

(2) If the catalog pricing provided with this proposal is not consistent with all relevant sales data, a detailed description of differences or inconsistencies between or among the relevant sales data, the proposed price, and the catalog price (including any related discounts, refunds, rebates, offsets, or other adjustments);

(C) For items priced based on market pricing, a description of the nature of the commercial market, the methodology used to establish a market price, and all relevant sales data. The description shall be adequate to permit DoD to verify the accuracy of the description;

(D) For items included on an active Federal Supply Service Multiple Award Schedule contract, proof that an exception has been granted for the schedule item; or
(E) For items provided by nontraditional defense contractors, a statement that the entity is not currently performing and has not performed, for at least the 1-year period preceding the solicitation of sources by DoD for the procurement or transaction, any contract or subcontract for DoD that is subject to full coverage under the cost accounting standards prescribed pursuant to 41 U.S.C. 1502 and the regulations implementing such section.

(2) The Offeror grants the Contracting Officer or an authorized representative the right to examine, at any time before award, books, records, documents, or other directly pertinent records to verify any request for an exception under this provision, and to determine the reasonableness of price.

(c) Requirements for certified cost or pricing data. If the Offeror is not granted an exception from the requirement to submit certified cost or pricing data, the following applies:

(1) The Offeror shall submit certified cost or pricing data and supporting attachments in the following format: [Insert description of the data and format that are required, and include access to records necessary to permit an adequate evaluation of the proposed price in accordance with FAR 15.408, Table 15-2, Note 2. The Contracting Officer shall insert the description at the time of issuing the solicitation or specify that the format regularly maintained by the offeror or prospective subcontractor in its business operations will be acceptable. The Contracting Officer may amend the description as the result of negotiations.]

(2) As soon as practicable after agreement on price, but before contract award (except for unpriced actions such as letter contracts), the Offeror shall submit a Certificate of Current Cost or Pricing Data, as prescribed by FAR 15.406-2.

(3) The Offeror is responsible for determining whether a subcontractor qualifies for an exception from the requirement for submission of certified cost or pricing data on the basis of adequate price competition, i.e., two or more responsible offerors, competing independently, submit responsive and viable offers in accordance with FAR 15.403-1(c)(1)(ii).

(d) Requirements for data other than certified cost or pricing data.

(1) Data other than certified cost or pricing data submitted in accordance with this provision shall include all data necessary to permit a determination that the proposed price is fair and reasonable, to include the requirements in DFARS 215.402(a)(i) and 215.404-1(b).

(2) In cases in which uncertified cost data is required, the information shall be provided in the form in which it is regularly maintained by the Offeror or prospective subcontractor in its business operations.

(3) The Offeror shall provide information described as follows: [Insert description of the data and the format that are required, including access to records necessary to permit an adequate evaluation of the proposed price in accordance with FAR 15.403-3].
(4) Within 10 days of a written request from the Contracting Officer for additional information to support proposal analysis, the Offeror shall provide either the requested information, or a written explanation for the inability to fully comply.

(5) **Subcontract price evaluation.**

(i) Offerors shall obtain from subcontractors the information necessary to support a determination of price reasonableness, as described in FAR part 15 and DFARS part 215.

(ii) No cost information may be required from a prospective subcontractor in any case in which there are sufficient non-Government sales of the same item to establish reasonableness of price.

(iii) If the Offeror relies on relevant sales data for similar items to determine the price is reasonable, the Offeror shall obtain only that technical information necessary—

(A) To support the conclusion that items are technically similar; and

(B) To explain any technical differences that account for variances between the proposed prices and the sales data presented.

(e) **Subcontracts.** The Offeror shall insert the substance of this provision, including this paragraph (e), in all subcontracts exceeding the simplified acquisition threshold defined in FAR part 2. The Offeror shall require prospective subcontractors to adhere to the requirements of—

(1) Paragraph (c) and (d) of this provision for subcontracts above the threshold for submission of certified cost or pricing data in FAR 15.403-4; and

(2) Paragraph (d) of this provision for subcontracts exceeding the simplified acquisition threshold defined in FAR part 2.

(End of provision)

252.215-7011 Requirements for Submission of Proposals to the Administrative Contracting Officer and Contract Auditor.
As prescribed in 215.408(5)(ii), use the following provision:

REQUIREMENTS FOR SUBMISSION OF PROPOSALS TO THE ADMINISTRATIVE CONTRACTING OFFICER AND CONTRACT AUDITOR (JAN 2018)

When the proposal is submitted, the Offeror shall also submit one copy each to—

(a) The Administrative Contracting Officer; and

(b) The Contract Auditor.

(End of provision)
As prescribed in 215.408(5)(iii), use the following provision:

REQUIREMENTS FOR SUBMISSION OF PROPOSALS VIA ELECTRONIC MEDIA (JAN 2018)

The Offeror shall submit the cost portion of the proposal via the following electronic media:  [Insert media format, e.g., electronic spreadsheet format, electronic mail, etc.]

(End of provision)

252.215-7013 Supplies and Services Provided by Nontraditional Defense Contractors.
As prescribed in 215.408(6), use the following provision:

SUPPLIES AND SERVICES PROVIDED BY NONTRADITIONAL DEFENSE CONTRACTORS (JAN 2018)

Offerors are advised that in accordance with 10 U.S.C. 2380a, supplies and services provided by a nontraditional defense contractor, as defined in DFARS 212.001, may be treated as commercial items. The decision to apply commercial item procedures to the procurement of supplies and services from a nontraditional defense contractor does not require a commercial item determination and does not mean the supplies or services are commercial.

(End of provision)

252.215-7014 Exception from Certified Cost or Pricing Data Requirements for Foreign Military Sales Indirect Offsets.
As prescribed in 215.408(8), use the following clause:

EXCEPTION FROM CERTIFIED COST OR PRICING DATA REQUIREMENTS FOR FOREIGN MILITARY SALES INDIRECT OFFSETS (JUN 2018)

(a) Definition. As used in this clause—

“Offset” means a benefit or obligation agreed to by a contractor and a foreign government or international organization as an inducement or condition to purchase supplies or services pursuant to a foreign military sale (FMS). There are two types of offsets: direct offsets and indirect offsets.

