

## Defense Federal Acquisition Regulation Supplement

### Part 252—Solicitation Provisions and Contract Clauses

---

*(Revised January 15, 2021)*

#### **252.239-7000 Protection Against Compromising Emanations.**

As prescribed in [239.7103](#)(a), use the following clause:

##### PROTECTION AGAINST COMPROMISING EMANATIONS (OCT 2019)

(a) The Contractor shall provide or use only information technology, as specified by the Government, that has been accredited to meet the appropriate information assurance requirements of—

(1) The National Security Agency National TEMPEST Standards (NSTISSAM TEMPEST 1-92, Compromising Emanations Laboratory Test Requirements, Electromagnetics (U)); or

(2) Other standards specified by this contract, including the date through which the required accreditation is current or valid for the contract.

(b) Upon request of the Contracting Officer, the Contractor shall provide documentation supporting the accreditation.

(c) The Government may, as part of its inspection and acceptance, conduct additional tests to ensure that information technology delivered under this contract satisfies the information assurance standards specified. The Government may conduct additional tests—

(1) At the installation site or contractor's facility; and

(2) Notwithstanding the existence of valid accreditations of information technology prior to the award of this contract.

(d) Unless otherwise provided in this contract under the Warranty of Supplies or Warranty of Systems and Equipment clause, the Contractor shall correct or replace accepted information technology found to be deficient within 1 year after proper installations.

(1) The correction or replacement shall be at no cost to the Government.

(2) Should a modification to the delivered information technology be made by the Contractor, the 1-year period applies to the modification upon its proper installation.

(3) This paragraph (d) applies regardless of f.o.b. point or the point of acceptance of the deficient information technology.

(End of clause)

#### **252.239-7001 Information Assurance Contractor Training and Certification.**

As prescribed in [239.7103](#)(b), use the following clause:

## Defense Federal Acquisition Regulation Supplement

### Part 252—Solicitation Provisions and Contract Clauses

---

#### INFORMATION ASSURANCE CONTRACTOR TRAINING AND CERTIFICATION (JAN 2008)

(a) The Contractor shall ensure that personnel accessing information systems have the proper and current information assurance certification to perform information assurance functions in accordance with DoD 8570.01-M, Information Assurance Workforce Improvement Program. The Contractor shall meet the applicable information assurance certification requirements, including—

(1) DoD-approved information assurance workforce certifications appropriate for each category and level as listed in the current version of DoD 8570.01-M; and

(2) Appropriate operating system certification for information assurance technical positions as required by DoD 8570.01-M.

(b) Upon request by the Government, the Contractor shall provide documentation supporting the information assurance certification status of personnel performing information assurance functions.

(c) Contractor personnel who do not have proper and current certifications shall be denied access to DoD information systems for the purpose of performing information assurance functions.

(End of clause)

#### **252.239-7002 Access.**

As prescribed in [239.7411](#)(a), use the following clause:

#### ACCESS (DEC 1991)

(a) Subject to military security regulations, the Government shall permit the Contractor access at all reasonable times to Contractor furnished facilities. However, if the Government is unable to permit access, the Government at its own risk and expense shall maintain these facilities and the Contractor shall not be responsible for the service involving any of these facilities during the period of nonaccess, unless the service failure results from the Contractor's fault or negligence.

(b) During periods when the Government does not permit Contractor access, the Government will reimburse the Contractor at mutually acceptable rates for the loss of or damage to the equipment due to the fault or negligence of the Government. Failure to agree shall be a dispute concerning a question of fact within the meaning of the Disputes clause of this contract.

(End of clause)

#### **252.239-7003 Reserved.**

#### **252.239-7004 Orders for Facilities and Services.**

As prescribed in [239.7411](#)(a), use the following clause:

#### ORDERS FOR FACILITIES AND SERVICES (SEP 2019)

## Defense Federal Acquisition Regulation Supplement

### Part 252—Solicitation Provisions and Contract Clauses

---

(a) *Definitions.* As used in this clause—

“Governmental regulatory body” means the Federal Communications Commission, any statewide regulatory body, or any body with less than statewide jurisdiction when operating under the state authority. Regulatory bodies whose decisions are not subject to judicial appeal and regulatory bodies which regulate a company owned by the same entity that creates the regulatory body are not governmental regulatory bodies.

