SUBJECT: Approval of the 2019 DoD-Allied Nations Technical Corrosion Conference

The Under Secretary of Defense for Acquisition and Sustainment has approved the 2019 DoD-Allied Nations Technical Corrosion Conference consistent with the Deputy Chief Management Officer’s DoD Conference Guidance, Version 4.0, issued June 26, 2016. While the Military Services or Commands may choose to place additional controls on attending, this approval covers attendance for all DoD participants. The conference serves as the primary integration activity amongst the greater DoD corrosion constituency, and I encourage your fullest support.

The theme of this year’s conference is Corrosion Prevention and Control: The Intersection between People and Technology. The 2019 conference will be held at the Cox Convention Center in Oklahoma City, Oklahoma, August 12-15, 2019. Our comprehensive technical program is structured to align with the goals of the National Defense Strategy.
