SUBJECT: Class Deviation—United States-Mexico-Canada Agreement

Effective January 1, 2022, this class deviation revises and supersedes the class deviation issued on August 14, 2020. The revision is necessary to update the trade agreements thresholds as published by the U.S. Trade Representative in the *Federal Register*, to be effective January 1, 2022. The thresholds are subject to revision every two years, according to predetermined formulae established under the agreements to account for changes in economic conditions.

This class deviation implements the United States-Mexico-Canada Agreement (USMCA), as enacted by Congress in the United States-Mexico-Canada Agreement Implementation Act (Pub. L. 116-113). The USMCA supersedes the North American Free Trade Agreement (NAFTA). Chapter 13 of the USMCA (government procurement) applies only to the United States and Mexico; as a result, Canada is no longer a Free Trade Agreement country.

Contracting officers shall comply with the following deviations from the Federal Acquisition Regulation (FAR) and the Defense Federal Acquisition Regulation Supplement (DFARS) that implement the USMCA:

- References in the FAR and DFARS to NAFTA and 19 U.S.C. 3301 note are replaced by references to the USMCA and 19 U.S.C. chapter 29 (sections 4501-4732), respectively.
- “Canada” is removed from all listings of Free Trade Agreement countries in the FAR and DFARS, to include Table 1 at FAR 25.402(b), where Canada’s unique threshold of \$25,000 is no longer applicable.

Contracting officers shall use the provisions and clauses in attachments 1 through 7 of this deviation, as prescribed in the attachments, in lieu of the following FAR and DFARS provisions and clauses:

- FAR 52.222-19, Child Labor—Cooperation with Authorities and Remedies (attachment 1).
- FAR 52.225-11, Buy American—Construction Materials Under Trade Agreements (Basic and Alternate I) (attachment 2).
- DFARS 252.225-7013, Duty-Free Entry (attachment 3).
- DFARS 252.225-7017, Photovoltaic Devices, and DFARS 252.225-7018, Photovoltaic Devices—Certificate (attachment 4).
- DFARS 252.225-7021, Trade Agreements (Basic and Alternate II) (attachment 5).
- DFARS 252.225-7035, Buy American—Free Trade Agreements—Balance of Payments Program Certificate (Basic and Alternates II, IV, and V), and DFARS 252.225-7036, Buy American—Free Trade Agreements—Balance of Payments Program (Basic and Alternates II, IV, and V) (attachment 6).
- DFARS 252.225-7045, Balance of Payments Program—Construction Material Under Trade Agreements (Basic and Alternates I, II, and III) (attachment 7).

Contracting officers shall not use the following clauses:

- DFARS 252.225-7035, Buy American—Free Trade Agreements—Balance of Payments Program Certificate—Alternates I and III.
- DFARS 252.225-7036, Buy American—Free Trade Agreements—Balance of Payments Program—Alternates I and III.

In lieu of the threshold at FAR 22.1503(b)(1), the requirements of FAR subpart 22.15 that result from the appearance of any end product on the List of Products Requiring Contractor Certification as to Forced or Indentured Child Labor (www.dol.gov/ilab/) do not apply to a solicitation or contract if the identified country of origin on the List is Canada, and the anticipated value of the acquisition is \$183,000 or more.

The requirements of FAR 27.204-1, Patented Technology under the North American Free Trade Agreement, and the associated emergency acquisition flexibility at FAR 18.120 are no longer applicable or authorized. Contracting officers are advised to consult with legal counsel when questions arise with regard to the use of patented technology under the USMCA.

This class deviation remains in effect until incorporated in the FAR and DFARS or otherwise rescinded. My point of contact is Mr. Greg Snyder, who is available by email at gregory.d.snyder.civ@mail.mil.

**52.222-19 Child Labor—Cooperation with Authorities and Remedies.
(DEVIATION 2020-O0019)**

Use the following clause in all solicitations and contracts for the acquisition of supplies that are expected to exceed the micro-purchase threshold.