(b) The Contractor shall acknowledge a communication service authorization or other type order for supplies and facilities by—

- (1) Commencing performance after receipt of an order; or
- (2) Written acceptance by a duly authorized representative.

(c) The Contractor shall furnish the services and facilities under this agreement/contract in accordance with all applicable tariffs, rates, charges, regulations, requirements, terms, and conditions of—

- (1) Service and facilities furnished or offered by the Contractor to the general public or the Contractor's subscribers; or
- (2) Service as lawfully established by a governmental regulatory body.

(d) The Government will not prepay for services.

(e) For nontariffed services, the Contractor shall charge the Government at the lowest rate and under the most favorable terms and conditions for similar service and facilities offered to any other customer.

(f) Recurring charges for services and facilities shall, in each case, start with the satisfactory beginning of service or provision of facilities or equipment and are payable monthly in arrears.

(g) Expediting charges are costs necessary to get services earlier than normal. Examples are overtime pay or special shipment. When authorized, expediting charges shall be the additional costs incurred by the Contractor and the subcontractor. The Government shall pay expediting charges only when—

- (1) They are provided for in the tariff established by a governmental regulatory body; or
- (2) They are authorized in a communication service authorization or other contractual document.

(h) When services normally provided are technically unacceptable and the development, fabrication, or manufacture of special equipment is required, the Government may—

- (1) Provide the equipment; or

## Defense Federal Acquisition Regulation Supplement

### Part 252—Solicitation Provisions and Contract Clauses

---

(2) Direct the Contractor to acquire the equipment or facilities. If the Contractor acquires the equipment or facilities, the acquisition shall be competitive, if practicable.

(i) If at any time the Government defers or changes its orders for any of the services but does not cancel or terminate them, the amount paid or payable to the Contractor for the services deferred or modified shall be equitably adjusted under applicable tariffs filed by the Contractor with the regulatory commission in effect at the time of deferral or change. If no tariffs are in effect, the Government and the Contractor shall equitably adjust the rates by mutual agreement. Failure to agree on any adjustment shall be a dispute concerning a question of fact within the meaning of the Disputes clause of this contract.

(End of clause)

**252.239-7005 Reserved.**

**252.239-7006 Reserved.**

**252.239-7007 Cancellation or Termination of Orders.**

As prescribed in [239.7411](#)(a), use the following clause:

#### CANCELLATION OR TERMINATION OF ORDERS (SEP 2019)

(a) *Definitions.*

“Actual nonrecoverable costs” means the installed costs of the facilities and equipment, less cost of reusable materials, and less net salvage value.

“Basic cancellation liability” means the actual nonrecoverable cost, which the Government shall reimburse the Contractor at the time services are cancelled.

“Basic termination liability” means the nonrecoverable cost amortized in equal monthly increments throughout the liability period.

“Installed costs” means the actual cost of equipment and materials specifically provided or used, plus the actual cost of installing (including engineering, labor, supervision, transportation, rights-of-way, and any other items which are chargeable to the capital accounts of the Contractor), less any costs the government may have directly reimbursed the Contractor under the Special Construction and Equipment Charges clause of this agreement/contract.

“Net salvage value” means the salvage value less the cost of removal.

(b) If the Government cancels any of the services ordered under this agreement/contract, before the services are made available to the Government, or terminates any of these services after they are made available to the Government, the Government will reimburse the Contractor for the actual nonrecoverable costs the Contractor has reasonably incurred in providing facilities and equipment for which the Contractor has no foreseeable reuse. The Government will not reimburse the Contractor for any actual nonrecoverable costs incurred after notice of award, but prior to execution of the order.