(1) A direct offset involves benefits or obligations, including supplies or services that are directly related to the item being purchased and are integral to the deliverable of the FMS contract. For example, as a condition of a foreign military sale, the contractor may require or agree to permit the customer to produce in its country certain components or subsystems of the item being sold. Generally, direct offsets must be performed within a specified period, because they are integral to the deliverable of the FMS contract.

(2) An indirect offset involves benefits or obligations, including supplies or services that are not directly related to the specific item(s) being purchased and are not
integral to the deliverable of the FMS contract. For example, as a condition of a foreign military sale, the contractor may agree to purchase certain manufactured products, agricultural commodities, raw materials, or services, or make an equity investment or grant of equipment required by the FMS customer, or may agree to build a school, road or other facility. Indirect offsets would also include projects that are related to the FMS contract but not purchased under said contract (e.g., a project to develop or advance a capability, technology transfer, or know-how in a foreign company). Indirect offsets may be accomplished without a clearly defined period of performance.

(b) Exceptions from certified cost or pricing data requirements. Notwithstanding the requirements of Federal Acquisition Regulation (FAR) 52.215-20, Requirements for Certified Cost or Pricing Data and Data Other Than Certified Cost or Pricing Data, in the case of this contract or a subcontract, and FAR 52.215-21, Requirements for Certified Cost or Pricing Data and Data Other Than Certified Cost or Pricing Data—Modifications, in the case of modification of this contract or a subcontract, submission of certified cost or pricing data shall not be required to the extent such data relates to an indirect offset (10 U.S.C. 2306a(b)(1)).

(End of clause)
252.247-7000  Hardship Conditions.
As prescribed in 247.270-4(a), use the following clause:

HARDSHIP CONDITIONS (AUG 2000)

(a) If the Contractor finds unusual ship, dock, or cargo conditions associated with
loading or unloading a particular cargo, that will work a hardship on the Contractor if
loaded or unloaded at the basic commodity rates, the Contractor shall--

(1) Notify the Contracting Officer before performing the work, if feasible, but no
later than the vessel sailing time; and

(2) Submit any associated request for price adjustment to the Contracting
Officer within 10 working days of the vessel sailing time.

(b) Unusual conditions include, but are not limited to, inaccessibility of place of
stowage to the ship's cargo gear, side port operations, and small quantities of cargo in
any one hatch.

(c) The Contracting Officer will investigate the conditions promptly after receiving
the notice. If the Contracting Officer finds that the conditions are unusual and do
materially affect the cost of loading or unloading, the Contracting Officer will authorize
payment at the applicable man-hour rates set forth in the schedule of rates of this
contract.

(End of clause)

252.247-7001  Reserved.

252.247-7002  Revision of Prices.
As prescribed in 247.270-4(b), use the following clause:

REVISION OF PRICES (DEC 1991)

(a) Definition. “Wage adjustment,” as used in this clause, means a change in the
wages, salaries, or other terms or conditions of employment which—

(1) Substantially affects the cost of performing this contract;

(2) Is generally applicable to the port where work under this contract is
performed; and

(3) Applies to operations by the Contractor on non-Government work as well as
to work under this contract.

(b) General. The prices fixed in this contract are based on wages and working
conditions established by collective bargaining agreements, and on other conditions in
effect on the date of this contract. The Contracting Officer and the Contractor may
agree to increase or decrease such prices in accordance with this clause.
(c) Demand for negotiation.

(1) At any time, subject to the limitations specified in this clause, either the Contracting Officer or the Contractor may deliver to the other a written demand that the parties negotiate to revise the prices under this contract.

(2) No such demand shall be made before 90 days after the date of this contract, and thereafter neither party shall make a demand having an effective date within 90 days of the effective date of any prior demand. However, this limitation does not apply to a wage adjustment during the 90 day period.

(3) Each demand shall specify a date (the same as or subsequent to the date of the delivery of the demand) as to when the revised prices shall be effective. This date is the effective date of the price revision.

(i) If the Contractor makes a demand under this clause, the demand shall briefly state the basis of the demand and include the statements and data referred to in paragraph (d) of this clause.

(ii) If the demand is made by the Contracting Officer, the Contractor shall furnish the statements and data within 30 days of the delivery of the demand.

(d) Submission of data. At the times specified in paragraphs (c)(3)(i) and (ii) of this clause, the Contractor shall submit—

(1) A new estimate and breakdown of the unit cost and the proposed prices for the services the Contractor will perform under this contract after the effective date of the price revision, itemized to be consistent with the original negotiations of the contract;

(2) An explanation of the difference between the original (or last preceding) estimate and the new estimate;

(3) Such relevant operating data, cost records, overhead absorption reports, and accounting statements as may be of assistance in determining the accuracy and reliability of the new estimate;

(4) A statement of the actual costs of performance under this contract to the extent that they are available at the time of the negotiation of the revision of prices under this clause; and

(5) Any other relevant data usually furnished in the case of negotiations of prices under a new contract. The Government may examine and audit the Contractor's accounts, records, and books as the Contracting Officer considers necessary.

(e) Negotiations.

(1) Upon the filing of the statements and data required by paragraph (d) of this clause, the Contractor and the Contracting Officer shall negotiate promptly in good faith to agree upon prices for services the Contractor will perform on and after the effective date of the price revision.
(2) If the prices in this contract were established by competitive negotiation, they shall not be revised upward unless justified by changes in conditions occurring after the contract was awarded.

(3) The agreement reached after each negotiation will be incorporated into the contract by supplemental agreement.

(f) Disagreements. If, within 30 days after the date on which statements and data are required pursuant to paragraph (c) of this clause, the Contracting Officer and the Contractor fail to agree to revised prices, the failure to agree shall be resolved in accordance with the Disputes clause of this contract. The prices fixed by the Contracting Officer will remain in effect for the balance of the contract, and the Contractor shall continue performance.