- When using the clause at FAR 52.212-5, Contract Terms and Conditions Required To Implement Statutes or Executive Orders—Commercial Items, as prescribed in 12.301(b)(4), in lieu of checking the box at paragraph (b)(28) to indicate that FAR clause 52.222-19, Child Labor—Cooperation with Authorities and Remedies, is applicable to the contract and incorporated by reference, insert the following clause in full text.
- When using the clause at FAR 52.213-4, Terms and Conditions—Simplified Acquisitions (Other than Commercial Items), as prescribed in 13.302-5(d), in lieu of incorporating by reference when applicable the clause at paragraph (b)(1)(ii), 52.222-19, Child Labor—Cooperation with Authorities and Remedies, insert the following clause in full text in contracts for supplies exceeding the micro-purchase threshold.

**CHILD LABOR—COOPERATION WITH AUTHORITIES AND REMEDIES
(DEVIATION 2020-O0019) (JAN 2022)**

(a) *Applicability.* This clause does not apply to the extent that the Contractor is supplying end products mined, produced, or manufactured in—

(b) *Cooperation with Authorities.* To enforce the laws prohibiting the manufacture or importation of products mined, produced, or manufactured by forced or indentured child labor, authorized officials may need to conduct investigations to determine whether forced or indentured child labor was used to mine, produce, or manufacture any product furnished under this contract. If the solicitation includes the provision 52.222-18, Certification Regarding Knowledge of Child Labor for Listed End Products, or the equivalent at 52.212-3(i), the Contractor agrees to cooperate fully with authorized officials of the contracting agency, the Department of the Treasury, or the Department of Justice by providing reasonable access to

records, documents, persons, or premises upon reasonable request by the authorized officials.

(c) *Violations.* The Government may impose remedies set forth in paragraph (d) for the following violations:

(1) The Contractor has submitted a false certification regarding knowledge of the use of forced or indentured child labor for listed end products.

(2) The Contractor has failed to cooperate, if required, in accordance with paragraph (b) of this clause, with an investigation of the use of forced or indentured child labor by an Inspector General, Attorney General, or the Secretary of the Treasury.

(3) The Contractor uses forced or indentured child labor in its mining, production, or manufacturing processes.

(4) The Contractor has furnished under the contract end products or components that have been mined, produced, or manufactured wholly or in part by forced or indentured child labor. (The Government will not pursue remedies at paragraph (d)(2) or paragraph (d)(3) of this clause unless sufficient evidence indicates that the Contractor knew of the violation.)

(1) The Contracting Officer may terminate the contract.

(2) The suspending official may suspend the Contractor in accordance with procedures in FAR Subpart 9.4.

(3) The debarring official may debar the Contractor for a period not to exceed 3 years in accordance with the procedures in FAR Subpart 9.4.

As prescribed in 25.1102(c), insert the following clause:

**BUY AMERICAN—CONSTRUCTION MATERIALS UNDER TRADE AGREEMENTS
(DEVIATION 2020-O0019) (JUL 2020)**

(a) *Definitions.* As used in this clause—

Caribbean Basin country construction material means a construction material that—

(1) Is wholly the growth, product, or manufacture of a Caribbean Basin country; or

(2) In the case of a construction material that consists in whole or in part of materials from another country, has been substantially transformed in a Caribbean Basin country into a new and different construction material distinct from the materials from which it was transformed.

Commercially available off-the-shelf (COTS) item—

(1) Means any item of supply (including construction material) that is—

(i) A commercial item (as defined in paragraph (1) of the definition at FAR 2.101);

(ii) Sold in substantial quantities in the commercial marketplace; and

(iii) Offered to the Government, under a contract or subcontract at any tier, without modification, in the same form in which it is sold in the commercial marketplace; and

(2) Does not include bulk cargo, as defined in 46 U.S.C. 40102(4), such as agricultural products and petroleum products.

from articles, materials, or supplies. However, emergency life safety systems, such as emergency lighting, fire alarm, and audio evacuation systems, that are discrete systems incorporated into a public building or work and that are produced as complete systems, are evaluated as a single and distinct construction material regardless of when or how the individual parts or components of those systems are delivered to the construction site. Materials purchased directly by the Government are supplies, not construction material.