## Defense Federal Acquisition Regulation Supplement

### Part 252—Solicitation Provisions and Contract Clauses

---

(c) When feasible, the Contractor shall reuse cancelled or terminated facilities or equipment to minimize the charges to the Government.

(d) If at any time the Government requires that telecommunications facilities or equipment be relocated within the Contractor's service area, the Government will have the option of paying the costs of relocating the facilities or equipment in lieu of paying any termination or cancellation charge under this clause. The basic cancellation liability or basic termination liability applicable to the facilities or equipment in their former location shall continue to apply to the facilities and equipment in their new location. Monthly recurring charges shall continue to be paid during the period.

(e) When there is another requirement or foreseeable reuse in place of cancelled or terminated facilities or equipment, no charge shall apply and the basic cancellation liability or basic termination liability shall be appropriately reduced. When feasible, the Contractor shall promptly reuse discontinued channels or facilities, including equipment for which the Government is obligated to pay a minimum service charge.

(f) The amount of the Government's liability upon cancellation or termination of any of the services ordered under this agreement/contract will be determined under applicable tariffs governing cancellation and termination charges which—

(1) Are filed by the Contractor with a governmental regulatory body, as defined in the Rates, Charges, and Services clause of this agreement/contract;

(2) Are in effect on the date of termination; and

(3) Provide specific cancellation or termination charges for the facilities and equipment involved or show how to determine the charges.

(g) The amount of the Government's liability upon cancellation or termination of any of the services ordered under this agreement/contract, which are not subject to a governmental regulatory body, will be determined under a mutually agreed schedule in the communication services authorization (CSA) or other contractual document.

(h) If no applicable tariffs are in effect on the date of cancellation or termination or set forth in the applicable CSA or other contractual document, the Government's liability will be determined under the following settlement procedures—

(1) The Contractor agrees to provide the Contracting Officer, in such reasonable detail as the Contracting Officer may require, inventory schedules covering all items of property or facilities in the Contractor's possession, the cost of which is included in the Basic Cancellation or Termination Liability for which the Contractor has no foreseeable reuse.

(2) The Contractor shall use its best efforts to sell property or facilities when the Contractor has no foreseeable reuse or when the Government has not exercised its option to take title under the Title to Telecommunications Facilities and Equipment clause of this agreement/contract. The Contractor shall apply any proceeds of the sale to reduce any payments by the Government to the Contractor under a cancellation or termination settlement.

## Defense Federal Acquisition Regulation Supplement

### Part 252—Solicitation Provisions and Contract Clauses

---

(3) The Contractor shall record actual nonrecoverable costs under established accounting procedures prescribed by the cognizant governmental regulatory authority or, if no such procedures have been prescribed, under generally accepted accounting procedures applicable to the provision of telecommunication services for public use.

(4) The net salvage value shall be deducted from the Contractor's installed cost. In determining net salvage value, the Contractor shall consider the foreseeable reuse of the facilities and equipment by the Contractor. The Contractor shall make allowance for the cost of dismantling, removal, reconditioning, and disposal of the facilities and equipment when necessary either for the sale of facilities or their reuse by the Contractor in another location.

(5) Upon termination of services, the Government will reimburse the Contractor for the nonrecoverable cost less such costs amortized to the date services are terminated and establish the liability period as mutually agreed to but not to exceed ten years. In the case of either a cancellation or a termination, the Government's presumed maximum liability will be capped by the unpaid non-recurring charges and the monthly recurring charges set out in the contract/agreement. The presumed maximum liability for monthly recurring charges shall be capped at monthly recurring charges for the minimum service period and any required notice period.

(6) When the basic cancellation liability or basic termination liability established by the CSA or other contractual document is based on estimated costs, the Contractor agrees to settle on the basis of actual cost at the time of cancellation or termination.

(7) The Contractor agrees that, if after settlement but within the termination liability period of the services, should the Contractor make reuse of equipment or facilities which were treated as nonreusable or nonsalvageable in the settlement, the Contractor shall reimburse the Government for the value of the equipment or facilities.

