(PROCUREMENT)
DEPUTY ASSISTANT SECRETARY OF THE AIR FORCE
(CONTRACTING)
DEFENSE AGENCY AND DOD FIELD ACTIVITY DIRECTORS

SUBJECT: Defense Federal Acquisition Regulation Supplement Clause 252.245-7005,
“Management and Reporting of Government Property”

Reference: Defense Pricing and Contracting memorandum “Compliance with Government
Property Clauses and Use of the Government Furnished Property Module,” dated
September 6, 2023

As previewed in my reference memorandum, we published Defense Federal Acquisition
Regulation Supplement (DFARS) rule 2020-D029, “Consolidation of DoD Government Property
Clauses,” as a final rule on December 22, 2023, with an effective date of January 22, 2024. This
final rule consolidated four of the five previous DFARS property clauses (DFARS 252.245-
7001, 252.245-7002, 252.245-7004, and 252.211-7007), into a single new clause: DFARS
252.245-7005, “Management and Reporting of Government Property,” which clarifies and
streamlines contractor requirements for managing and reporting government property and
establishes a specific timeframe of seven days to do so following a causal event.

The new DFARS clause includes explicit requirements for use of the Government
Furnished Property (GFP) Module in the Procurement Integrated Enterprise Environment (PIEE)
(<https://piee.eb.mil>). The GFP Module consolidates GFP management into a single automated
platform that enables data reuse throughout the property’s lifecycle. This new policy is the
culmination of years of effort developing standardized capabilities within the PIEE GFP Module,
enabling the retirement of multiple legacy systems, and will be an enabling factor in achieving
the Department’s Financial Improvement and Audit Remediation priorities.

I am requesting that the Defense Contract Management Agency, and other contract
management organizations, evaluate use of facility-wide class modifications to incorporate
DFARS clause 252.245-7005 into existing contracts under the Single Process Initiative (per
DFARS subpart 242.302-S-70). Communicating the more streamlined reporting requirements to

the centralized GFP Module in PIEE to our contractors is critical to their understanding of their responsibilities and the current Department of Defense (DoD) system used for these processes.

Defense Pricing & Contracting (DPC) will continue to promote adherence to the proper inclusion of required property clauses in new contract awards with the quarterly scorecards posted on the DPC website at <https://www.acq.osd.mil/asda/dpc/ce/cap/contract-scorecards.html>. The scorecards will be modified to reflect the elimination of DFARS clauses 252.245-7001, 252.245-7002, 252.245-7004, and 252.211-7007; and the addition of DFARS clause 252.245-7005. The DoD Clause Logic Service, supporting DoD's new contract writing capabilities, has been updated to include the new clause. Please ensure any agency-specific contract writing capabilities are also updated as soon as possible.

For more information about GFP requirements and the GFP Module, see the policies available at the DPC website (<https://www.acq.osd.mil/asda/dpc/ce/gfp/index.html>) and information and training posted on the DoD Procurement Toolbox (<https://dodprocurementtoolbox.com/site-pages/general-gfpinformation>). The Toolbox also includes training opportunities on the use of the GFP Module, planned system enhancements, and information on how the GFP Module can share real time property data with financial systems. My point of contact is Ms. Carol Brown, who can be reached at osd.pentagon.ousd-a-s.mbx.dpc-cb@mail.mil or 703-697-4373.
