MEMORANDUM FOR SECRETARIES OF THE MILITARY DEPARTMENTS
(ATTN: ACQUISITION EXECUTIVES)
DIRECTORS OF THE DEFENSE AGENCIES

SUBJECT: Proper Use of Award Fee Contracts and Award Fee Provisions

Over the past several years there has been an increased use of cost-plus-award-fee contracts and award fee provisions, particularly for development efforts and low rate initial production (LRIP) efforts. The purpose of this memorandum is to state the Department's policy with regard to the proper use of award fee contracts and award fee provisions.

FAR 16.104 requires that we take into account a number of factors when selecting the proper contract type. Among them are: price competition, price analysis, cost analysis, type and complexity of requirement, urgency of requirement, period of performance or length of production run, the Contractor's technical capability and financial responsibility, the adequacy of the contractor's accounting system, concurrent contracts, and the extent and nature of proposed subcontracting and acquisition history.

In particular, with regard to the use of award fee contracts, FAR 16.405-2 (b)(1)(i) states that: "The cost-plus-award-fee contract is suitable for use when – (i) The work to be performed is such that it is neither feasible nor effective to devise predetermined objective incentive targets applicable to cost, technical performance or schedule."

The fact is that most, if not all, of our development and LRIP contracts contain numerous objective criteria. For a variety of reasons, expediency being among the most prevalent, over the past several years we have chosen not to construct contracts that appropriately contain the means to measure objective and subjective criteria.

It is the policy of the Department that objective criteria will be utilized, whenever possible, to measure contract performance. In those instances where objective criteria exist, and the Contracting Officer and Program Manager wish to also evaluate and incentivize subjective elements of performance, the most appropriate contract type would be a multiple incentive type contract containing both incentive and award fee criteria (e.g., cost-plus-incentive/award fee, fixed-price-incentive/award fee) or a fixed price/award fee contract.

If it is determined that objective criteria do not exist and that it is appropriate to use a cost-plus-award fee (CPAF) contract, then the Head of the Contracting Activity (HCA) must sign a determination and finding (D&F) that “the work to be performed is such that it is neither feasible nor effective to devise predetermined objective incentive targets applicable to cost, technical performance or schedule.” The HCA may delegate this approval authority, within the contracting chain, no lower than one level below the HCA.

The following shall apply to all award fee provisions:

Award fee may be earned in accordance with the following:

<u>Rating</u>	<u>Award Fee Pool Earned</u>
Unsatisfactory	0%
Satisfactory	No Greater Than 50%

Contracting Officers are required, together with the Program Manager, to determine the basic contract requirements that will be specified in the contract. In consultation with the Program Manager and the Fee Determining Official, the Contracting Officer shall derive the award fee criteria to be included in the Award Fee Plan among the trade space of various technical/programmatic, cost and schedule contract objectives.

The policies included in this memo are effective for all solicitations issued commencing on 1 August 2007, and will be incorporated into the DFARS or DFARS Procedures, Guidance and Information, as appropriate.

For ACAT I programs, copies of all D&Fs shall be provided to the Director, Defense Procurement and Acquisition Policy, within 30 days of the end of the quarter, beginning with the quarter ending September 30, 2007. Senior Procurement Executives of the Military Departments and Other Defense Agencies shall be responsible for establishing the level of reporting for non-ACAT I contracts within their organizations.