(8) The Contractor agrees to exclude—

(i) Any costs which are not included in determining cancellation and termination charges under the Contractor's standard practices or procedures; and

(ii) Charges not ordinarily made by the Contractor for similar facilities or equipment, furnished under similar circumstances.

(i) The Government may, under such terms and conditions as it may prescribe, make partial payments and payments on account against costs incurred by the Contractor in connection with the cancelled or terminated portion of this agreement/contract. The Government may make these payments if the Contracting Officer determines that the total of the payments is within the amount the Contractor is entitled to. If the total of the payments is in excess of the amount finally agreed or determined to be due under this clause, the Contractor shall pay the excess to the Government upon demand.

(j) Failure to agree shall be a dispute concerning a question of fact within the meaning of the Disputes clause.

(End of clause)

**252.239-7008 Reserved.**

**252.239-7009 Representation of Use of Cloud Computing.**

As prescribed in [239.7604\(a\)](#), use the following provision:

REPRESENTATION OF USE OF CLOUD COMPUTING (SEP 2015)

(a) *Definition.* “Cloud computing,” as used in this provision, means a model for enabling ubiquitous, convenient, on-demand network access to a shared pool of configurable computing resources (e.g., networks, servers, storage, applications, and services) that can be rapidly provisioned and released with minimal management effort or service provider interaction. This includes other commercial terms, such as on-demand self-service, broad network access, resource pooling, rapid elasticity, and measured service. It also includes commercial offerings for software-as-a-service, infrastructure-as-a-service, and platform-as-a-service.

(b) The Offeror shall indicate by checking the appropriate blank in paragraph (c) of this provision whether the use of cloud computing is anticipated under the resultant contract.

(c) *Representation.* The Offeror represents that it—

\_\_\_\_\_ Does anticipate that cloud computing services will be used in the performance of any contract or subcontract resulting from this solicitation.

\_\_\_\_\_ Does not anticipate that cloud computing services will be used in the performance of any contract or subcontract resulting from this solicitation.

(End of provision)

**252.239-7010 Cloud Computing Services.**

As prescribed in [239.7604\(b\)](#), use the following clause:

CLOUD COMPUTING SERVICES (OCT 2016)

(a) *Definitions.* As used in this clause—

“Authorizing official,” as described in DoD Instruction 8510.01, Risk Management Framework (RMF) for DoD Information Technology (IT), means the senior Federal official or executive with the authority to formally assume responsibility for operating an information system at an acceptable level of risk to organizational operations (including mission, functions, image, or reputation), organizational assets, individuals, other organizations, and the Nation.

“Cloud computing” means a model for enabling ubiquitous, convenient, on-demand network access to a shared pool of configurable computing resources (e.g., networks, servers, storage, applications, and services) that can be rapidly provisioned and released with minimal management effort or service provider interaction. This includes other commercial terms, such as on-demand self-service, broad network access, resource pooling, rapid elasticity, and measured service. It also includes commercial offerings for

## Defense Federal Acquisition Regulation Supplement

### Part 252—Solicitation Provisions and Contract Clauses

---

software-as-a-service, infrastructure-as-a-service, and platform-as-a-service.

“Compromise” means disclosure of information to unauthorized persons, or a violation of the security policy of a system, in which unauthorized intentional or unintentional disclosure, modification, destruction, or loss of an object, or the copying of information to unauthorized media may have occurred.

“Cyber incident” means actions taken through the use of computer networks that result in a compromise or an actual or potentially adverse effect on an information system and/or the information residing therein.

“Government data” means any information, document, media, or machine readable material regardless of physical form or characteristics, that is created or obtained by the Government in the course of official Government business.

“Government-related data” means any information, document, media, or machine readable material regardless of physical form or characteristics that is created or obtained by a contractor through the storage, processing, or communication of Government data. This does not include contractor’s business records e.g. financial records, legal records etc. or data such as operating procedures, software coding or algorithms that are not uniquely applied to the Government data.

