(CONTRACTING)
DIRECTORS OF THE DEFENSE AGENCIES
DIRECTORS OF THE DOD FIELD ACTIVITIES

SUBJECT: Service and Construction Labor Information Webpage Announcement

This memorandum is to notify you of a new web page focused on the application of labor laws in government acquisitions, FAR Part 22. The webpage is located at http://www.acq.osd.mil/dpap/cpic/cp/labor_information.html. Labor in both services and construction contracts can be a significant cost driver and may provide both cost and performance risks. Contract labor costs should be considered, planned for and addressed at acquisition strategy planning and into the award and administration phases of Department contracts. Understanding the impact, for example, of minimum wage and fringe benefit increases as a result of updated Department of Labor area wage determinations and/or collective bargaining agreement renegotiation can be critical to managing risk and cost.

This web page provides a variety of labor related information, targeted resources, training material and direct contact information for agency Labor Advisors.

Any questions or comments on the new site may be directed to my action officer, Emily Clarke at emily.clarke@osd.mil or 703-697-9351 or DSN 227-9351.

Richard Ginman
Director, Defense Procurement
and Acquisition Policy
