Press Release
March 2011

Defense Logistics Information Service's Central Contractor Registration Team

A Special Achievement award was presented to the Defense Logistics Agency's Logistic Information Service for its close to 15 years of outstanding support in operating the Central Contractor Registration (CCR) system on behalf of the Department of Defense and the federal government.

The DLA team's leadership enabled the establishment of the CCR in the mid-1990's as the single, on-line location for potential contractors to register with the Department of Defense in order to do business and satisfy the requirements of the Debt Collections Act of 1996. In 2001 their support was critical as CCR was expanded to the federal-wide contracting community.

Today, with over 615K active registrants, CCR supports not only the procurement community, but the federal-wide grants and assistance community as well as federal government implements the requirements of the Federal Funding Accountability and Transparency Act of 2006 and other initiatives. As the federal government prepares to migrate the CCR system into a new consolidated platform in 2012, Defense Procurement & Acquisition Policy thanks the DLA team on behalf of the entire Department for its dedication and years of support.

Team members include Thresa Brady, Chris Sorrell, Jill Carr, Becky Hughes, Angie Kreger, Mary Nigg, Yvonne Hartwell, Kay Wallace, and MaryLee Harris.

***“In recognition of your special achievement and years of
dedicated services.”***