“Information system” means a discrete set of information resources organized for the collection, processing, maintenance, use, sharing, dissemination, or disposition of information.

“Media” means physical devices or writing surfaces including, but not limited to, magnetic tapes, optical disks, magnetic disks, large-scale integration memory chips, and printouts onto which information is recorded, stored, or printed within an information system.

“Spillage” security incident that results in the transfer of classified or controlled unclassified information onto an information system not accredited (i.e., authorized) for the appropriate security level.

(b) *Cloud computing security requirements.* The requirements of this clause are applicable when using cloud computing to provide information technology services in the performance of the contract.

(1) If the Contractor indicated in its offer that it “does not anticipate the use of cloud computing services in the performance of a resultant contract,” in response to provision [252.239-7009](#), Representation of Use of Cloud Computing, and after the award of this contract, the Contractor proposes to use cloud computing services in the performance of the contract, the Contractor shall obtain approval from the Contracting Officer prior to utilizing cloud computing services in performance of the contract.

(2) The Contractor shall implement and maintain administrative, technical, and physical safeguards and controls with the security level and services required in accordance with the Cloud Computing Security Requirements Guide (SRG) (version in effect at the time the solicitation is issued or as authorized by the

## Defense Federal Acquisition Regulation Supplement

### Part 252—Solicitation Provisions and Contract Clauses

---

Contracting Officer) found at [http://iase.disa.mil/cloud\\_security/Pages/index.aspx](http://iase.disa.mil/cloud_security/Pages/index.aspx), unless notified by the Contracting Officer that this requirement has been waived by the DoD Chief Information Officer.

(3) The Contractor shall maintain within the United States or outlying areas all Government data that is not physically located on DoD premises, unless the Contractor receives written notification from the Contracting Officer to use another location, in accordance with DFARS [239.7602-2\(a\)](#).

*(c) Limitations on access to, and use and disclosure of Government data and Government-related data.*

(1) The Contractor shall not access, use, or disclose Government data unless specifically authorized by the terms of this contract or a task order or delivery order issued hereunder.

(i) If authorized by the terms of this contract or a task order or delivery order issued hereunder, any access to, or use or disclosure of, Government data shall only be for purposes specified in this contract or task order or delivery order.

(ii) The Contractor shall ensure that its employees are subject to all such access, use, and disclosure prohibitions and obligations.

(iii) These access, use, and disclosure prohibitions and obligations shall survive the expiration or termination of this contract.

(2) The Contractor shall use Government-related data only to manage the operational environment that supports the Government data and for no other purpose unless otherwise permitted with the prior written approval of the Contracting Officer.

*(d) Cloud computing services cyber incident reporting.* The Contractor shall report all cyber incidents that are related to the cloud computing service provided under this contract. Reports shall be submitted to DoD via <http://dibnet.dod.mil/>.

*(e) Malicious software.* The Contractor or subcontractors that discover and isolate malicious software in connection with a reported cyber incident shall submit the malicious software in accordance with instructions provided by the Contracting Officer.

*(f) Media preservation and protection.* When a Contractor discovers a cyber incident has occurred, the Contractor shall preserve and protect images of all known affected information systems identified in the cyber incident report (see paragraph (d) of this clause) and all relevant monitoring/packet capture data for at least 90 days from the submission of the cyber incident report to allow DoD to request the media or decline interest.

*(g) Access to additional information or equipment necessary for forensic analysis.* Upon request by DoD, the Contractor shall provide DoD with access to additional information or equipment that is necessary to conduct a forensic analysis.

*(h) Cyber incident damage assessment activities.* If DoD elects to conduct a damage assessment, the Contracting Officer will request that the Contractor provide all of the

## Defense Federal Acquisition Regulation Supplement

### Part 252—Solicitation Provisions and Contract Clauses

---

damage assessment information gathered in accordance with paragraph (f) of this clause.

(i) *Records management and facility access.*

(1) The Contractor shall provide the Contracting Officer all Government data and Government-related data in the format specified in the contract.