(g) Retroactive changes in wages or working conditions.

(1) In the event of a retroactive wage adjustment, the Contractor or the Contracting Officer may request an equitable adjustment in the prices in this contract.

(2) The Contractor shall request a price adjustment within 30 days of any retroactive wage adjustment. The Contractor shall support its request with—

(i) An estimate of the changes in cost resulting from the retroactive wage adjustment;

(ii) Complete information upon which the estimate is based; and

(iii) A certified copy of the collective bargaining agreement, arbitration award, or other document evidencing the retroactive wage adjustment.

(3) Subject to the limitation in paragraph (g)(2) of this clause as to the time of making a request, completion or termination of this contract shall not affect the Contractor's right under paragraph (g) of this clause.

(4) In case of disagreement concerning any question of fact, including whether any adjustment should be made, or the amount of such adjustment, the disagreement will be resolved in accordance with the Disputes clause of this contract.

(5) The Contractor shall notify the Contracting Officer in writing of any request by or on behalf of the employees of the Contractor which may result in a retroactive wage adjustment. The notice shall be given within 20 days after the request, or if the request occurs before contract execution, at the time of execution.

(End of clause)

252.247-7003 Pass-Through of Motor Carrier Fuel Surcharge Adjustment to the Cost Bearer.
As prescribed in 247.207, use the following clause:

PASS-THROUGH OF MOTOR CARRIER FUEL SURCHARGE ADJUSTMENT TO THE COST BEARER (JUN 2013)

(b) Unless an exception is authorized by the Contracting Officer, the Contractor shall pass through any motor carrier fuel-related surcharge adjustments to the person, corporation, or entity that directly bears the cost of fuel for shipment(s) transported under this contract.

(c) The Contractor shall insert the substance of this clause, including this paragraph (c), in all subcontracts, including subcontracts for commercial items, with motor carriers, brokers, or freight forwarders.

(End of clause)

252.247-7004 Reserved.

252.247-7005 Reserved.

252.247-7006 Reserved.

252.247-7007 Liability and Insurance.
As prescribed in 247.270-4(c), use the following clause:

LIABILITY AND INSURANCE (DEC 1991)

(a) The Contractor shall be—

(1) Liable to the Government for loss or damage to property, real and personal, owned by the Government or for which the Government is liable;

(2) Responsible for, and hold the Government harmless from, loss of or damage to property not included in paragraph (a)(1); and

(3) Responsible for, and hold the Government harmless from, bodily injury and death of persons, resulting either in whole or in part from the negligence or fault of the Contractor, its officers, agents, or employees in the performance of work under this contract.

(b) For the purpose of this clause, all cargo loaded or unloaded under this contract is agreed to be property owned by the Government or property for which the Government is liable.

(1) The amount of the loss or damage as determined by the Contracting Officer will be withheld from payments otherwise due the Contractor.

(2) Determination of liability and responsibility by the Contracting Officer will constitute questions of fact within the meaning of the Disputes clause of this contract.

(c) The general liability and responsibility of the Contractor under this clause are subject only to the following specific limitations. The Contractor is not responsible to
the Government for, and does not agree to hold the Government harmless from, loss or damage to property or bodily injury to or death of persons if—

(1) The unseaworthiness of the vessel, or failure or defect of the gear or equipment furnished by the Government, contributed jointly with the fault or negligence of the Contractor in causing such damage, injury, or death; and

(i) The Contractor, his officers, agents, and employees, by the exercise of due diligence, could not have discovered such unseaworthiness or defect of gear or equipment; or

(ii) Through the exercise of due diligence could not otherwise have avoided such damage, injury, or death.

(2) The damage, injury, or death resulted solely from an act or omission of the Government or its employees, or resulted solely from proper compliance by officers, agents, or employees of the Contractor with specific directions of the Contracting Officer.

(d) The Contractor shall at its own expense acquire and maintain insurance during the term of this contract, as follows—

(1) Standard workmen's compensation and employer's liability insurance and longshoremen's and harbor workers' compensation insurance, or such of these as may be proper under applicable state or Federal statutes.

(i) The Contractor may, with the prior approval of the Contracting Officer, be a self-insurer against the risk of this paragraph (d)(1).

(ii) This approval will be given upon receipt of satisfactory evidence that the Contractor has qualified as a self-insurer under applicable provision of law.

(2) Bodily injury liability insurance in an amount of not less than $300,000 on account of any one occurrence.

(3) Property damage liability insurance (which shall include any and all property, whether or not in the care, custody, or control of the Contractor) in an amount of not less than $300,000 for any one occurrence.

(e) Each policy shall provide, by appropriate endorsement or otherwise, that cancellation or material change in the policy shall not be effective until after a 30 day written notice is furnished the Contracting Officer.

(f) The Contractor shall furnish the Contracting Officer with satisfactory evidence of the insurance required in paragraph (d) before performance of any work under this contract.

(g) The Contractor shall, at its own cost and expense, defend any suits, demands, claims, or actions, in which the United States might be named as a co-defendant of the Contractor, resulting from the Contractor's performance of work under this contract. This requirement is without regard to whether such suit, demand, claim, or action was the result of the Contractor's negligence. The Government shall have the right to
appear in such suit, participate in defense, and take such actions as may be necessary to protect the interest of the United States.

(h) It is expressly agreed that the provisions in paragraphs (d) through (g) of this clause shall not in any manner limit the liability or extend the liability of the Contractor as provided in paragraphs (a) through (c) of this clause.

(i) The Contractor shall—

(1) Equitably reimburse the Government if the Contractor is indemnified, reimbursed, or relieved of any loss or damage to Government property;

(2) Do nothing to prevent the Government's right to recover against third parties for any such loss or damage; and

(3) Furnish the Government, upon the request of the Contracting Officer, at the Government's expense, all reasonable assistance and cooperation in obtaining recovery, including the prosecution of suit and the execution of instruments of assignment in favor of the Government.

