

# beta.SAM.gov

## What's coming in FY19, Opportunities

Katherine Rollins, Product Manager

U.S. General Services  
Administration

# Strategic Themes

- Reducing barriers for doing business with the federal government
- Increasing data-driven decision making within the federal awards
- Increasing accountability in the award process
- Standardizing and optimizing core federal award processes
- Enforcing federal award data standards

# Data Driven Decision Making

## Centralized & Authoritative Source

Contract Data - 40 yrs.

Registered Entities

Integrity Information

Contractor Performance

Sub-Award Reporting

## Business Intelligence

Opportunities

Forecasting Data

Partnering

## Measure Accomplishments

Small Business Achievements

Competition Reports

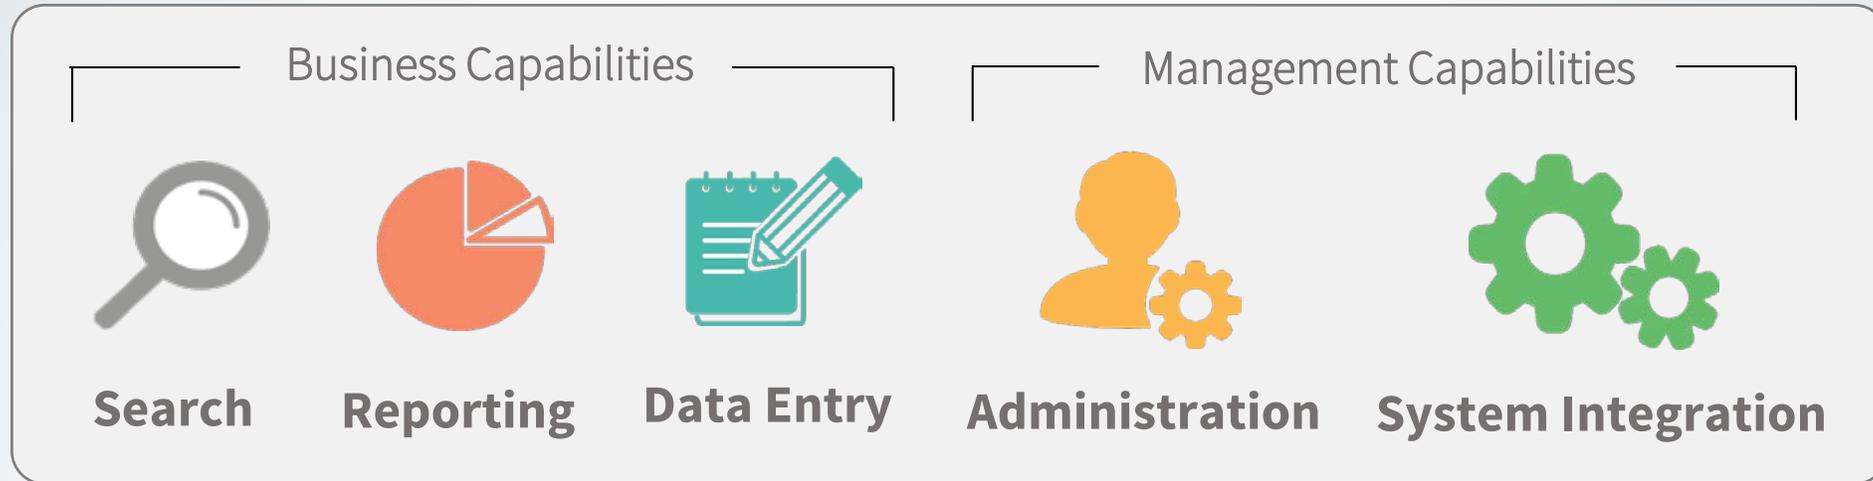

Trade Agreement Reports

Contracting Compliance

# MODERNIZATION OVERVIEW

One website for people who make, receive, and manage federal awards

Across all these data sets

**DoD Procure-to-Pay (P2P) Training Symposium**

beta.SAM.gov | For People Who Make, Receive, and Manage Federal Awards

# User Outreach & Engagement

- Quarterly industry days since Dec 2013
- Online community since Dec 2013
- Quarterly newsletter since Summer 2014
- Focus groups with 900+ federal and industry users
- Alpha testing with 500+ federal users since Dec 2016
- Beta testing started Fall 2017
- Direct feedback from the app