(2) The Contractor shall dispose of Government data and Government-related data in accordance with the terms of the contract and provide the confirmation of disposition to the Contracting Officer in accordance with contract closeout procedures.

(3) The Contractor shall provide the Government, or its authorized representatives, access to all Government data and Government-related data, access to contractor personnel involved in performance of the contract, and physical access to any Contractor facility with Government data, for the purpose of audits, investigations, inspections, or other similar activities, as authorized by law or regulation.

(j) *Notification of third party access requests.* The Contractor shall notify the Contracting Officer promptly of any requests from a third party for access to Government data or Government-related data, including any warrants, seizures, or subpoenas it receives, including those from another Federal, State, or local agency. The Contractor shall cooperate with the Contracting Officer to take all measures to protect Government data and Government-related data from any unauthorized disclosure.

(k) *Spillage.* Upon notification by the Government of a spillage, or upon the Contractor's discovery of a spillage, the Contractor shall cooperate with the Contracting Officer to address the spillage in compliance with agency procedures.

(l) *Subcontracts.* The Contractor shall include this clause, including this paragraph (l), in all subcontracts that involve or may involve cloud services, including subcontracts for commercial items.

(End of clause)

#### **252.239-7011 Special Construction and Equipment Charges.**

As prescribed in [239.7411](#)(b), use the following clause:

##### SPECIAL CONSTRUCTION AND EQUIPMENT CHARGES (DEC 1991)

(a) The Government will not directly reimburse the Contractor for the cost of constructing any facilities or providing any equipment, unless the Contracting Officer authorizes direct reimbursement.

(b) If the Contractor stops using facilities or equipment which the Government has, in whole or part, directly reimbursed, the Contractor shall allow the Government credit for the value of the facilities or equipment attributable to the Government's contribution. Determine the value of the facilities and equipment on the basis of their foreseeable reuse by the Contractor at the time their use is discontinued or on the basis

## Defense Federal Acquisition Regulation Supplement

### Part 252—Solicitation Provisions and Contract Clauses

---

of the net salvage value, whichever is greater. The Contractor shall promptly pay the Government the amount of any credit.

(c) The amount of the direct special construction charge shall not exceed—

- (1) The actual costs to the Contractor; and
- (2) An amount properly allocable to the services to be provided to the Government.

(d) The amount of the direct special construction charge shall not include costs incurred by the Contractor which are covered by—

- (1) A cancellation or termination liability; or
- (2) The Contractor's recurring or other nonrecurring charges.

(e) The Contractor represents that—

(1) Recurring charges for the services, facilities, and equipment do not include in the rate base any costs that have been reimbursed by the Government to the Contractor; and

(2) Depreciation charges are based only on the cost of facilities and equipment paid by the Contractor and not reimbursed by the Government.

(f) If it becomes necessary for the Contractor to incur costs to replace any facilities or equipment, the Government shall assume those costs or reimburse the Contractor for replacement costs at mutually acceptable rates under the following circumstances—

- (1) The Government paid direct special construction charges; or
- (2) The Government reimbursed the Contractor for those facilities or equipment as a part of the recurring charges; and
- (3) The need for replacement was due to circumstances beyond the control and without the fault of the Contractor.

(g) Before incurring any costs under paragraph (f) of this clause, the Government shall have the right to terminate the service under the Cancellation or Termination of Orders clause of this contract.

(End of clause)

#### **252.239-7012 Title to Telecommunication Facilities and Equipment.**

As prescribed in [239.7411](#)(b), use the following clause:

##### TITLE TO TELECOMMUNICATION FACILITIES AND EQUIPMENT (DEC 1991)

(a) Title to all Contractor furnished facilities and equipment used under this agreement/contract shall remain with the Contractor even if the Government paid the

## Defense Federal Acquisition Regulation Supplement

### Part 252—Solicitation Provisions and Contract Clauses

---

costs of constructing the facilities or equipment. A mutually accepted communications service authorization may provide for exceptions.