252.247-7014 Demurrage. As prescribed in 247.271-3(c), use the following clause:

DEMURRAGE (DEC 1991)

The Contractor shall be liable for all demurrage, detention, or other charges as a result of its failure to load or unload trucks, freight cars, freight terminals, vessel piers, or warehouses within the free time allowed under applicable rules and tariffs.

(End of clause)

252.247-7015 Reserved.

252.247-7016 Contractor Liability for Loss or Damage. As prescribed in 247.271-3(d), use the following clause:

CONTRACTOR LIABILITY FOR LOSS OR DAMAGE (DEC 1991)
(a) Definitions. As used in this clause—

“Article” means any shipping piece or package and its contents.

“Schedule” means the level of service for which specific types of traffic apply as described in DoD 4500.34-R, Personal Property Traffic Management Regulation.

(b) For shipments picked up under Schedule I, Outbound Services, or delivered under Schedule II, Inbound Services—

(1) If notified within one year after delivery that the owner has discovered loss or damage to the owner's property, the Contractor agrees to indemnify the Government for loss or damage to the property which arises from any cause while it is in the Contractor's possession. The Contractor's liability is—

(i) Non-negligent damage. For any cause, other than the Contractor's negligence, indemnification shall be at a rate not to exceed sixty cents per pound per article.

(ii) Negligent damage. When loss or damage is caused by the negligence of the Contractor, the liability is for the full cost of satisfactory repair or for the current replacement value of the article.

(2) The Contractor shall make prompt payment to the owner of the property for any loss or damage for which the Contractor is liable.

(3) In the absence of evidence or supporting documentation which places liability on a carrier or another contractor, the destination contractor shall be presumed to be liable for the loss or damage, if timely notified.

(c) For shipments picked up or delivered under Schedule III, Intra-City and Intra-Area—

(1) If notified of loss or damage within 75 days following delivery, the Contractor agrees to indemnify the Government for loss or damage to the owner's property.

(2) The Contractor's liability shall be for the full cost of satisfactory repair, or for the current replacement value of the article less depreciation, up to a maximum liability of $1.25 per pound times the net weight of the shipment.

(3) The Contractor has full salvage rights to damaged items which are not repairable and for which the Government has received compensation at replacement value.

(End of clause)
252.247-7020  Reserved.

252.247-7021  Returnable Containers Other Than Cylinders.
As prescribed in 247.305-70, use the following clause:

**RETURNABLE CONTAINERS OTHER THAN CYLINDERS (MAY 1995)**

(a) “Returnable container,” as used in this clause, includes reels, spools, drums, carboys, liquid petroleum gas containers, and other returnable containers when the Contractor retains title to the container.

(b) Returnable containers shall remain the Contractor's property but shall be loaned without charge to the Government for a period of ____ (insert number of days) calendar days after delivery to the f.o.b. point specified in the contract. Beginning with the first day after the loan period expires, to and including the day the containers are delivered to the Contractor (if the original delivery was f.o.b. origin) or are delivered or are made available for delivery to the Contractor's designated carrier (if the original delivery was f.o.b. destination), the Government shall pay the Contractor a rental of $_______ (insert dollar amount for rental) per container per day, computed separately for containers for each type, size, and capacity, and for each point of delivery named in the contract. No rental shall accrue to the Contractor in excess of the replacement value per container specified in paragraph (c) of this clause.

(c) For each container lost or damaged beyond repair while in the Government’s possession, the Government shall pay to the Contractor the replacement value as follows, less the allocable rental paid for that container:

(Insert the container types, sizes, capacities, and associated replacement values.)
These containers shall become Government property.

(d) If any lost container is located within ____ (insert number of days) calendar days after payment by the Government, it may be returned to the Contractor by the Government, and the Contractor shall pay to the Government the replacement value, less rental computed in accordance with paragraph (b) of this clause, beginning at the expiration of the loan period specified in paragraph (b) of this clause, and continuing to the date on which the container was delivered to the Contractor.

(End of clause)

252.247-7022  Representation of Extent of Transportation by Sea.
As prescribed in 247.574(a), use the following provision:

**REPRESENTATION OF EXTENT OF TRANSPORTATION BY SEA (JUN 2019)**

(a) The Offeror shall indicate by checking the appropriate blank in paragraph (b) of this provision whether transportation of supplies by sea is anticipated under the resultant contract. The term “supplies” is defined in the Transportation of Supplies by Sea clause of this solicitation.

(b) Representation. The Offeror represents that it—
_____ Does anticipate that supplies will be transported by sea in the performance of any contract or subcontract resulting from this solicitation.

_____ Does not anticipate that supplies will be transported by sea in the performance of any contract or subcontract resulting from this solicitation.

(c) Any contract resulting from this solicitation will include the Transportation of Supplies by Sea clause.

(End of provision)

252.247-7023 Transportation of Supplies by Sea.

Basic. As prescribed in 247.574(b) and (b)(1), use the following clause:

TRANSPORTATION OF SUPPLIES BY SEA—BASIC (FEB 2019)

(a) Definitions. As used in this clause—

“Components” means articles, materials, and supplies incorporated directly into end products at any level of manufacture, fabrication, or assembly by the Contractor or any subcontractor.

“Department of Defense” (DoD) means the Army, Navy, Air Force, Marine Corps, and defense agencies.

“Foreign-flag vessel” means any vessel that is not a U.S.-flag vessel.

“Ocean transportation” means any transportation aboard a ship, vessel, boat, barge, or ferry through international waters.

“Subcontractor” means a supplier, materialman, distributor, or vendor at any level below the prime contractor whose contractual obligation to perform results from, or is conditioned upon, award of the prime contract and who is performing any part of the work or other requirement of the prime contract.

“Supplies” means all property, except land and interests in land, that is clearly identifiable for eventual use by or owned by the DoD at the time of transportation by sea.

