## PART 1—INTRODUCTION

### **F-101 General.**

This appendix contains procedures and instructions for the use, preparation, and distribution of the material inspection and receiving report (MIRR) (DD Form 250 series) and commercial shipping/packing lists used to document Government contract quality assurance.

### **F-102 Applicability.**

(a) The provisions of this appendix apply to supplies or services acquired by DoD when the clause at 252.246-7000, Material Inspection and Receiving Report, is included in the contract. If the contract contains the clause at FAR 52.213-1, Fast Payment Procedure, the contractor may elect not to prepare a DD Form 250.

(b) When DoD provides quality assurance or acceptance services for non-DoD activities, prepare a MIRR using the instructions in this appendix, unless otherwise specified in the contract.

### **F-103 Use.**

(a) The DD Form 250 is a multipurpose report used—

(1) To provide evidence of Government contract quality assurance at origin or destination;

(2) To provide evidence of acceptance at origin or destination;

(3) For packing lists;

(4) For receiving;

(5) For shipping;

(6) As a contractor invoice; and

(7) As commercial invoice support.

(b) Do not use the DD Form 250 for shipments—

(1) By subcontractors, unless the subcontractor is shipping directly to the Government; or

(2) Of contract inventory.

(c) The contractor prepares the MIRR, except for entries that an authorized Government representative is required to complete. The contractor shall furnish sufficient copies of the completed form, as directed by the Government representative.

### Appendix F--Material Inspection and Receiving Report

---

(d) Use the DD Form 250-1—

(1) For bulk movements of petroleum products by tanker or barge to cover—

(i) Origin or destination acceptance of cargo; or

(ii) Shipment or receipt of Government owned products

(2) To send quality data to the point of acceptance in the case of origin inspection on FOB destination deliveries or preinspection at product source. Annotate the forms with the words “INSPECTED FOR QUALITY ONLY.”

#### **F-104 Application.**

(a) *DD Form 250.*

(1) Use the DD Form 250 for delivery of contract line, subline, exhibit line, or exhibit subline items. Do not use the DD Form 250 for those exhibit line or exhibit subline items on a DD Form 1423, Contract Data Requirements List, that indicate no DD Form 250 is required.

(2) If the shipped to, marked for, shipped from, mode of shipment, contract quality assurance and acceptance data are the same for more than one shipment made on the same day under the same contract, contractors may prepare one MIRR to cover all such shipments.

(3) If the volume of the shipment precludes the use of a single car, truck, or other vehicle, prepare a separate MIRR for the contents of each vehicle.

(4) When a shipment is consigned to an Air Force activity and the shipment includes items of more than one federal supply class (FSC) or material management code (MMC), prepare a separate DD Form 250 for items of each of the FSCs or MMCs in the shipment. However, the cognizant Government representative may authorize a single DD Form 250, listing each of the FSCs or MMCs included in the shipment on a separate continuation sheet. The MMC appears as a suffix to the national stock number applicable to the item.

(5) *Consolidation of Petroleum Shipments on a Single MIRR.*

(i) Contiguous United States. Contractors may consolidate multiple car or truck load shipments of petroleum made on the same day, to the same destination, against the same contract line item, on one MIRR. To permit verification of motor deliveries, assign each load a load number which can be identified to the shipment number in Block 2 of the DD Form 250. Include a shipping document (commercial or government) with each individual load showing as a minimum—

(A) The shipper;

(B) Shipping point;

(C) Consignee;

## Defense Federal Acquisition Regulation Supplement

### Appendix F--Material Inspection and Receiving Report

---

- (D) Contract and line item number;
- (E) Product identification;
- (F) Gross gallons (bulk only);
- (G) Loading temperature (bulk only);
- (H) American Petroleum Institute gravity (bulk only);
- (I) Identification of carrier's equipment;
- (J) Serial number of all seals applied; and
- (K) Signature of supplier's representative.