Cost of components means—

(1) For components purchased by the Contractor, the acquisition cost, including transportation costs to the place of incorporation into the construction material (whether or not such costs are paid to a domestic firm), and any applicable duty (whether or not a duty-free entry certificate is issued); or

(2) For components manufactured by the Contractor, all costs associated with the manufacture of the component, including transportation costs as described in paragraph (1) of this definition, plus allocable overhead costs, but excluding profit. Cost of components does not include any costs associated with the manufacture of the construction material.

(4) A Caribbean Basin country (Antigua and Barbuda, Aruba, Bahamas, Barbados, Belize, Bonaire, British Virgin Islands, Curacao, Dominica, Grenada, Guyana, Haiti, Jamaica, Montserrat, Saba, St. Kitts and Nevis, St. Lucia, St. Vincent and the Grenadines, Sint Eustatius, Sint Maarten, or Trinidad and Tobago).

Designated country construction material means a construction material that is a WTO GPA country construction material, an FTA country construction material, a least developed country construction material, or a Caribbean Basin country construction material.

Domestic construction material means—

(1) An unmanufactured construction material mined or produced in the United States;

(2) A construction material manufactured in the United States, if—

(i) The cost of its components mined, produced, or manufactured in the United States exceeds 50 percent of the cost of all its components. Components of foreign origin of the same class or kind for which nonavailability determinations have been made are treated as domestic; or

(ii) The construction material is a COTS item.

Foreign construction material means a construction material other than a domestic construction material.

Free Trade Agreement country construction material means a construction material that—

(1) Is wholly the growth, product, or manufacture of a Free Trade Agreement (FTA) country; or

(2) In the case of a construction material that consists in whole or in part of materials from another country, has been substantially transformed in a FTA country into a new and different construction material distinct from the materials from which it was transformed.

Changes to the text are indicated by a change bar in the right-hand margin.

Least developed country construction material means a construction material that—

(1) Is wholly the growth, product, or manufacture of a least developed country; or

(2) In the case of a construction material that consists in whole or in part of materials from another country, has been substantially transformed in a least developed country into a new and different construction material distinct from the materials from which it was transformed.

United States means the 50 States, the District of Columbia, and outlying areas.

WTO GPA country construction material means a construction material that—

(1) Is wholly the growth, product, or manufacture of a WTO GPA country; or

(2) In the case of a construction material that consists in whole or in part of materials from another country, has been substantially transformed in a WTO GPA country into a new and different construction material distinct from the materials from which it was transformed.

(b) *Construction materials.*

(1) This clause implements 41 U.S.C. chapter 83, Buy American, by providing a preference for domestic construction material. In accordance with 41 U.S.C. 1907, the component test of the Buy American statute is waived for construction material that is a COTS item. (See FAR 12.505(a)(2)). In addition, the Contracting Officer has determined that the WTO GPA and Free Trade Agreements (FTAs) apply to this acquisition. Therefore, the Buy American restrictions are waived for designated country construction materials.

(2) The Contractor shall use only domestic or designated country construction material in performing this contract, except as provided in paragraphs (b)(3) and (b)(4) of this clause.

(3) The requirement in paragraph (b)(2) of this clause does not apply to information technology that is a commercial item or to the construction materials or components listed by the Government as follows:

[Contracting Officer is to list applicable excepted materials or indicate “none”]

Changes to the text are indicated by a change bar in the right-hand margin.

(4) The Contracting Officer may add other foreign construction material to the list in paragraph (b)(3) of this clause if the Government determines that—

(i) The cost of domestic construction material would be unreasonable. The cost of a particular domestic construction material subject to the restrictions of the Buy American statute is unreasonable when the cost of such material exceeds the cost of foreign material by more than 6 percent;

(ii) The application of the restriction of the Buy American statute to a particular construction material would be impracticable or inconsistent with the public interest; or

(iii) The construction material is not mined, produced, or manufactured in the United States in sufficient and reasonably available commercial quantities of a satisfactory quality.

