SUBJECT: Joint Appointment Module and Surveillance Performing Monitoring Module
Contracting Officer's Representative Compliance Report

I am pleased to announce the deployment of the Joint Appointment Module (JAM) and Surveillance Performing Monitoring (SPM) Module Contracting Officer's Representative (COR) Compliance Report. The report provides each Service and Defense Agency with a list of contract actions in JAM and the SPM Module that may require a COR; it indicates whether a COR was appointed, waived, or exempted, in accordance with Defense Federal Acquisition Regulation Supplement clause 252.201-7000.

The COR Compliance Report establishes the initial COR compliance baseline rate for each of the Services and Defense Agencies, their major commands, subcommands, and individual contracting offices from initial deployment to present day, and their use of the JAM and SPM Modules for all COR appointments. The COR Compliance rates for each Service and Defense agency are posted at <https://www.acq.osd.mil/asda/dpc/ce/cap/jam-spm-tool.html> and will be updated on a monthly basis.

The COR Compliance Report can be accessed through the Procurement Integrated Enterprise Environment (PIEE) portal at <https://piee.eb.mil>, in the Electronic Data Access (EDA) reports section. Future enhancements will allow each agency to view COR Compliance Rates on a monthly, quarterly, or fiscal year basis. As we continue to make improvements to our Department of Defense systems, one of our major focus areas is reporting complete and accurate data across the Department. This report starts us on the path towards reaching this goal.

My points of contact are Mr. Ryan Dondero and Ms. Mae Bartley in the office of Defense Pricing and Contracting, Contracting eBusiness at osd.pentagon.ousd-a-s.mbx.dpc-cb@mail.mil.