When acceptance is at destination, the receiving activity retains the shipping document(s) to verify the entries on the consignee copy of the DD Form 250 forwarded by the contractor (reference F-401, Table 1) before signing Block 21b.

(ii) Overseas. The same criteria as for contiguous United States applies, except the consolidation period may be extended, if acceptable to the receiving activity, shipping activity, Government finance office, and the authorized Government representative having cognizance at the contractor's facility. In addition, the contractor may include more than one contract line item in each DD Form 250 if the shipped to, marked for, shipped from, mode of shipment, contract quality assurance, and acceptance data are the same for all line items.

(6) *Consolidation of Coal Shipments on a Single MIRR*. Contractors may consolidate multiple railcar or truck shipments of coal made on the same day, to the same destination, against the same contract line items, on one MIRR. To permit verification of truck deliveries, assign each load a load number which can be identified to the shipment number in Block 2 of the DD Form 250 and the analytical test report. Include a commercial shipping document with each individual truck load showing as a minimum—

- (i) The shipper;
- (ii) The name or names;
- (iii) Location and shipping point of the mine or mines from which the coal originates;
- (iv) The contract number;
- (v) The exact size of the coal shipped; and
- (vi) A certified weighmaster's certification of weight for the truckload.

Include a waybill with each rail shipment showing the identical information. To permit verification of rail deliveries, identify each railcar number comprising the shipment to the shipment number in Block 2 of the DD Form 250 and the analytical test report.

When acceptance is at destination, the receiving activity must retain the shipping document(s) to verify the entries on the consignee copy of the DD Form 250.

(b) *DD Form 250-1.*

- (1) Use a separate form for each tanker or barge cargo loaded.
- (2) The contractor may report more than one barge in the same tow on a single form if on the same contract and consigned to the same destination.
- (3) When liftings involve more than one contract, prepare separate forms to cover the portion of cargo loaded on each contract.
- (4) Prepare a separate form for each product or grade of product loaded.
- (5) Use a separate document for each tanker or barge cargo and each grade of product discharged.
- (6) For discharge, the contractor may report more than one barge in the same tow on a single form if from the same loading source.

**F-303 Consolidated shipments.**

When individual shipments are held at the contractor's plant for authorized transportation consolidation to a single bill of lading, the contractor may prepare the DD Forms 250 at the time of CQA or acceptance prior to the time of actual shipment (see Block 3).

**F-304 Multiple consignee instructions.**

The contractor may prepare one MIRR when the identical line item(s) of a contract are to be shipped to more than one consignee, with the same or varying quantities, and the shipment requires origin acceptance. Prepare the MIRR using the procedures in this appendix with the following changes—

- (a) Blocks 2, 4, 13, and, if applicable, 14--Enter "See Attached Distribution List."
- (b) Block 15--The contractor may group item numbers for identical stock/part number and description.
- (c) Block 17--Enter the "total" quantity shipped by line item or, if applicable, grouped identical line items.
- (d) Use the DD Form 250c to list each individual "Shipped To" and "Marked For" with—
  - (1) Code(s) and complete shipping address and a sequential shipment number for each;
  - (2) Line item number(s);
  - (3) Quantity;
  - (4) MIPR number(s), preceded by "MIPR," or the MILSTRIP requisition number, and quantity for each when provided in the contract or shipping instructions; and
  - (5) If applicable, bill of lading number, TCN, and mode of shipment code.
- (e) The contractor may omit those distribution list pages of the DD Form 250c that are not applicable to the consignee. Provide a complete MIRR for all other distribution.

#### **F-305 Correction instructions.**

Make a new revised MIRR or correct the original when, because of errors or omissions, it is necessary to correct the MIRR after distribution has been made. Use data identical to that of the original MIRR. Do not correct MIRRs for Blocks 19 and 20 entries. Make the corrections as follows--

(a) Circle the error and place the corrected information in the same block; if space is limited, enter the corrected information in Block 16 referencing the error page and block. Enter omissions in Block 16 referencing omission page and block. For example—

2. SHIPMENT NO.	17. QUANTITY SHIP/REC'D
(AAA0001)	19
See Block 16	(17)

---

#### 16. STOCK/PART NO. DESCRIPTION

##### CORRECTIONS:

Refer Block 2: Change shipment No. AAA001 to AAA0010 on all pages of the MIRR.