(i) An item is clearly identifiable for eventual use by the DoD if, for example, the contract documentation contains a reference to a DoD contract number or a military destination.

(ii) “Supplies” includes (but is not limited to) public works; buildings and facilities; ships; floating equipment and vessels of every character, type, and description, with parts, subassemblies, accessories, and equipment; machine tools; material; equipment; stores of all kinds; end items; construction materials; and components of the foregoing.
"U.S.-flag vessel" means a vessel of the United States or belonging to the United States, including any vessel registered or having national status under the laws of the United States.

(b)(1) The Contractor shall use U.S.-flag vessels when transporting any supplies by sea under this contract.

(2) A subcontractor transporting supplies by sea under this contract shall use U.S.-flag vessels if—

(i) This contract is a construction contract; or

(ii) The supplies being transported are—

(A) Noncommercial items; or

(B) Commercial items that—

(1) The Contractor is reselling or distributing to the Government without adding value (generally, the Contractor does not add value to items that it subcontracts for f.o.b. destination shipment);

(2) Are shipped in direct support of U.S. military contingency operations, exercises, or forces deployed in humanitarian or peacekeeping operations; or

(3) Are commissary or exchange cargoes transported outside of the Defense Transportation System in accordance with 10 U.S.C. 2643.

(c) The Contractor and its subcontractors may request that the Contracting Officer authorize shipment in foreign-flag vessels, or designate available U.S.-flag vessels, if the Contractor or a subcontractor believes that—

(1) U.S.-flag vessels are not available for timely shipment;

(2) The freight charges are inordinately excessive or unreasonable; or

(3) Freight charges are higher than charges to private persons for transportation of like goods.

(d) The Contractor must submit any request for use of foreign-flag vessels in writing to the Contracting Officer at least 45 days prior to the sailing date necessary to meet its delivery schedules. The Contracting Officer will process requests submitted after such date(s) as expeditiously as possible, but the Contracting Officer's failure to grant approvals to meet the shipper's sailing date will not of itself constitute a compensable delay under this or any other clause of this contract. Requests shall contain at a minimum—

(1) Type, weight, and cube of cargo;

(2) Required shipping date;

(3) Special handling and discharge requirements;
(4) Loading and discharge points;
(5) Name of shipper and consignee;
(6) Prime contract number; and
(7) A documented description of efforts made to secure U.S.-flag vessels, including points of contact (with names and telephone numbers) with at least two U.S.-flag carriers contacted. Copies of telephone notes, telegraphic and facsimile message or letters will be sufficient for this purpose.

(e) The Contractor shall, within 30 days after each shipment covered by this clause, provide the Contracting Officer and the Maritime Administration, Office of Cargo Preference, U.S. Department of Transportation, 400 Seventh Street SW, Washington, DC 20590, one copy of the rated on board vessel operating carrier's ocean bill of lading, which shall contain the following information:

(1) Prime contract number;
(2) Name of vessel;
(3) Vessel flag of registry;
(4) Date of loading;
(5) Port of loading;
(6) Port of final discharge;
(7) Description of commodity;
(8) Gross weight in pounds and cubic feet if available;
(9) Total ocean freight in U.S. dollars; and
(10) Name of steamship company.

(f) If this contract exceeds the simplified acquisition threshold, the Contractor shall provide with its final invoice under this contract a representation that to the best of its knowledge and belief—

(1) No ocean transportation was used in the performance of this contract;
(2) Ocean transportation was used and only U.S.-flag vessels were used for all ocean shipments under the contract;
(3) Ocean transportation was used, and the Contractor had the written consent of the Contracting Officer for all foreign-flag ocean transportation; or
(4) Ocean transportation was used and some or all of the shipments were made on foreign-flag vessels without the written consent of the Contracting Officer. The Contractor shall describe these shipments in the following format:

<table>
<thead>
<tr>
<th>ITEM DESCRIPTION</th>
<th>CONTRACT LINE ITEMS</th>
<th>QUANTITY</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>TOTAL</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

(g) If this contract exceeds the simplified acquisition threshold and the final invoice does not include the required representation, the Government will reject and return it to the Contractor as an improper invoice for the purposes of the Prompt Payment clause of this contract. In the event there has been unauthorized use of foreign-flag vessels in the performance of this contract, the Contracting Officer is entitled to equitably adjust the contract, based on the unauthorized use.

(h) If the Contractor indicated in response to the solicitation provision, Representation of Extent of Transportation by Sea, that it did not anticipate transporting by sea any supplies; however, after the award of this contract, the Contractor learns that supplies will be transported by sea, the Contractor shall—

1. Notify the Contracting Officer of that fact; and
2. Comply with all the terms and conditions of this clause.

(i) In the award of subcontracts, for the types of supplies described in paragraph (b)(2) of this clause, including subcontracts for commercial items, the Contractor shall flow down the requirements of this clause as follows:

1. The Contractor shall insert the substance of this clause, including this paragraph (i), in subcontracts that exceed the simplified acquisition threshold in part 2 of the Federal Acquisition Regulation.
2. The Contractor shall insert the substance of paragraphs (a) through (e) of this clause, and this paragraph (i), in subcontracts that are at or below the simplified acquisition threshold in part 2 of the Federal Acquisition Regulation.

(End of clause)

Alternate I. As prescribed in 247.574(b) and (b)(2), use the following clause, which uses a different paragraph (b) than the basic clause:

TRANSPORTATION OF SUPPLIES BY SEA—ALTERNATE I (FEB 2019)

(a) Definitions. As used in this clause—

“Components” means articles, materials, and supplies incorporated directly into end products at any level of manufacture, fabrication, or assembly by the Contractor or any subcontractor.
“Department of Defense” (DoD) means the Army, Navy, Air Force, Marine Corps, and defense agencies.

“Foreign-flag vessel” means any vessel that is not a U.S.-flag vessel.

“Ocean transportation” means any transportation aboard a ship, vessel, boat, barge, or ferry through international waters.