(b) The Contractor shall operate and maintain all telecommunication facilities and equipment used under this agreement/contract whether the Government or the Contractor has title.

(End of clause)

#### **252.239-7013 Term of Agreement and Continuation of Services.**

*Basic.* As prescribed in [239.7411\(c\)\(1\)](#), use the following clause:

##### TERM OF AGREEMENT AND CONTINUATION OF SERVICES—BASIC (OCT 2019)

(a) This basic agreement is not a contract. The Government incurs liability only upon issuance of a communication service authorization, which is a contract that incorporates the terms and conditions of this basic agreement.

(b) This agreement shall continue in force from year to year, unless terminated by either party by 30 days' written notice. Termination of this basic agreement does not terminate or cancel any communication service authorizations issued under this basic agreement prior to the termination.

(c) Communication service authorizations issued under this basic agreement may be modified to incorporate the terms and conditions of a new basic agreement negotiated with the Contractor.

(End of clause)

*Alternate I.* As prescribed in [239.7411\(c\)\(2\)](#), use the following clause, which uses a different paragraph (c) than the basic clause and adds a new paragraph (d).

##### TERM OF AGREEMENT AND CONTINUATION OF SERVICES—ALTERNATE I (OCT 2019)

(a) This basic agreement is not a contract. The Government incurs liability only upon issuance of a communication service authorization, which is a contract that incorporates the terms and conditions of this basic agreement.

(b) This agreement shall continue in force from year to year, unless terminated by either party by 30 days' written notice. Termination of this basic agreement does not terminate or cancel any communication service authorizations issued under this basic agreement prior to the termination.

(c) The Contractor's current communication services authorizations have been modified to incorporate the terms and conditions of this basic agreement.

(1) All current communication service authorizations issued by \_\_\_\_\_ that incorporate Basic Agreement Number \_\_\_\_\_, dated \_\_\_\_\_, are modified to incorporate this basic agreement.

## Defense Federal Acquisition Regulation Supplement

### Part 252—Solicitation Provisions and Contract Clauses

---

(2) Current communication service authorizations, issued by the activity in paragraph (c)(1) of this clause, that incorporate other agreements with the Contractor may also be modified to incorporate this basic agreement.

(d) Communication service authorizations issued under this basic agreement may be modified to incorporate a new basic agreement with the Contractor.

(End of clause)

**252.239-7014 Reserved.**

**252.239-7015 Reserved.**

**252.239-7016 Telecommunications Security Equipment, Devices, Techniques, and Services.**

As prescribed in [239.7411](#)(d), use the following clause:

#### TELECOMMUNICATIONS SECURITY EQUIPMENT, DEVICES, TECHNIQUES, AND SERVICES (DEC 1991)

(a) *Definitions.* As used in this clause—

(1) “Securing” means the application of Government-approved telecommunications security equipment, devices, techniques, or services to contractor telecommunications systems.

(2) “Sensitive information” means any information the loss, misuse, or modification of which, or unauthorized access to, could adversely affect the national interest or the conduct of Federal programs, or the privacy to which individuals are entitled under 5 U.S.C. 552a (the Privacy Act), but which has not been specifically authorized under criteria established by an Executive Order or Act of Congress to be kept secret in the interest of national defense or foreign policy.

(3) “Telecommunications systems” means voice, record, and data communications, including management information systems and local data networks that connect to external transmission media, when employed by Government agencies, contractors, and subcontractors to transmit—

(i) Classified or sensitive information;

(ii) Matters involving intelligence activities, cryptologic activities related to national security, the command and control of military forces, or equipment that is an integral part of a weapon or weapons system; or

(iii) Matters critical to the direct fulfillment of military or intelligence missions.

(b) This solicitation/contract identifies classified or sensitive information that requires securing during telecommunications and requires the Contractor to secure telecommunications systems. The Contractor agrees to secure information and systems at the following location: (Identify the location.)