(c) Request for determination of inapplicability of the Buy American statute.

(1)(i) Any Contractor request to use foreign construction material in accordance with paragraph (b)(4) of this clause shall include adequate information for Government evaluation of the request, including—

(A) A description of the foreign and domestic construction materials;

(B) Unit of measure;

(C) Quantity;

(D) Price;

(E) Time of delivery or availability;

(F) Location of the construction project;

(G) Name and address of the proposed supplier; and

(H) A detailed justification of the reason for use of foreign construction materials cited in accordance with paragraph (b)(3) of this clause.

(ii) A request based on unreasonable cost shall include a reasonable survey of the market and a completed price comparison table in the format in paragraph (d) of this clause.

Changes to the text are indicated by a change bar in the right-hand margin.

(iii) The price of construction material shall include all delivery costs to the construction site and any applicable duty (whether or not a duty-free certificate may be issued).

(iv) Any Contractor request for a determination submitted after contract award shall explain why the Contractor could not reasonably foresee the need for such determination and could not have requested the determination before contract award. If the Contractor does not submit a satisfactory explanation, the Contracting Officer need not make a determination.

(2) If the Government determines after contract award that an exception to the Buy American statute applies and the Contracting Officer and the Contractor negotiate adequate consideration, the Contracting Officer will modify the contract to allow use of the foreign construction material. However, when the basis for the exception is the unreasonable price of a domestic construction material, adequate consideration is not less than the differential established in paragraph (b)(4)(i) of this clause.

(3) Unless the Government determines that an exception to the Buy American statute applies, use of foreign construction material is noncompliant with the Buy American statute.

(d) *Data.* To permit evaluation of requests under paragraph (c) of this clause based on unreasonable cost, the Contractor shall include the following information and any applicable supporting data based on the survey of suppliers:

FOREIGN AND DOMESTIC CONSTRUCTION MATERIALS PRICE COMPARISON

Construction material description	Unit of measure	Quantity	Price (dollars)¹
Item 1:			
Foreign construction material			
Domestic construction material			
Item 2:			
Foreign construction material			
Domestic construction material			

Changes to the text are indicated by a change bar in the right-hand margin.

¹Include all delivery costs to the construction site and any applicable duty (whether or not a duty-free entry certificate is issued).

List name, address, telephone number, and contact for suppliers surveyed. Attach copy of response; if oral, attach summary.

Include other applicable supporting information.

(End of clause)

Alternate I (DEVIATION 2020-O0019) (JUL 2020). As prescribed in 25.1102(c)(3), add the following definition of “Bahrainian, Mexican, or Omani construction material” to paragraph (a) of the basic clause, and substitute the following paragraphs (b)(1) and (b)(2) for paragraphs (b)(1) and (b)(2) of the basic clause:

Bahrainian, Mexican, or Omani construction material means a construction material that—

(1) Is wholly the growth, product, or manufacture of Bahrain, Mexico, or Oman; or

(2) In the case of a construction material that consists in whole or in part of materials from another country, has been substantially transformed in Bahrain, Mexico, or Oman into a new and different construction material distinct from the materials from which it was transformed.

(b) *Construction materials.* (1) This clause implements 41 U.S.C. chapter 83, Buy American, by providing a preference for domestic construction material. In accordance with 41 U.S.C. 1907, the component test of the Buy American statute is waived for construction material that is a COTS item. (See FAR 12.505(a)(2)). In addition, the Contracting Officer has determined that the WTO GPA and all the Free Trade Agreements except the Bahrain FTA, United States-Mexico-Canada Agreement, and the Oman FTA apply to this acquisition. Therefore, the Buy American statute restrictions are waived for designated country construction materials other than Bahrainian, Mexican, or Omani construction materials.

(2) The Contractor shall use only domestic or designated country construction material other than Bahrainian, Mexican, or Omani construction material in performing this contract, except as provided in paragraphs (b)(3) and (b)(4) of this clause.