“Subcontractor” means a supplier, materialman, distributor, or vendor at any level below the prime contractor whose contractual obligation to perform results from, or is conditioned upon, award of the prime contract and who is performing any part of the work or other requirement of the prime contract.

“Supplies” means all property, except land and interests in land, that is clearly identifiable for eventual use by or owned by the DoD at the time of transportation by sea.

(i) An item is clearly identifiable for eventual use by the DoD if, for example, the contract documentation contains a reference to a DoD contract number or a military destination.

(ii) “Supplies” includes (but is not limited to) public works; buildings and facilities; ships; floating equipment and vessels of every character, type, and description, with parts, subassemblies, accessories, and equipment; machine tools; material; equipment; stores of all kinds; end items; construction materials; and components of the foregoing.

“U.S.-flag vessel” means a vessel of the United States or belonging to the United States, including any vessel registered or having national status under the laws of the United States.

(b)(1) The Contractor shall use U.S.-flag vessels when transporting any supplies by sea under this contract.

(2) A subcontractor transporting supplies by sea under this contract shall use U.S.-flag vessels if the supplies being transported are—

(i) Noncommercial items; or

(ii) Commercial items that—

(A) The Contractor is reselling or distributing to the Government without adding value (generally, the Contractor does not add value to items that it subcontracts for f.o.b. destination shipment);

(B) Are shipped in direct support of U.S. military contingency operations, exercises, or forces deployed in humanitarian or peacekeeping operations (Note: This contract requires shipment of commercial items in direct support of U.S. military contingency operations, exercises, or forces deployed in humanitarian or peacekeeping operations); or
(C) Are commissary or exchange cargoes transported outside of the Defense Transportation System in accordance with 10 U.S.C. 2643.

(c) The Contractor and its subcontractors may request that the Contracting Officer authorize shipment in foreign-flag vessels, or designate available U.S.-flag vessels, if the Contractor or a subcontractor believes that—

(1) U.S.-flag vessels are not available for timely shipment;

(2) The freight charges are inordinately excessive or unreasonable; or

(3) Freight charges are higher than charges to private persons for transportation of like goods.

(d) The Contractor must submit any request for use of foreign-flag vessels in writing to the Contracting Officer at least 45 days prior to the sailing date necessary to meet its delivery schedules. The Contracting Officer will process requests submitted after such date(s) as expeditiously as possible, but the Contracting Officer's failure to grant approvals to meet the shipper's sailing date will not of itself constitute a compensable delay under this or any other clause of this contract. Requests shall contain at a minimum—

(1) Type, weight, and cube of cargo;

(2) Required shipping date;

(3) Special handling and discharge requirements;

(4) Loading and discharge points;

(5) Name of shipper and consignee;

(6) Prime contract number; and

(7) A documented description of efforts made to secure U.S.-flag vessels, including points of contact (with names and telephone numbers) with at least two U.S.-flag carriers contacted. Copies of telephone notes, telegraphic and facsimile message or letters will be sufficient for this purpose.

(e) The Contractor shall, within 30 days after each shipment covered by this clause, provide the Contracting Officer and the Maritime Administration, Office of Cargo Preference, U.S. Department of Transportation, 400 Seventh Street SW, Washington, DC 20590, one copy of the rated on board vessel operating carrier's ocean bill of lading, which shall contain the following information:

(1) Prime contract number;

(2) Name of vessel;

(3) Vessel flag of registry;

(4) Date of loading;
(5) Port of loading;
(6) Port of final discharge;
(7) Description of commodity;
(8) Gross weight in pounds and cubic feet if available;
(9) Total ocean freight in U.S. dollars; and
(10) Name of steamship company.

(f) If this contract exceeds the simplified acquisition threshold, the Contractor shall provide with its final invoice under this contract a representation that to the best of its knowledge and belief—

(1) No ocean transportation was used in the performance of this contract;
(2) Ocean transportation was used and only U.S.-flag vessels were used for all ocean shipments under the contract;
(3) Ocean transportation was used, and the Contractor had the written consent of the Contracting Officer for all foreign-flag ocean transportation; or
(4) Ocean transportation was used and some or all of the shipments were made on foreign-flag vessels without the written consent of the Contracting Officer. The Contractor shall describe these shipments in the following format:

<table>
<thead>
<tr>
<th>ITEM DESCRIPTION</th>
<th>CONTRACT LINE ITEMS</th>
<th>QUANTITY</th>
</tr>
</thead>
<tbody>
<tr>
<td>TOTAL</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

(g) If this contract exceeds the simplified acquisition threshold and the final invoice does not include the required representation, the Government will reject and return it to the Contractor as an improper invoice for the purposes of the Prompt Payment clause of this contract. In the event there has been unauthorized use of foreign-flag vessels in the performance of this contract, the Contracting Officer is entitled to equitably adjust the contract, based on the unauthorized use.

(h) If the Contractor has indicated by the response to the solicitation provision, Representation of Extent of Transportation by Sea, that it did not anticipate transporting by sea any supplies; however, after the award of this contract, the Contractor learns that supplies will be transported by sea, the Contractor—

(1) Shall notify the Contracting Officer of that fact; and
(2) Hereby agrees to comply with all the terms and conditions of this clause.

(i) In the award of subcontracts for the types of supplies described in paragraph
(b)(2) of this clause, including subcontracts for commercial items, the Contractor shall flow down the requirements of this clause as follows:

(1) The Contractor shall insert the substance of this clause, including this paragraph (i), in subcontracts that exceed the simplified acquisition threshold in part 2 of the Federal Acquisition Regulation.

(2) The Contractor shall insert the substance of paragraphs (a) through (e) of this clause, and this paragraph (i), in subcontracts that are at or below the simplified acquisition threshold in part 2 of the Federal Acquisition Regulation.

(End of clause)

Alternate II. As prescribed in 247.574(b) and (b)(3), use the following clause, which uses a different paragraph (b) than the basic clause:

TRANSPORTATION OF SUPPLIES BY SEA—ALTERNATE II (FEB 2019)

(a) Definitions. As used in this clause—

“Components” means articles, materials, and supplies incorporated directly into end products at any level of manufacture, fabrication, or assembly by the Contractor or any subcontractor.