Refer Blocks 15, 16, 17, and 18, page 2: Delete in entirety Line Item No. 0006. This item was not shipped.

(b) When corrections have been made to entries for line items (Block 15) or quantity (Block 17) enter the words "CORRECTIONS HAVE BEEN VERIFIED" on page 1. The authorized Government representative will date and sign immediately below the statement. This verification statement and signature are not required for other corrections.

(c) Clearly mark the pages of the MIRR requiring correction with the words "CORRECTED COPY." Avoid obliterating any other entries. Where corrections are made only on continuation sheets, also mark page number 1 with the words "CORRECTED COPY."

(d) Page 1 and only those continuation pages marked "CORRECTED COPY" shall be distributed to the initial distribution. A complete MIRR with corrections shall be distributed to new addressee(s) created by error corrections.

#### **F-306 Invoice instructions.**

(a) Contractors shall submit payment requests in electronic form, unless an exception in 232.7002 applies. Contractor submission of the material inspection and receiving information required by this appendix by using the Wide Area WorkFlow-Receipt and Acceptance electronic form (see paragraph (b)(1) of the clause at 252.232-7003) fulfills the requirement for an MIRR.

## Defense Federal Acquisition Regulation Supplement

### Appendix F--Material Inspection and Receiving Report

---

(b) If the contracting officer authorizes the contractor to submit an invoice in paper form, the Government encourages, but does not require, the contractor to use the MIRR as an invoice, in lieu of a commercial form. If commercial forms are used, identify the related MIRR shipment number(s) on the form. If using the MIRR as an invoice, prepare the MIRR and forward the required number of copies to the payment office as follows:

(1) Complete Blocks 5, 6, 19, and 20. Block 6 shall contain the invoice number and date. Column 20 shall be totaled.

(2) Mark in letters approximately one inch high, first copy: "ORIGINAL INVOICE," for all invoice submissions; and three copies: "INVOICE COPY," when the payment office requires four copies. Questions regarding the appropriate number of copies (i.e., one or four) should be directed to the applicable payment office.

(3) Forward the appropriate number of copies to the payment office (Block 12 address), except when acceptance is at destination and a Navy finance office will make payment, forward to destination.

(4) Be sure to separate the copies of the MIRR used as an invoice from the copies of the MIRR used as a receiving report.

#### **F-307 Packing list instructions.**

Contractors may use copies of the MIRR as a packing list. The packing list copies are in addition to the copies of the MIRR required for standard distribution (see F-401). Mark them "PACKING LIST."

#### **F-308 Receiving instructions.**

When the MIRR is used for receiving purposes, local directives shall prescribe procedures. If CQA and acceptance or acceptance of supplies is required upon arrival at destination, see F-301(b)(21)(v) for instructions.

**PART 4--DISTRIBUTION OF DD FORM 250 AND DD FORM 250C**

**F-401 Distribution.**

(a) The contractor is responsible for distributing the DD Form 250, including mailing and payment of postage.

(b) Contractors shall distribute MIRRs using the instructions in Tables 1 and 2.

(c) Contractors shall distribute MIRRs on non-DoD contracts using this appendix as amended by the contract.

(d) Contractors shall make distribution promptly, but no later than the close of business of the work day following—

(1) Signing of the DD Form 250 (Block 21a) by the authorized Government representative; or

(2) Shipment when authorized under terms of alternative release, certificate of conformance, or fast pay procedures; or

(3) Shipment when CQA and acceptance are to be performed at destination.

(e) Do not send the consignee copies (via mail) on overseas shipments to port of embarkation (POE). Send them to consignee at APO/FPO address.

(f) Copies of the MIRR forwarded to a location for more than one recipient shall clearly identify each recipient.
