

★ Only Brookville Gate is open for vehicle access onto Forest Glen

[Google Maps Directions](#)

For all visitors to the Armed Forces Pest Management Board office, please be aware of the parking restrictions on this post. You will have only FOUR areas on post where you can park. In two of those areas, you will be walking a long distance to get to Bldg 172.

The areas where you can park are in Blue:

- The 12 parallel parking slots along the curb that runs north of the entrance for Bldg 172's parking lot.
- The first five parking rows in the corner of the Commissary parking lot closest to Bldg 172.
- The parking area behind the U.S. Army Garrison Forest Glen Gym, Bldg 154. Long walk to AFPMB.
- The large parking area immediately west of the Walter Reed Army Institute of Research. Parking could be limited there. Do not park in reserved or designated parking slots. You will then need to walk to Bldg 172.

DO NOT park in any area indicated in RED on the map and labeled with the words, "NO PARKING."
DO NOT park in the Child Development Center's parking lot. It is designated for the Center.
DO NOT park in Bldg 172's parking lot. It is designated for the permanent staff members of Bldgs 172 and 172A.
DO try to arrive early to increase your chances of getting a parking space close to Bldg 172.
DO consider carpooling with fellow attendees to the Board meetings during the week.
If you have any questions, please contact our office at DSN 295-7476, Commercial (301) 295-7476.