“Department of Defense” (DoD) means the Army, Navy, Air Force, Marine Corps, and defense agencies.

“Foreign-flag vessel” means any vessel that is not a U.S.-flag vessel.

“Ocean transportation” means any transportation aboard a ship, vessel, boat, barge, or ferry through international waters.

“Subcontractor” means a supplier, materialman, distributor, or vendor at any level below the prime contractor whose contractual obligation to perform results from, or is conditioned upon, award of the prime contract and who is performing any part of the work or other requirement of the prime contract.

“Supplies” means all property, except land and interests in land, that is clearly identifiable for eventual use by or owned by the DoD at the time of transportation by sea.

(i) An item is clearly identifiable for eventual use by the DoD if, for example, the contract documentation contains a reference to a DoD contract number or a military destination.

(ii) “Supplies” includes (but is not limited to) public works; buildings and facilities; ships; floating equipment and vessels of every character, type, and description, with parts, subassemblies, accessories, and equipment; machine tools; material; equipment; stores of all kinds; end items; construction materials; and components of the foregoing.
“U.S.-flag vessel” means a vessel of the United States or belonging to the United States, including any vessel registered or having national status under the laws of the United States.

(b)(1) The Contractor shall use U.S.-flag vessels when transporting any supplies by sea under this contract.

(2) A subcontractor transporting supplies by sea under this contract shall use U.S.-flag vessels if the supplies being transported are—

   (i) Noncommercial items; or

   (ii) Commercial items that—

      (A) The Contractor is reselling or distributing to the Government without adding value (generally, the Contractor does not add value to items that it subcontracts for f.o.b. destination shipment);

      (B) Are shipped in direct support of U.S. military contingency operations, exercises, or forces deployed in humanitarian or peacekeeping operations; or

      (C) Are commissary or exchange cargoes transported outside of the Defense Transportation System in accordance with 10 U.S.C. 2643 (Note: This contract requires transportation of commissary or exchange cargoes outside of the Defense Transportation System in accordance with 10 U.S.C. 2643).

(c) The Contractor and its subcontractors may request that the Contracting Officer authorize shipment in foreign-flag vessels, or designate available U.S.-flag vessels, if the Contractor or a subcontractor believes that—

   (1) U.S.-flag vessels are not available for timely shipment;

   (2) The freight charges are inordinately excessive or unreasonable; or

   (3) Freight charges are higher than charges to private persons for transportation of like goods.

(d) The Contractor must submit any request for use of foreign-flag vessels in writing to the Contracting Officer at least 45 days prior to the sailing date necessary to meet its delivery schedules. The Contracting Officer will process requests submitted after such date(s) as expeditiously as possible, but the Contracting Officer's failure to grant approvals to meet the shipper’s sailing date will not of itself constitute a compensable delay under this or any other clause of this contract. Requests shall contain at a minimum—

   (1) Type, weight, and cube of cargo;

   (2) Required shipping date;

   (3) Special handling and discharge requirements;

   (4) Loading and discharge points;
(5) Name of shipper and consignee;

(6) Prime contract number; and

(7) A documented description of efforts made to secure U.S.-flag vessels, including points of contact (with names and telephone numbers) with at least two U.S.-flag carriers contacted. Copies of telephone notes, telegraphic and facsimile message or letters will be sufficient for this purpose.

(e) The Contractor shall, within 30 days after each shipment covered by this clause, provide the Contracting Officer and the Maritime Administration, Office of Cargo Preference, U.S. Department of Transportation, 400 Seventh Street SW, Washington, DC 20590, one copy of the rated on board vessel operating carrier's ocean bill of lading, which shall contain the following information:

(1) Prime contract number;

(2) Name of vessel;

(3) Vessel flag of registry;

(4) Date of loading;

(5) Port of loading;

(6) Port of final discharge;

(7) Description of commodity;

(8) Gross weight in pounds and cubic feet if available;

(9) Total ocean freight in U.S. dollars; and

(10) Name of steamship company.

(f) If this contract exceeds the simplified acquisition threshold, the Contractor shall provide with its final invoice under this contract a representation that to the best of its knowledge and belief—

(1) No ocean transportation was used in the performance of this contract;

(2) Ocean transportation was used and only U.S.-flag vessels were used for all ocean shipments under the contract;

(3) Ocean transportation was used, and the Contractor had the written consent of the Contracting Officer for all foreign-flag ocean transportation; or

(4) Ocean transportation was used and some or all of the shipments were made on foreign-flag vessels without the written consent of the Contracting Officer. The Contractor shall describe these shipments in the following format:
(g) If this contract exceeds the simplified acquisition threshold and the final invoice does not include the required representation, the Government will reject and return it to the Contractor as an improper invoice for the purposes of the Prompt Payment clause of this contract. In the event there has been unauthorized use of foreign-flag vessels in the performance of this contract, the Contracting Officer is entitled to equitably adjust the contract, based on the unauthorized use.

(h) If the Contractor has indicated by the response to the solicitation provision, Representation of Extent of Transportation by Sea, that it did not anticipate transporting by sea any supplies, but the contractor learns after the award of the contract that supplies will be transported by sea, the Contractor shall notify the Contracting Officer of that fact.

(i) In the award of subcontracts for the types of supplies described in paragraph (b)(2) of this clause, including subcontracts for commercial items, the Contractor shall flow down the requirements of this clause as follows:

(1) The Contractor shall insert the substance of this clause, including this paragraph (i), in subcontracts that exceed the simplified acquisition threshold in part 2 of the Federal Acquisition Regulation.

(2) The Contractor shall insert the substance of paragraphs (a) through (e) of this clause, and this paragraph (i), in subcontracts that are at or below the simplified acquisition threshold in part 2 of the Federal Acquisition Regulation.

