Subject: RCM WIPT NEWS - 08 JUNE 2006
Attachments: Draft RCM DoDI 06June.doc; RCM Comm Plan May 2006.doc

All,

Attached are 2 documents for your action. Feedback is requested to both Yvonne and me at your earliest convenience.

First, an edited version of the draft DoDI that includes;

1. Inputs from Lyle Muncy that expanded the 7 RCM steps inserted in the Procedures section.
2. A new Enclosure (1) made up of Lyle's full input. (pages 6 & 7)
3. Format and style modifications to conform to DoD 5025.1-M (bullets to numbers, etc).
4. Inputs emailed from Jan Jedrych during the last WIPT. (pages 8 - 10)
5. Additional policy wording & options developed from another draft DoDI for your consideration. (pages 11 & 12)

Please provide your additions, deletions, & revisions by 21 June.

Second, the RCM Communications Plan needs inputs from all the Services - it has a uniquely-Marine flavor for now. In an attempt to provide a more consolidated input, POCs were selected (without asking their permission) to collect inputs for their Service:

1. Army - Jan Jedrych & Doug Felker
2. Navy - Phil Hans & Sean Olin
3. Air Force - Maryann Kaczmarek
4. Marine Corps - Yvonne Romero

POCs, please provide inputs by 21 June. The POCs may reassign/ignore coordination duties, but some screening would be appropriate & helpful. Many thanks.

Read-aheads and agenda will be distributed by 23 June. Please review the addressees above to ensure all primary RCM WIPT members are included. Forward as necessary to others.

The next WIPT is scheduled for Tuesday 27 June at LMI (Room 8004) from 0800-1600. Conference call capability will be available.

Please advise if there are any administrative, procedural, or other issues that will make it the WIPT more effective.

Call with questions.

Vr,

Dave