## Defense Federal Acquisition Regulation Supplement

### Part 252—Solicitation Provisions and Contract Clauses

---

(c) To provide the security, the Contractor shall use Government-approved telecommunications equipment, devices, techniques, or services. A list of the approved equipment, etc. may be obtained from (identify where list can be obtained). Equipment, devices, techniques, or services used by the Contractor must be compatible or interoperable with (list and identify the location of any telecommunications security equipment, device, technique, or service currently being used by the technical or requirements organization or other offices with which the Contractor must communicate).

(d) Except as may be provided elsewhere in this contract, the Contractor shall furnish all telecommunications security equipment, devices, techniques, or services necessary to perform this contract. The Contractor must meet ownership eligibility conditions for communications security equipment designated as controlled cryptographic items.

(e) The Contractor agrees to include this clause, including this paragraph (e), in all subcontracts which require securing telecommunications.

(End of clause)

#### **252.239-7017 Notice of Supply Chain Risk.**

As prescribed in [239.7306](#)(a), use the following provision:

##### NOTICE OF SUPPLY CHAIN RISK (FEB 2019)

(a) *Definitions.* “Supply chain risk,” as used in this provision, means the risk that an adversary may sabotage, maliciously introduce unwanted function, or otherwise subvert the design, integrity, manufacturing, production, distribution, installation, operation, or maintenance of a covered system so as to surveil, deny, disrupt, or otherwise degrade the function, use, or operation of such system (10 U.S.C. 2339a).

(b) In order to manage supply chain risk, the Government may use the authorities provided by section 10 U.S.C. 2339a. In exercising these authorities, the Government may consider information, public and non-public, including all-source intelligence, relating to an offeror and its supply chain.

(c) If the Government exercises the authority provided in 10 U.S.C. 2339a to limit disclosure of information, no action undertaken by the Government under such authority shall be subject to review in a bid protest before the Government Accountability Office or in any Federal court.

(End of provision)

#### **252.239-7018 Supply Chain Risk.**

As prescribed in [239.7306](#)(b), use the following clause:

##### SUPPLY CHAIN RISK (FEB 2019)

(a) *Definitions.* As used in this clause—

“Information technology” (see 40 U.S.C 11101(6)) means, in lieu of the definition at FAR 2.1, any equipment, or interconnected system(s) or subsystem(s) of equipment, that is

## Defense Federal Acquisition Regulation Supplement

### Part 252—Solicitation Provisions and Contract Clauses

---

used in the automatic acquisition, storage, analysis, evaluation, manipulation, management, movement, control, display, switching, interchange, transmission, or reception of data or information by the agency.

(1) For purposes of this definition, equipment is used by an agency if the equipment is used by the agency directly or is used by a contractor under a contract with the agency that requires—

(i) Its use; or

(ii) To a significant extent, its use in the performance of a service or the furnishing of a product.

(2) The term “information technology” includes computers, ancillary equipment (including imaging peripherals, input, output, and storage devices necessary for security and surveillance), peripheral equipment designed to be controlled by the central processing unit of a computer, software, firmware and similar procedures, services (including support services), and related resources.

(3) The term “information technology” does not include any equipment acquired by a contractor incidental to a contract.

“Supply chain risk,” means the risk that an adversary may sabotage, maliciously introduce unwanted function, or otherwise subvert the design, integrity, manufacturing, production, distribution, installation, operation, or maintenance of a covered system so as to surveil, deny, disrupt, or otherwise degrade the function, use, or operation of such system (see 10 U.S.C. 2339a).

(b) The Contractor shall mitigate supply chain risk in the provision of supplies and services to the Government.

(c) In order to manage supply chain risk, the Government may use the authorities provided by 10 U.S.C. 2339a. In exercising these authorities, the Government may consider information, public and non-public, including all-source intelligence, relating to a Contractor’s supply chain.

(d) If the Government exercises the authority provided in 10 U.S.C. 2339a to limit disclosure of information, no action undertaken by the Government under such authority shall be subject to review in a bid protest before the Government Accountability Office or in any Federal court.

(End of clause)