# BETA.SAM.GOV

beta.SAM.gov launched in Q4 FY17 and will coexist with SAM.gov

Current operational systems will run in parallel to the beta site and **will remain the authoritative sources** until they are decommissioned

beta.SAM.gov to eventually become SAM.gov

## DoD Procure-to-Pay (P2P) Training Symposium

beta.SAM.gov | For People Who Make, Receive, and Manage Federal Awards

# beta.SAM.gov Highlights

- A single web application that requires a single user account
- A single, more accurate search across all of our award data sets
- A single, role-driven workspace to track all of **YOUR** award data
- A single reports center for accessing federal award analytics

Assistance Listings  
Contract Opportunities  
Contract Data  
Entity Registrations  
Entity Exclusions  
Wage Determinations  
Federal Hierarchy  
Sub Award Reports  
Past Performance

# beta.SAM.gov Highlights

- Search-driven online library of federal award articles, videos, FAQs and glossary terms
- Consolidated and consistent administration of user accounts and roles
- Significant improvements to entity role management including more roles, a top level administrator, and more control over access for an entity

Past Performance

# Current Status of Transition

- You can search and view Wage Determinations and Assistance Listings on beta.SAM.gov today
- Primary functionality is being tested on alpha.SAM.gov
- Minor enhancements based on alpha tester feedback ongoing
- Subscriptions will not be migrating

- You can search and view opportunities on beta.SAM.gov today
- Opportunities primary functionality to begin testing on alpha.sam.gov April/May
- FBO.gov will be transitioning to beta.SAM.gov in early FY19
- You will be able to migrate your existing role

- You can search and view public entity registration and exclusion data on beta.SAM.gov today
- In FY19 we will begin migrating SAM data entry features to beta.SAM.gov
- Once SAM.gov has migrated, beta.SAM.gov will become SAM.gov

# Current Status of Transition

- You can search and view contract data on beta.SAM.gov today
- In FY19 we will be migrating FPDS to beta.SAM.gov
- A new reports module and Award API are being built
  - Standard Reports Alpha testing starts this quarter for SME's

- The legacy CPARS and FAPIIS sites should continue to be utilized until further notice
- Eventually, past performance information will be integrated into the new entity profile and data entry workspace on SAM.gov

- The legacy FSRS and eSRS should continue to be used until further notice
- Eventually, required entity reporting will be migrated to SAM.gov and integrated into the new entity profile and data entry workspace on SAM.gov

Search

## Welcome

This will be the official U.S. government website for people who make, receive, and manage federal awards.

## What Can I Do Here?

### Federal Assistance

#### Assistance Listings (CFDA)

This site has officially replaced CFDA.gov.

- [Learn More](#)
- [Search Assistance Listings](#)

Federal users should create a user account, migrate their roles from CFDA, and officially manage their listings here.

Entity and public users may search for assistance listings, create a user

# Getting Ready for the Migration

- To get a role, you will create a new account on beta.SAM.gov (You can do this now!)
- There are 3 ways to get a role
  - You may migrate a role from a legacy system
    - You will need your legacy system username and password for each system you migrate
    - Make sure your legacy password for each system is up-to-date
  - Some (typically non-administrative) roles may be requested
    - For a small number of cases users with sub-tier or office is not active in the modernized federal hierarchy, will need to request a new role
  - You may be assigned a role
- Role management and permissions for industry are still under development

# Key System Interface Changes

- Interfacing systems will need to re-register on beta.SAM.gov and connect to new endpoints
  - Access requirements will be standardized for all domains and services
- beta.SAM.gov utilizes REST APIs that can be accessed by users externally to conduct transactions throughout the application
  - First round of Alpha testing is expected to start next quarter
- Data is being made available via both APIs, user generated extracts, and full data set extracts
  - First round of Alpha testing starts this month
- Legacy interface services such as SOAP services will be phased out
- Legacy interface services with submitting through FTP and email services will be transitioned out at time of decommissioning

# Where to go for help

- The beta.SAM.gov Help Center will be your number one source for help and information
- The Help Center will provide a collection of short training videos, FAQs, and a glossary
- The content will be searchable so you will be able to type in “How do I submit a contract opportunity” and the search will return a short video that you can watch demonstrating the submittal process as well as an FAQ with the text version of the process