(End of clause)

252.247-7024 Reserved.

252.247-7025 Reflagging or Repair Work.
As prescribed in 247.574(c), use the following clause:

REFLAGGING OR REPAIR WORK (JUN 2005)

(a) Definition. “Reflagging or repair work,” as used in this clause, means work performed on a vessel—

(1) To enable the vessel to meet applicable standards to become a vessel of the United States; or

(2) To convert the vessel to a more useful military configuration.

(b) Requirement. Unless the Secretary of Defense waives this requirement, reflagging or repair work shall be performed in the United States or its outlying areas, if the reflagging or repair work is performed—
(1) On a vessel for which the Contractor submitted an offer in response to the solicitation for this contract; and

(2) Prior to acceptance of the vessel by the Government.

(End of clause)

252.247-7026 Evaluation Preference for Use of Domestic Shipyards — Applicable to Acquisition of Carriage by Vessel for DoD Cargo in the Coastwise or Noncontiguous Trade.
As prescribed in 247.574(d), use the following provision:

EVALUATION PREFERENCE FOR USE OF DOMESTIC SHIPYARDS — APPLICABLE TO ACQUISITION OF CARRIAGE BY VESSEL FOR DOD CARGO IN THE COASTWISE OR NONCONTIGUOUS TRADE (NOV 2008)

(a) Definitions. As used in this provision—

“Covered vessel” means a vessel—

(1) Owned, operated, or controlled by the offeror; and

“Foreign shipyard” means a shipyard that is not a U.S. shipyard.

“Overhaul, repair, and maintenance work” means work requiring a shipyard period greater than or equal to 5 calendar days.

“Shipyard” means a facility capable of performing overhaul, repair, and maintenance work on covered vessels.

“U.S. shipyard” means a shipyard that is located in any State of the United States or in Guam.

(b) This solicitation includes an evaluation criterion that considers the extent to which the offeror has had overhaul, repair, and maintenance work for covered vessels performed in U.S. shipyards.

(c) The offeror shall provide the following information with its offer, addressing all covered vessels for which overhaul, repair, and maintenance work has been performed during the period covering the current calendar year, up to the date of proposal submission, and the preceding four calendar years:

(1) Name of vessel.

(2) Description and cost of qualifying shipyard work performed in U.S. shipyards.
(3) Description and cost of qualifying shipyard work performed in foreign shipyards and whether—

(i) Such work was performed as emergency repairs in foreign shipyards due to accident, emergency, Act of God, or an infirmity to the vessel, and safety considerations warranted taking the vessel to a foreign shipyard; or

(ii) Such work was paid for or reimbursed by the U.S. Government.

(4) Names of shipyards that performed the work.

(5) Inclusive dates of work performed.

(d) Offerors are responsible for submitting accurate information. The Contracting Officer—

(1) Will use the information to evaluate offers in accordance with the criteria specified in the solicitation; and

(2) Reserves the right to request supporting documentation if determined necessary in the proposal evaluation process.

(e) The Department of Defense will provide the information submitted in response to this provision to the congressional defense committees, as required by Section 1017 of Pub. L. 109-364.

(End of provision)

252.247-7027 Riding Gang Member Requirements.
As prescribed in 247.574(e), use the following clause:

RIDING GANG MEMBER REQUIREMENTS (MAY 2018)

(a) **Definition.** “Riding gang member,” as used in this clause, has the same definition as “riding gang member” in title 46 U.S.C. 2101.

(b) **Requirements relating to riding gang members.** Notwithstanding 46 U.S.C. 8106, the Contractor shall ensure each riding gang member holds a valid U.S. Merchant Mariner's Document issued under 46 U.S.C. chapter 73, or a transportation security card issued under section 70105 of such title.

(c) **Exemption.**

(1) An individual is exempt from the requirements of paragraph (b) of this clause and shall not be treated as a riding gang member for the purposes of section 8106 of title 46, if that individual is on a vessel for purposes other than engaging in the operation or maintenance of the vessel and is—

(i) One of the personnel who accompanies, supervises, guards, or maintains unit equipment aboard a ship, commonly referred to as supercargo personnel;
(ii) One of the force protection personnel of the vessel;

(iii) A specialized repair technician; or

(iv) An individual who is otherwise required by the Secretary of Defense or designee to be aboard the vessel.

(2) Any individual who is exempt under paragraph (c)(1) of this clause must pass a DoD background check before going aboard the vessel.

(i) The Contractor shall—

(A) Render all necessary assistance to U.S. Armed Forces personnel with respect to the identification and screening of exempted individuals. This will require, at a minimum, the Contractor to submit the name and other biographical information necessary to the Government official specified in the contract for the purposes of conducting a background check; and

(B) Deny access or immediately remove any individual(s) from the vessel deemed unsuitable for any reason by the Government agency conducting the background checks. The Contractor agrees to replace any such individual promptly and require such replacements to fully comply with all screening requirements.

(ii) The head of the contracting activity may waive this requirement if the individual possesses a valid U.S. Merchant Mariner’s Document issued under 46 U.S.C., chapter 73, or a transportation security card issued under section 70105 of such title.

(3) An individual exempted under paragraph (c)(1) of this clause is not treated as a riding gang member and shall not be counted as an individual in addition to the crew for the purposes of 46 U.S.C. 3304.

(End of clause)

As prescribed in 247.207, use the following clause:

APPLICATION FOR U.S. GOVERNMENT SHIPPING DOCUMENTATION/INSTRUCTIONS (JUN 2012)

(a) Except as provided in paragraph (b) of this clause, the Contractor shall request bills of lading by submitting a DD Form 1659, Application for U.S. Government Shipping Documentation/Instructions, to the—

(1) Transportation Officer, if named in the contract schedule; or

(2) Contract administration office.

(b) If an automated system is available for shipment requests, use service/agency systems (e.g., Navy’s Global Freight Management—Electronic Transportation Acquisition (GFM-ETA) and Financial Air Clearance Transportation System (FACTS).

(End of clause)
