SUBJECT: Department of Defense Warranty Guide, Version 2.0

Version 1.0 of the Department of Defense (DoD) Warranty Guide was developed by a warranty working group consisting of functional experts in warranty management within each component and/or service. It was established and led by the office now known as Defense Pricing and Contracting, Contracting eBusiness; and published in October 2009.

The warranty working group was reconstituted in 2018 and has updated the guide to be consistent with current business practices. Version 2 of this guide is now available at <https://www.acq.osd.mil/dpap/pdi/index.html>. This guide should continue to be used by program managers, project officers, logistics managers, contracting officers, and others within DoD responsible for warranty development and implementation.

Please direct any question regarding this matter to Ms. Mae Bartley at 703-697-4420 or mae.k.bartley.civ@mail.mil.
